My Friendly Contemporaries :

A Summer to Be Isabel Garland Lord, 2010-04-01 Lord writes an honest and revealing memoir of what it was like to grow up in the shadow of her famous father the pioneering realist Hamlin Garland whose first collection of stories *Main Travelled Roads* 1891 shocked the nation in its unabashed portrait of harsh Midwestern farms *Eanger Irving Couse* Virginia Couse Leavitt, 2019-01-24 Eanger Irving Couse 1866 1936 showed remarkable promise as a young art student His lifelong interest in Native American cultures also started at an early age inspired by encounters with Chippewa Indians living near his hometown Saginaw Michigan After studying in Europe Couse began spending summers in New Mexico where in 1915 he helped found the famous Taos Society of Artists serving as its first president and playing a major role in its success This richly illustrated volume featuring full color reproductions of his artwork is the first scholarly exploration of Couse s noteworthy life and artistic achievements Drawing on extensive research Virginia Couse Leavitt gives an intimate account of Couse s experiences including his early struggles as an art student in the United States and abroad his study of Native Americans his winter home and studio in New York City and his life in New Mexico after he relocated to Taos In examining Couse s role as one of the original six founders of the Taos Society of Artists the author provides new information about the art colony s early meetings original members and first exhibitions As a scholar of art history Leavitt has spent decades researching her subject who also happens to be her grandfather Her unique access to the Couse family archives has allowed her to mine correspondence photographs sketchbooks and memorabilia all of which add fresh insight into the American art scene in the early 1900s Of particular interest is the correspondence of Couse s wife Virginia Walker an art student in Paris when the couple first met Her letters home to her family in Washington State offer a vivid picture of her husband s student life in Paris where Couse studied under the famous painter William Bouguereau at the Acad mie Julian Whereas many artists of the early twentieth century pursued a radically modern style Couse held true to his formal academic training throughout his career He gained renown for his paintings of southwestern landscapes and his respectful portraits of Native peoples Through his depictions of the domestic and spiritual lives of Pueblo Indians Couse helped mitigate the prejudices toward Native Americans that persisted during this era *Life of Eleuthère Irénée Du Pont from Contemporary Correspondence* Bessie Gardner Du Pont, 1926 **Letters of Edward FitzGerald ...** Edward FitzGerald, 1907 *Letters* Edward FitzGerald, 1910 *1859-1883* Edward FitzGerald, 1894 **American History Told by Contemporaries** Albert Bushnell Hart, 1928 **Hamlin Garland** Jean Holloway, 2014-12-15 Hamlin Garland s *Main Travelled Roads* is recognized as one of the early landmarks of American literary realism But Garland s shift in mid career from the harsh verisimilitude of *Prairie Folks* and *Prairie Songs* to a romanticizing of the Far West and from ardent espousal of the principles of veritism to violent denunciations of naturalism is a paradox which has long puzzled literary historians In tracing the evolution of Garland s work the various reactions of his stories under the influence of editorial comment and of contemporary critical reaction Jean

Holloway suggests that the Garland apostasy was an illusion produced by his very intellectual immobility amidst the swirling currents of American thought His extensive correspondence with Gilder of the Century Alden of Harper s Monthly McClure of McClure s and Bok of the Ladies Home Journal is adduced in support of the thesis that the writer s choices of subject and of treatment were psychologically forced rather than conditioned primarily by literary theory As a subject for biography however Garland has an appeal far beyond the scope of his literary influence The friendships of this gregarious peripatetic with the famous began with Howells Twain Whitman and Stephen Crane stretched down the years to include such younger men as Bret Harte and Carl Van Doren and crossed the seas to embrace such British literary lions as Barrie Shaw and Kipling Garland s fervent espousal of causes the Single Tax Movement psychic experimentation Indian rights brought him into close contact with other prominent men Henry George Theodore Roosevelt and William Jennings Bryan These public figures form the incidental characters in Garland s spate of autobiographical works Yet it is the central figure of his own story which has become permanently identified with the Middle Border that region between the land of the hunter and the harvester which Augustus Thomas defined as wherever Hamlin Garland is In *A Son of the Middle Border* Garland nostalgically recreated his boyhood on the frontier and regardless of the detractions of literary critics preserved for posterity an important segment of American social history

Philosophical Problems Peter Alward,2017-06-15 Peter Alward s rigorous introductory text functions as a roadmap for students laying out the key issues positions and arguments of academic philosophy The book covers central topics in metaphysics epistemology ethics and political philosophy An introductory chapter presents the foundations of philosophical discourse and offers a primer on the basics of logic Those argumentative tools are then employed to address classic philosophical issues such as the relationship between body and mind skepticism the possibility of free will and the existence of God Later chapters engage issues of morality justice and liberty as well as moral questions concerning abortion and the practice of punishment Throughout Alward aims for clarity providing summaries diagrams and reflective questions to assist the student reader

The Cliff-Dwellers Henry Fuller,2010-05-07 *The Cliff Dwellers* was the first American realist novel to use the rapidly developing city of Chicago as its setting Henry Blake Fuller s depiction of social climbing and human depravity among the cliff dwelling residents and workers in the new Chicago skyscrapers shocked readers of the time and influenced many American writers that followed With its frenetic pace and many interrelated stories it remains a compelling document of Chicago s social history as well as a searing indictment of modern American life at the close of the nineteenth century The extensive appendices to this edition include Fuller s literary criticism and his correspondence about the novel reviews and visual and historical materials on turn of the century Chicago and literary realism

Wisdom Poems - A Compendium of 120 Poems on Contemporary life Sriram Muthukrishnan,2020-10-27 From the corporate executive to the street vendor everyone wants unlimited wealth status and affluence in life But in that process most of us also forget to live our lives In the rat race towards high career growth and achievement we lose touch with our family for whom we are earning the money and life style in the first place We fail to relax and enjoy the small things in life and are perennially under different kinds of stress This book talks about what are the life s aspects you could miss through the eyes of a high end IT executive in a MNC **African Settings in Contemporary American Novels** Dave Kuhne,1999-05-30 Africa has long captured the Western imagination as a land shrouded in danger and mystery British and

American novels written before World War II established popular conventions and stereotypes about Africa that have been increasingly challenged by contemporary American novels set in Africa. Kuhne's book overviews the ways in which Africa has been employed as a powerful setting for American novels written since World War II. Kuhne argues that contemporary American novels with African settings are largely didactic; that these novels convey specific lessons about Africa and Africans and that they compare African and American cultures in order to evaluate and critique the two worlds. The book begins by summarizing the conventions and themes Westerners have traditionally associated with Africa and by detailing how British and American authors from Aphra Behn to Ernest Hemingway depicted Africa before World War II. It then looks at contemporary American novels set in invented African nations; novels that typically suggest that the problems that trouble actual African nations are the result of colonialism. A separate chapter then examines the African novels of African Americans which generally aim to correct the historical record, refute stereotypes and detail the horrors of the slave trade. The volume also looks at genre fiction set in Africa while a final chapter discusses postcolonial novels with African settings.
