Rosslyn Guardian Of The Secrets Of The Holy Grail:

Rosslyn Tim Wallace-Murphy,1999 **Rosslyn** Tim Wallace-Murphy,Marilyn Hopkins,2000 It is said that Rosslyn Chapel is the last resting place of the Holy Grail and that the fabulous treasure is buried in its secret vaults This text is the story of this mysterious chapel in Scotland taking the reader on a voyage of discovery The first book to explore the existence of a configuration of seven pre Christian sites which formed the route of a pilgrimage of initiation used by Druids Knights Templar and Christian Mystics in their search for true knowledge and enlightenment Beginning at Compostela in Spain the voyage of discovery proceeds to Tolouse Orleans Chartres Paris and Amiens taking us deep into a mysterious world where hidden streams of spirituality flow beneath the surface of European history profoundly influencing the evolution of Western thought The journey ends at Rosslyn Chapel in Scotland where the history of its founders the Sinclair family illuminates the revelations of Rosslyn and their significance for us today Publisher s description **Guardians of the Holy Grail** Mark Amaru Pinkham,2004 Presenting the ancient Holy Grail lineage from Asia and how the Knights Templar were initiated into it this book reveals how ancient Asian wisdom became the foundation for the Holy Grail legend Revelation of the Holy Grail Chevalier Emerys,2007-09-01 The Holy Grail has become a popular field of study in recent years however most books on the subject are written by authors who are not themselves initiated into the mystery school tradition of the Grail Revelation of the Holy Grail is one of the first books on the subject which is written by an initiate within several of the Knighthood Orders associated with the Grail Tradition This book provides many previously unpublished facts about the history and tradition of the Grail movement which includes some of the most influential people in human history The Quest of the Holy Grail has proved to really be about the quest for human civilization It has spawned not only the greatest political movements in history but also it has been the cornerstone of human technology Alchemy Hebrew Mysteries Templar Secrets ancient technologies Gnostic traditions and secret societies have all been involved in this exciting history which is the backbone of our modern day world **Custodians Of Truth** Tim Wallace-Murphy,Marilyn Hopkins,2005-05-15 A curious thing happened to Tim Wallace Murphy and Marilyn Hopkins when they published Rex Deus their first book on the bloodline of Christ they were contacted by a man from the very lineage they were studying And instead of denying the existence of the bloodline or berating them for revealing secrets he actually confirmed that the Rex Deus lineage exists and even disclosed some of its fundamental secrets The story of the Rex Deus families direct descendents of Christ who is believed to have survived the crucifixion turns out to be much more extensive than the authors first thought Instead of beginning during the time of Jesus it stretches far back into antiquity to the Egyptian Mystery Schools Instead of being only a propagation of the holy bloodline the Rex Deus families are also carriers of the secret teachings of Jesus Custodians of Truth reveals the purpose and secrets of the Rex Deus lineage Jesus was not only a holy man but an adept of ancient knowledge which informed his own teachings This secret knowledge was suppressed by the Church in their voracious quest for power and influence in the secular world These teachings have

manifested throughout history in different forms Gnostic philosophy around the time of Jesus the Order of the Knights Templar Freemasons and the current resurgence of interest in New Age thought Finally the time is right for the hidden message of Jesus to be revealed a message of tolerance brotherhood and respect for nature The next chapter in the legend of the Holy Grail and the bloodline of Christ from the best selling authors of Rosslyn **The Knights of the Holy Grail** Tim Wallace-Murphy,2012-01-01 Discover the truth about the Knights Templar and find out how this enigmatic order of warrior monks can help to uncover the secret story of the Holy Grail This compelling historical work charts the Knight s achievements in a remarkable range of endeavors from building castles and cathedrals to laying the foundations of the modern marketplace It uncovers the link between the Rex Deus families and the creation and propagation of the Grail sagas as well as the later foundation of the Secret Society of Freemasonry Building a historical framework for the development of Christianity during the last years of the Roman Empire and the Dark Ages that followed has never been so captivating

