artefacts date to Myanmar's Pyu period of the first millennium. Many of the objects have been documented for the first time having been kept in storage in some cases unseen for nearly one hundred years. As only a limited amount of collection material can be publicly displayed in the Museum, the Inventory provides immediate access to resource materials that would otherwise be out of reach. From intact votive tablets in diverse styles to fragments of terracotta plaques and stone sculptures, this is the most comprehensive collection of Pyu material culture in Myanmar. With the rise of interest in Pyu scholarship since the UNESCO listing of The Pyu Ancient Cities in 2014, this inventory, which also includes more recent finds from the important Pyu site of Khin Ba, will broaden scholars' appreciation of Pyu culture and open avenues for future research across many disciplines.
