Monday Morning Blues:

Monday Morning Blues Ernestine Rose, 2015-03-10 *Monday Morning Blues* is a modern romance the story of Val and Jeff a 40 something couple who face one of marriage's toughest challenges infidelity Caught up in the routine of working and raising a family they like many couples lose sight of each other and become victims of the temptation and advice of outsiders This is a realistic romance closer to home than many of us are willing to admit There are no thugs no drugs no guns and no murders just a well written story about two people who really love each other Add to the mix a pair of precocious children a crazy girlfriend or two and a Bible toting in law and you will find yourself laughing out loud and rooting for the sanctity of the home front This is a book that will inspire true romantics to put the fire back into their own relationships as they gain insights on how we love as we grow older Guided by days of the week chapter headings and the assumption that bad things happen on Mondays *Monday Morning Blues* will convince you to take a second look at how your week is going Have a great *Monday Morning Blues* that is *Monday Morning Blues* Iran, Shaniqua Harris, 2009-07 **Monday Morning Blues** Latonya D. McGarrell, 2013-06-19 O Glorious morning What a wonderful day Mornings are always full of expectation and hope for the days they bring forth Each day they shed a new light on life The dew in the morning before the sunrise is a soft touch that starts the day which could be full of activity or a day of slumber and relaxation The beauty of morning is that it can never

be the same for each day It will always be new It will always be different And it will always be a gift In the Maracas Valley of St Joseph Trinidad where the author and her beloved husband Roy have resided for the past twenty plus years the morning mist veils the sun and allows for a gentle movement into each new day Mornings are about rebirth This book about mornings presents a unique opportunity to look at the start of a variety of new beginnings each with its own portent The author moves the reader along on the journey of each special day She receives what is presented and works with it never leaving hope behind I can personally testify to this She gave me hope and raised me up at a time when I had to dig deep to find it She demonstrates how life has value for her in spite of what is thrown her way She accepts her slice and moves on like a flowing river This book has a message for persons in all walks of life and of all ages Its messages are profound without being weighty In essence they are fresh like the early morning breeze in the Maracas Valley of St Joseph It is her hope that readers will be blessed by bringing a fresh breeze perception to every morning *Every Day a Friday* Joel Osteen, 2011-09-13 Experience the joy of God's message and begin each day with a positive outlook with these words of wisdom from Lakewood Church pastor and 1 New York Times bestselling author Joel Osteen Research that shows people are happiest on Fridays Now learn how you can generate this level of contentment and joy every day of the week As a man who maintains a constant positive outlook in spite of circumstances Osteen has described this message as a core theme of his ministry With personal experiences scriptural insights and principles for true happiness he'll show you how to find the same opportunities for pure joy that you experience at five o'clock on Friday **Good Monday Morning** Funké Baffour, 2008 **Looking Forward to MORE Monday Mornings** Diane Hodges, 2007-05-01 Presents low cost and morale boosting ideas for group and individual recognition new year starters fun activities throughout the year year end treats staff meetings celebrations holidays and winter break *Discourse and the Other* W. Lawrence Hogue, 1986-11-25 The central thesis of Lawrence Hogue's book is that criticism of Afro American literature has left out of account the way in which ideological pressures dictate the canon This fresh approach to the study of the social ideological and political dynamics of the Afro American literary text in the twentieth century based on the Foucauldian concept of literature as social institution examines the universalization that power effects how literary texts are appropriated to meet ideological concerns and needs and the continued oppression of dissenting voices Hogue presents an illuminating discussion of the publication and review history of major and neglected texts He illustrates the acceptance of texts as exotica as sociological documents or as carriers of sufficient literary conventions to receive approbation Although the sixties movement allowed the text to move to the periphery of the dominant ideology providing some new myths about the Afro American historical past this marginal position was subsequently sabotaged co-opted or appropriated Afros became a fad presidents gave the soul handshake the hip talking black was dressing one style and talking another This study includes extended discussion of four works Ernest J Gaines's *The Autobiography of Miss Jane Pittman* Alice Walker's *The Third Life of Grange Copeland* Albert Murray's *Train Whistle Guitar*

and Toni Morrison's Sula Hogue assesses the informing worldviews of each and the extent and nature of their acceptance by the dominant American cultural apparatus
