Madmen And The Bourgeoisie A Social History Of Insanity And Psychiatry

National Library of Medicine (U.S.)

Madmen And The Bourgeoisie A Social History Of Insanity And Psychiatry:

Madmen and the Bourgeoisie, 1981 The Marriage of Minds Rachel Ablow, 2007 *The Marriage of Minds* examines the implications of the common Victorian claim that novel reading can achieve the psychic ethical and affective benefits also commonly associated with sympathy in married life Through close readings of canonical texts in relation to the histories of sympathy marriage and reading *The Marriage of Minds* begins to fill a long standing gap between eighteenth century philosophical notions of sympathy and twentieth century psychoanalytic concepts of identification It examines the wide variety of ways in which novels were understood to educate or reform readers in the mid nineteenth century Finally it demonstrates how both the form of the Victorian novel and the experience supposed to result from that form were implicated in ongoing debates about the nature purpose and law of marriage **Madmen and the Bourgeoisie** Klaus

Dörner, 1977-01-01 A History of Madness in Sixteenth-Century Germany H. C. Erik Midelfort, 1999 This magisterial work explores how Renaissance Germans understood and experienced madness It focuses on the insanity of the world in general but also on specific disorders examines the thinking on madness of theologians jurists and physicians and analyzes the vernacular ideas that propelled sufferers to seek help in pilgrimage or newly founded hospitals for the helplessly disordered In the process the author uses the history of madness as a lens to illuminate the history of the Renaissance the Reformation and Counter Reformation the history of poverty and social welfare and the history of princely courts state building and the civilizing process Rather than try to fit historical experience into modern psychiatric categories this book reconstructs the images and metaphors through which Renaissance Germans themselves understood and experienced mental illness and deviance ranging from such bizarre conditions as St Vitus's dance and demonic possession to such medical crises as melancholy and mania By examining the records of shrines and hospitals where the mad went for relief we hear the voices of the mad themselves For many religious Germans sin was a form of madness and the sinful world was thoroughly insane This book compares the thought of Martin Luther and the medical religious reformer Paracelsus who both believed that madness was a basic category of human experience For them and others the sixteenth century was an age of increasing demonic presence the demon possessed seemed to be everywhere For Renaissance physicians however the problem was finding the correct ancient Greek concepts to describe mental illness In medical terms the late sixteenth century was the age of melancholy For jurists the customary insanity defense did not clarify whether melancholy persons were responsible for their actions and they frequently solicited the advice of physicians Sixteenth century Germany was also an age of folly with fools filling a major role in German art and literature and present at every prince and princeling's court The author analyzes what Renaissance Germans meant by folly and examines the lives and social contexts of several court fools **Discovering the History of Psychiatry** Mark S. Micale, Roy Porter, 1994 This book brings together leading international authorities physicians historians social scientists and others who explore the many complex interpretive and ideological dimensions of

historical writing about psychiatry The book includes chapters on the history of the asylum Freud anti psychiatry in the United States and abroad feminist interpretations of psychiatry s past and historical accounts of Nazism and psychotherapy as well as discussions of many individual historical figures and movements It represents the first attempt to study comprehensively the multiple mythologies that have grown up around the history of madness and the origin functions and validity of these myths in our psychological century **Madness in Seventeenth-Century Autobiography** K.

Hodgkin,2006-11-28 What did it mean to be mad in seventeenth century England This book uses vivid autobiographical accounts of mental disorder to explore the ways madness was identified and experienced from the inside asking how certain people came to be defined as insane and what we can learn from the accounts they wrote **Histories of Sexuality**

Stephen Garton,2014-12-18 This book presents the first assessment of one of the most rapidly expanding fields of research the history of sexuality From the early efforts of historians to work out a model for sexual history to the extraordinary impact of French philosopher Michel Foucault to the vigorous debates about essentialism and social constructionism to the emergence of contemporary debates about historicism queer theory embodiment gender and cultural history we now have vast and diverse historical scholarship on sex and sexuality Histories of Sexuality highlights the key historical moments and issues pederasty and cultures of male passivity in ancient Greece and Rome the impact of early Christianity and ideals of renunciation on the sexual cultures of late antiquity the sustained existence of homosexual cultures in medieval and renaissance Europe the invention of homosexuality and heterosexuality in eighteenth century Europe and America the truth behind Victorian sexual repression the work of reformers and scientists such as Havelock Ellis Marie Stopes Stella Browne Margaret Sanger Alfred Kinsey William Masters and Virginia Johnson *Putting Psychology in its Place* Graham

