Mysticism Of The Cloud Of Unknowing:

The Mysticism of The Cloud of Unknowing William Johnston,2000 The Cloud of Unknowing was the work of an unknown 14th century English writer with a powerful message of God's unconditional love in the face of despair Johnston's theological treatment of this and other works by the same writer makes a conscious comparison with Oriental ways of contemplation

The Cloud of Unknowing and Other Works ,2001-08-30 Contains The Cloud of Unknowing The Mystical Theology of Saint Denis The Book of Privy Counselling and An Epistle on Prayer Against a tradition of devotional writings which focussed on knowing God through Christ's Passion and his humanity these texts describe a transcendent God who exists beyond human knowledge and human language These four texts are at the heart of medieval mystical theology in their call for contemplation calm and above all love as the way to understand the Divine *The Cloud of Unknowing* Anonymous,2022-05-17 The Cloud of Unknowing is a seminal work of mystical theology composed in the late 14th century presenting a unique blend of contemplative prayer and traditional Christian thought Written in Middle English the text employs a distinctive epistolary style addressing a spiritual seeker on the path to divine union The author emphasizes the limitations of human knowledge when approaching God advocating for a form of prayer that transcends intellectual understanding encapsulated in the metaphorical cloud that obscures divine truths This work is part of the broader mystic tradition resonating with the themes of unknowing and divine love found in the writings of figures like Julian of Norwich and Meister Eckhart The anonymity of the author adds an aura of universality to this mystical classic suggesting that the journey toward God is deeply personal yet shared among believers Often interpreted as a response to the burgeoning interest in mysticism during the medieval period the author's insights reflect both personal spiritual experiences and the larger cultural context of contemplative practices emerging within Christianity at the time For those seeking a profound exploration of spirituality that transcends dogma The Cloud of Unknowing is an essential read Its meditative guidance and rich theological insights offer timeless wisdom for contemporary seekers encouraging readers to embrace the mystery of faith and the transformative power of unknowing

The Cloud of Unknowing Elizabeth Ruth Obbard,2008 Those who turn to spiritual classics for guidance and inspiration often find their style daunting The original texts still have much to offer but their diction and idiom chosen for another era and audience pose an obstacle to many contemporary readers The Cloud of Unknowing for Everyone is the latest in a series that aims to make some of the greatest Christian teachers accessible to all The Cloud of Unknowing written by an unknown fourteenth century author points out that all we can know of God is slight God in Godself is unknowable to our limited intellect and thought Only love can bridge the gap love like an arrow of longing simple straightforward and direct All who feel called to a life of prayer will be captivated by the balanced precise and practical insights of The Cloud In her retelling of this classic Obbard invites contemporary readers to join previous generations who have discovered the riches of this classic text *The Mysticism of The Cloud of Unknowing* ,1967 **The Cloud of Unknowing** ,2018-06-12 A marvelously readable

translation of the great Middle English classic of Christian mysticism now part of the beautifully designed Shambhala Pocket Library collection This anonymous fourteenth century text is the glory of English mysticism and one of the most practical and useful guides to finding union with God ever written Carmen Acevedo Butcher s new translation is the first to bring the text into a modern English idiom while remaining strictly faithful to the meaning of the original Middle English The Cloud of Unknowing consists of a series of letters written by a monk to his student or disciple instructing him or her in the way of Divine union Its theology is presented in a way that is remarkably easy to understand as well as practical providing advice on prayer and contemplation that anyone can use Previous translations of the Cloud have tended to veil its intimate even friendly tone under medieval sounding language Carmen Butcher has boldly brought the text into language as appealing to modern ears as it was to its original readers more than five hundred years ago
