What My Mother and I Don't Talk About Michele Filgate, 2020-08-11 You will devour these beautifully written and very important tales of honesty pain and resilience Elizabeth Gilbert New York Times bestselling author of *Eat Pray Love* and *City of Girls* from fifteen brilliant writers who explore how what we don't talk about with our mothers affects us for better or for worse As an undergraduate Michele Filgate started writing an essay about being abused by her stepfather It took her more than a decade to realize that she was actually trying to write about how this affected her relationship with her mother When it was finally published the essay went viral shared on social media by Anne Lamott Rebecca Solnit and many others This gave Filgate an idea and the resulting anthology offers a candid look at our relationships with our mothers Leslie Jamison writes about trying to discover who her seemingly perfect mother was before ever becoming a mom In Cathi Hanauer's hilarious piece she finally gets a chance to have a conversation with her mother that isn't interrupted by her domineering but lovable father Andr Aciman writes about what it was like to have a deaf mother Melissa Febos uses mythology as a lens to look at her close knit relationship with her psychotherapist mother And Julianna Baggott talks about having a mom who tells her everything As Filgate writes Our mothers are our first homes and that's why we're always trying to return to them There's relief in acknowledging how what we couldn't say for so long is a way to heal