Templars in America Tim Wallace-Murphy,Marilyn Hopkins,2023-06-05 This book is a must read for anyone wanting to understand the true history of the founding of the most powerful nation on earth Scott Wolter host of America Unearthed and author of Cryptic Code of the Templars in America Using archival and archaeological sources two historians reveal the hidden history of the Knights Templar and their travels to pre Columbian America and their influence on the Founding Fathers Templars in America reveals the story of two leading European Templar families who combined forces to create a new commonwealth in America nearly a century before the voyages of Christopher Columbus Henry St Clair of the Orkney Islands then part of Normandy and Carlo Zeno a Venetian trader made peaceful and mutually beneficial contact with the Miqmaq people of what is now Canada Proof of their travels is carved in stone on both sides of the Atlantic and can be found in documentary evidence borne out by a strong oral tradition that has withstood the test of time Historians Tim Wallace Murphy and Marilyn Hopkins demonstrate how this early contact with the Americas ties into the centuries long development of the Templars and Freemasonry which in turn shaped the thinking of the Founding Fathers and the American Constitution Wallace Murphy and Hopkins also reveal the continuous history of American exploration from the time of ancient Egypt Greece and Rome through the age of the Vikings Templars in America is a wild ride from the golden age of exploration to the founding of the United States *The Tree of Life and the Holy Grail* Sylvia Francke,2007 Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline that resulted from a union of Jesus Christ and Mary Magdalene It is claimed by some that this is the secret kept tirelessly by certain esoteric movements for the past two millennia Based on her groundbreaking research Sylvia Francke exposes this notion as a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity She traces the ancient spiritual paths of knowledge from the Cathars the Knights Templar and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century Here she concludes is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their

metaphysical context She suggests a solution to the mystery of sudden wealth and the strange behavior of Brengel Sauni re the mysterious priest of Rennes le Chateau in southern France True Grail knowledge Francke concludes has nothing to do with bloodlines or worldly status rather it is an ancient lifeline to the spiritual origins of creation Its energetic forces radiate out from the Earth and in from the constellations and planets while interacting with human individuals It represents the key to fulfilling humanity's quest and the next step in human evolution The recent explosion of interest in revisionist Christianity history the shadow Grail prompted Sylvia Francke to revise *The Tree of Life and the Holy Grail* first published in 1996 The result is a completely reworked and expanded book that offers a powerful and convincing refutation of distorted esoteric truths *Cosmic Connection* Carole Lynne, 2009-03-24

In a bold departure from her earlier books medium and psychic Carole Lynne shares the story of her own growing revelation of the interconnected interplanetary cosmic energy that flows around and through us all that is indeed the stuff we are made of Experience Carole Lynne's journey of a lifetime as she goes into an altered state of consciousness and brings messages from My Guidance and The Energy Receive a glimpse into the nature of the spiritual forces that have created us and continue to manifest life Evolution is not over The future of our world depends on our abilities to evolve in a positive way to let go of our egos to realize that we are not separate beings and to evolve to a consciousness that finds poverty pollution and war unthinkable We are responsible for the future But how can we change in order to have better personal lives and to make better choices for our world As we approach 2012 and a seeming meltdown of economic and societal infrastructures more and more people are turning to other realms for solace advice and the tools they need to live every day In the past when this has happened during the Great Depression or WWI for example a great deal of material from other realms was given to us Carole Lynne's work joins that of her predecessors and her contemporaries in providing that information for tomorrow's world **Cracking the Symbol Code** Tim

Wallace-Murphy, 2012-01-01 Expanding on issues touched on in *The Da Vinci Code* this thought provoking study explores the real story of Christianity a story told by men and women condemned by the traditional orthodox church and one long hidden in mysterious codes and symbols In medieval times dissenters believed the established church ruthlessly suppressed the truth about Jesus and his ministry Branded as heretics and subject to torture and execution for their beliefs the dissenters including the Knights Templar Freemasons Cathars and groups of scientists devised an ingenious code to communicate with fellow sympathizers and preserve the truth They concealed these complex symbols in art artifacts and architecture of the medieval world Finally this fascinating underground language is deciphered revealing powerful messages meant as much for today's truth seekers as for medieval minds *Sacred Space, Sacred Sound* Susan Elizabeth Hale, 2013-11-01 Visionary singer Susan Hale believes that early peoples deliberately built their structures to enhance natural vibrations She takes us around the globe from Stonehenge and New Grange to Gothic cathedrals and Tibetan stupas in New Mexico to explore the acoustics of sacred places But she says you don't have to go to the Taj Mahal The sacred is all around us and we are all sound

