Subcommittee on Federal Charters, Holidays, and Celebrations, 1972 *No Game for Boys to Play* Kathleen Bachynski, 2019-11-25 From the untimely deaths of young athletes to chronic disease among retired players, roiling debates over tackle football have profound implications for more than one million American boys, some as young as five years old, who play the sport every year. In this book, Kathleen Bachynski offers the first history of youth tackle football and debates over its safety. In the postwar United States, high school football was celebrated as a moral sport for young boys, one that promised and celebrated the creation of the honorable male citizen. Even so, Bachynski shows that throughout the twentieth century, coaches, sports equipment manufacturers, and even doctors were more concerned with saving the game than young boys' safety, even though injuries ranged from concussions and broken bones to paralysis and death. By exploring sport, masculinity, and citizenship, Bachynski uncovers the cultural priorities other than child health that made a collision sport the most popular high school game for American boys. These deep-rooted beliefs continue to shape the safety debate and the possible future of youth tackle football. **Governance in Sport** Bonnie Tiell, 2025-03-28 *Governance in Sport: Analysis and Application*