Richards,2009-12-16 The third edition of Putting Psychology In Its Place builds on the previous two editions introducing the history of Psychology and placing the discipline within a historical context It aims both to answer and raise questions about the role of Psychology in modern society by critically examining issues such as how Psychology developed why psychoanalysis had such an impact and how the discipline has changed to deal with contemporary social issues such as religion race and gender This new third edition contains two completely new chapters Emotion The Problem or the Whole Point and Funding and Institutional Factors An expanded epilogue has also been added which incorporates a discussion of the conceptual issues raised in the book and the volume now corresponds with the new BPS requirements for undergraduate courses Other chapters including those on Psychology and the Brain Social Psychology and the Psychology of Madness as well as those on gender religion and race have been substantially revised Putting Psychology In Its Place is imaginatively written and accessible to all It is an invaluable introductory text for undergraduate students of the history of Psychology and will also appeal to postgraduates academics and anyone interested in Psychology or the history of science **Committed to the State Asylum** James E. Moran,2001-01-01 Unlike other studies Committed to the State Asylum shows the important role

that the community played in shaping the asylum and tackles the thorny issue of state development explaining how state asylums developed differently in each province He considers Canada s pioneering institutional efforts at dealing with the criminally insane and why those efforts lasted only a short time shedding new light on the debate about the nature and extent of state involvement in nineteenth century Canadian society Committed to the State Asylum offers new insights into the ways in which both ordinary families and the state understood and responded to those they thought had crossed the boundaries of sane behaviour *Mirrors of Madness* Bruce Luske,2017-09-29 *Mirrors of Madness* depicts the social psychological

processes and institutional consequences of psychiatric staffs experience of closet insanity private worries about their own social and psychological competence and reverse role modeling identification with their labeled psychotic clients public behavior The book shows how in attempting to ward off the threat involved in these processes staffs tend to be more vigilant of their own behavior while redirecting their insecurities toward their clients in the form of derogatory humor in psychiatric evaluations These and other activities are shown to be inhibiting factors in the rehabilitative function of social control agencies **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1983 [Current Catalog](#)

National Library of Medicine (U.S.),1983 First multi year cumulation covers six years 1965 70 **Lunatic Asylums in Colonial Bombay** Sarah Ann Pinto,2018-08-28 This book traces the historical roots of the problems in India s mental health care system It accounts for indigenous experiences of the lunatic asylum in the Bombay Presidency 1793 1921 The book argues that the colonial lunatic asylum failed to assimilate into Indian society and therefore remained a failed colonial medical enterprise It begins by assessing the implications of lunatic asylums on indigenous knowledge and healing traditions It then examines the lunatic asylum as a middle ground and the European superintendents common sense treatment of Indian insanity Furthermore it analyses the soundscapes of Bombay s asylums and the extent to which public perceptions influenced their use Lunatic asylums left a legacy of historical trauma for the indigenous community because of their coercive and custodial character This book aims to disrupt that legacy of trauma and to enable new narratives in mental health treatment in India **Bibliography of the History of Medicine** ,1984 *Mania and Literary Style* Clement

Hawes,1996-01-26 This highly original study of the manic style in enthusiastic writing of the seventeenth and eighteenth centuries identifies a literary tradition and line of influence running from the radical visionary and prophetic writing of the Ranters and their fellow enthusiasts to the work of Jonathan Swift and Christopher Smart Clement Hawes offers a counterweight to recent work which has addressed the subject of literature and madness from the viewpoint of contemporary psychological medicine putting forward instead a stylistic and rhetorical analysis He argues that the writings of dissident enthusiastic groups are based in social antagonisms and his account of the dominant culture s ridicule of enthusiastic writing an attitude which persists in twentieth century literary history and criticism provides a powerful and daring critique of pervasive assumptions about madness and sanity in literature [Eventful Bodies](#) Michael Schillmeier,2016-04-22 Disrupting

