My Two Lights:

The Two Lights William Leask, 1856 **The Zohar** Daniel Chanan Matt, 2007 Sefer ha Zohar The Book of Radiance has amazed and overwhelmed readers ever since it emerged mysteriously in medieval Spain toward the end of the thirteenth century Written in a unique lyrical Aramaic this masterpiece of Kabbalah exceeds the dimensions of a normal book it is virtually a body of literature comprising over twenty discrete sections The bulk of the Zohar consists of a running commentary on the Torah from Genesis through Deuteronomy This fourth volume of The Zohar Pritzker Edition covers the first half of Exodus Here we find mystical explorations of Pharaoh's enslavement of the Israelites the birth of Moses the deliverance from Egypt the crossing of the Red Sea and the Revelation at Mount Sinai Throughout the Zohar probes the biblical text and seeks deeper meaning for example the nature of evil and its relation to the divine realm the romance of Moses and Shekhinah and the inner meaning of the Ten Commandments In the context of the miraculous splitting of the Red Sea Rabbi Shim'on reveals the mysterious Name of 72 a complex divine name consisting of 216 letters 72 triads formed out of three verses in Exodus 14 These mystical interpretations are interwoven with tales of the Companions rabbis wandering through the hills of Galilee sharing their insights coming upon wisdom in the most astonishing ways from a colorful cast of characters they meet on the road

ORIGINAL PERCEPTIONS Alcides Vidal, 2014-01-29 Original Perceptions The author goes far back in time even to his beginning as an embryo to show that human beings listen and perceive a lot even before their birth He cleverly narrates cases of his own perceptions from before he was born during his childhood and up to his adult life Striking cases of perception such as My First Perception Before Birth The Casket Of My Grandmother Mercedes The Last Energy of My Aunt Maria I Had Died and I Didn't Know It The Last Effort For Life Born Again The Energy From Photographs and more are incredible and fascinating The author urges the reader to make every effort to become more alert to any form of perception however infinitesimal it may be

 Sylvester,2008-05-28 For over 35 years I have searched books and the past trying to solve Alchemy The magic of the
 Philosophers Stone Turn lead to gold A cure all medicine The fountain of youth Was it just wishful thinking or is there a basis
 of fact I soon learned the subject had lasted as a rumor mythology or perhaps just as an idea Something I believed had to be
 there something was overlooked Now it seems that the something had not been overlooked instead was hidden from the

masses for many reasons That something will astound you will surprise you yet you will know it is truth Who would have thought that Genesis was really about the yearly cycle That the process of making the stone is really about the understanding of the creation Also that the stone is about how nature can and does handle matter Now with art man and nature I found more can be done with matter and so perfect it You will see that matter handled correctly is purified over time and within shape That shape is a glass pyramid oven You may know of it as the firmament This is the magic and produces a substance that convinced man of God You will see that this power of generation is the God of early man and finding the purified matter led to several things First the process of Genesis though I am not sure what it originally was called That process led to astrology and the naming and defined understanding of those constellations passing overhead Finally it led to a religion which was that of Isis and Osiris When understood you will see that those are the religions of today and little has changed You will then know why all of this was hidden from you Lastly you will know the All and want to make this substance You will understand that you re a part of and maintained by this system That we need to maintain it before we cause it to destroys us This is then Alchemy understood the enchanting power of transformation
