Punctured Preconceptions:

Punctured Preconceptions: what North American Christians Think about the Church Douglas W. Johnson, George W. Cornell, 1972 Why Conservative Churches are Growing Dean M. Kelley, 1986 Church Growth and the Whole Gospel C. Peter Wagner, 1998-12-15 Has the church growth movement failed to stress the social dimensions of the Christian faith Dr Peter Wagner a leading exponent of church growth argues that Christians can evangelize and churches can grow strongly while at the same time participating in the global struggle on behalf of the poor and oppressed for justice and peace for brotherhood and liberation and for the alleviation of human suffering The Presbyterian Church (U.S.A.) Foundation R. Douglas Brackenridge, 1999-01-01 For two centuries the Presbyterian Church U S A Foundation has been at work serving the church and undergirding its mission In this authoritative and carefully researched history R Douglas Brackenridge unfolds the story of how the Foundation developed its unique role in the Presbyterian Church U S A It is a history filled with strong leaders vigorous challenges and lively debate Brackenridge shows how the Foundation even in times of struggle has been shaped over the decades as a significant instrument of support to the Presbyterian Church U S A American Catholic Laity in a Changing Church William V. D'Antonio, 1989 Survey on the Catholic Church and Index published as a supplement p 197 215 and inserted at end Includes bibliographical references **Neoliberalism and U.S. Foreign Policy** Catherine V. Scott, 2018-01-23 While there has been a flood of scholarly efforts to extend adapt and revise Foucault s exploration of the emergence and operations of neoliberalism the study of foreign policy has remained steeped in the analysis of partisanship institutions policies and personality and their influence on various issue areas toward particular countries or specific presidential doctrines This book brings the political rationality of neoliberalism to bear on U S foreign policy in two distinct ways First it challenges complicates and revises the numerous interpretations of U S nationalism that posit a homologous relationship between 1898 and contemporary nationalism instead arguing that alterations in the operations of capitalism and its correlative forms of governance have produced a differently formatted nationalism which in turn has produced different operations of U S hegemony in the twenty first century that markedly depart from earlier eras Second this book argues for a new timeline one that starts with the Carter Reagan era and the crisis of capitalism ultimately encouraging us to think beyond particular presidencies wars bureaucratic politics and policies in order to train our sights on how long term and sustained shifts in the economy and attendant government practices have emerged to produce new myths of exceptionalism that more fully cohere with the neoliberal foundations of the U S nation state Stewardship & the Economy of God John H. Reumann, 2014-09-23 This concise and readable volume makes a major contribution to our understanding of stewardship Exhibiting careful and thorough research John Reumann traces the broad history of the stewardship concept to the present day While Reumann demonstrates that the term has had many shades of meaning in its history he also makes clear helpful suggestions on the meaning of stewardship for today especially by connecting stewardship with the economy of God I

commend this book to all pastors seminarians and laity willing to struggle with what stewardship means for our lives and our world as we approach the twenty first century WILHAM O AVERY Gettysburg Lutheran Seminary With his characteristic erudition biblical scholarship classical and historical reflection and contemporary application John Reumann shows how oikonomia has been a recurring theme in the Christian life It appears now again as stewardship and Reumann's exhaustive investigation will help the church respond to its far reaching imperative NORMAN A HJELM Faith and Order National Council of Churches For many Christians the term stewardship means fund raising Paradoxically with the advent of the environmental movement it has acquired another sense stewardship as care for the earth In this learned but accessible book John Reumann shows how the modern secular use of the term actually derives from the Bible and Christian tradition He constructs a theology of stewardship that is at once faithful to the Scriptures and applicable to the lives of Christians today ROBERT L WILKEN University of Virginia John Reumann was a professor of New Testament studies at Lutheran Theological Seminary Philadelphia PA He was the author of Righteousness in the New Testament Justification in the Lutheran Catholic Dialogue and Ministries Examined Laity Clergy Women and Bishops in a Time of Change