questioning and altering the taken for granted cosmos of everyday life the experiences of illness challenge the different ways in which social normalcy is remembered maintained and expected This book explores the manifold experiences of life threatening infectious or non curable illnesses that trouble the practices and relations of human and social life Challenging a mere deficit model of illness it examines how the cosmopolitics of illness require and initiate an ethos that cares for difference and diversity Eventful Bodies presents rich qualitative and ethnographic data alongside print and on line media sources from Germany and North America exploring case studies involving Alzheimer s disease stroke and the global threat of infectious diseases such as SARS The book engages with debates in cosmopolitics and exposes the agency of those overlooked by contemporary discourses of cosmopolitanism thus developing a new theory of illness and delineating a novel empirical agenda and conceptual space for sociological and anthropological research A rigorous examination of the changes wrought in the social world by illness and the implications of this for social and political theory Eventful Bodies will appeal to sociologists anthropologists social and political theorists geographers and scholars of science and technology studies with interests in medical sociology health illness and the body

Medicine in Society Andrew Wear,1992-02-27 The social history of medicine over the last fifteen years has redrawn the boundaries of medical history Specialised papers and monographs have contributed to our knowledge of how medicine has affected society and how society has shaped medicine This book synthesises through a series of essays some of the most significant findings of this new social history of medicine The period covered ranges from ancient Greece to the present time While coverage is not exhaustive the reader is able to trace how medicine in the West developed from an unlicensed open market place with many different types of practitioners in the classical period to the nineteenth and twentieth century professionalised medicine of State influence of hospitals public health medicine and scientific medicine The book also covers innovatory topics such as patient doctor relationships the history of the asylum and the demographic background to the history of medicine

Imperial medicine and indigenous societies David Arnold,2021-06-15 In recent years it has become apparent that the interaction of imperialism with disease medical research and the administration of health policies is considerably more complex This book reflects the breadth and interdisciplinary range of current scholarship applied to a variety of imperial experiences in different continents Common themes and widely applicable modes of analysis emerge include the confrontation between indigenous and western medical systems the role of medicine in war and resistance and the nature of approaches to mental health The book identifies disease and medicine as a site of contact conflict and possible eventual convergence between western rulers and indigenous peoples and illustrates the contradictions and rivalries within the imperial order The causes and consequences of this rapid transition from white man s medicine to public health during the latter decades of the nineteenth and early years of the twentieth centuries are touched upon By the late 1850s each of the presidency towns of Calcutta Bombay and Madras could boast its own asylum for the European insane about twenty native lunatic asylums had been established in provincial towns To many

nineteenth century British medical officers smallpox was the scourge of India Following the British discovery in 1901 of a major sleeping sickness epidemic in Uganda King Leopold of Belgium invited the recently established Liverpool School of Tropical Medicine to examine his Congo Free State Cholera claimed its victims from all levels of society including Americans prominent Filipinos Chinese and Spaniards Wordsworth's Vagrants Quentin Bailey, 2011 Wordsworth's Vagrants explores the poet's treatment of the idle and disorderly in the context of the penal laws of the 1790s when the terror of the French Revolution caused a crackdown on the beggars and vagrants who roamed the English countryside From the Salisbury Plain poems through to Lyrical Ballads Quentin Bailey's readings are sensitive to Wordsworth's early radicalism without equating his socio political engagement solely with support for the French Revolution *Feminine Endings* Susan McClary, 2002-07-24 A groundbreaking collection of essays in feminist music criticism this book addresses problems of gender and sexuality in repertoires ranging from the early seventeenth century to rock and performance art this is a major book McClary's achievement borders on the miraculous The Village Voice No one will read these essays without thinking about and hearing music in new and interesting ways Exciting reading for adventurous students and staid professionals Choice Feminine Endings a provocative sexual politics of Western classical or art music rocks conservative musicology at its core No review can do justice to the wealth of ideas and possibilities McClary's book presents All music lovers should read it and cheer The Women's Review of Books McClary writes with a racy vigorous and consistently entertaining style What she has to say specifically about the music and the text is sharp accurate and telling she hears what takes place musically with unusual sensitivity The New York Review of Books
