jaded with the flood of parenting books but *The Natural Child* is a rare and splendid exception I can't praise it sufficiently and would place it along with Leidloff's *Continuum Concept* and my own *Magical Child*. It could make an enormous difference if read widely enough. Joseph Chilton Pierce, author of *The Magical Child*. In prose that is at the same time eloquent and simple, Hunt provides a mix of useful parenting tips that are supported by the philosophy that children reflect the treatment they receive. This is no less than an impassioned plea for the future not only of our children's future but the future of our way of life on this planet.