chambers resonating with the One Song *Ormus* A. D. Borda,2005 Alongside the time honoured quest for the Holy Grail is the equally compelling and longstanding mystery of the hidden keys to immortality through whitegold or other means My book ORMUS will guide you through the hidden truth have taken existing pieces of the esoteric puzzle and have found new pieces to present a bigger suggested picture which will spell out the truth and hold forth enlightenment The Battle between Light and Darkness ORMUS provides an exhilarating journey into the mind and spirit of a remarkable truth a legendary mystery and a masterful conclusion The Mystery of U-33 Nigel Graddon,2010-08-18 The incredible story of the mystery U Boats of WWII Graddon first chronicles the story of the mysterious U 33 that landed in Scotland in 1940 and involved the top secret Enigma device He then looks at U Boat special missions during and after WWII including U Boat trips to Antarctica U Boats with the curious cargos of liquid mercury the journey of the Spear of Destiny via U Boat the Black Subs and more Topics covered by Graddon include U 33 The Official Story Survivors and Deceased August 1985 the story breaks The Carradale U boat The Tail of the Bank Event In the wake of U 33 Wrecks The Greenock Lairs The Mystery Men Brass Bounders at the Admiralty Max Schiller through the Lens U Boat Special Missions Neu Schwabenland and Station Mercury Rising The Holy Lance U boats in Scotland Fact in Fiction Admiral Karl Donitz and the U Boat fleet U33 Argo of the Grail The Female Pope U Boats with cargoes of liquid mercury more Thoroughly documented with photos and official documents

Hidden Wisdom Tim Wallace-Murphy, 2010-05-01 The best book about the secret tradition I've read for many years Tim Wallace Murphy writes with style passion and truth A magnificent achievement Graham Hancock New York Times bestselling author of Fingerprints of the Gods From Egyptian mythology to Jewish mysticism Rome and Greece to the druids and the gnostics Tim Wallace Murphy exposes a fascinating lineage of hidden mysteries and secret societies continuing through the Templars Rosicrucians and Freemasons to our modern visionaries This hidden stream of spirituality and that of sacred knowledge are inseparably entwined to form the single most important continuous strand in the entire Western esoteric tradition This tradition exerted a seminal influence on the thinking of the builders of the great cathedrals leading teachers in ecclesiastical schools philosophers playwrights poets such as Shakespeare Goethe Blake and W B Yeats and on artists and Renaissance giants such as Leonardo da Vinci and Michelangelo It is also the root from which sprang alchemy and modern science Now as more people are looking to find information on the alternatives to dominant religions and dogmas that have told us what to think and how to behave as faith has been questioned by religious scandals economic meltdowns and an increasingly sick planet Earth Wallace Murphy reveals the secrets of the masters including invaluable spiritual insights into everyday life that have been hidden throughout the ages He shows us who kept this spiritual tradition alive despite appalling persecution so that we in the twenty first century might benefit from its accumulated fruits and ennoble our lives Hidden Wisdom will be of immense interest to readers of the number one bestseller The Lost Symbol as it explains much of Dan Brown's focus on the ancient mysteries

What Islam Did For Us Tim Wallace-Murphy, 2012-01-01 In these troubled times when Islam is under seemingly perpetual attack it is imperative to consider how much the West owes to the religion's spiritual insights Bestselling author Tim Wallace Murphy presents the first major popular book to examine the common roots of Judaism Christianity and Islam and to reveal Islam's immense contributions to our society which included laying the foundations for our systems of education astronomy mathematics and architecture He also illustrates how the European Western powers helped foment the current crisis in the Middle East and why we must strive for a just equitable solution to these problems Understanding can

begin with this compelling acknowledgment of our shared spiritual heritage including religious tolerance respect for learning and the concepts of chivalry and brotherhood Transports of Delight Peter Hancock,2017-05-11 This inspiring book shows how the spiritual side of life with its thoughts feelings and aspirations is intimately bound up with our material technologies From the wonder of Gothic Cathedrals to the quiet majesty of lighter than air flight to the ultimate in luxury of the north Atlantic steamers Peter Hancock explores how these sequential heights of technology have enabled our dreams of being transported to new and uncharted realms to become reality Sometimes literally sometimes figuratively technology has always been there to make material the visions of our imagination This book shows how this has essentially been true for all technologies from Stonehenge to space station But technology is far from perfect Indeed the author argues here that some of the most public and tragic of its failures still remain instructive emblematic and even inspiring He reports on examples such as a Cathedral of the Earth Beauvais a Cathedral of the Seas Titanic and a Cathedral of the Air Hindenburg and tells their stories from the viewpoint of material transcendence By interweaving their stories he reveals how technologies can succeed in elevating human beings and in taking them to whole new realms of being he explores and explains why these experiences are Transports of Delight **Uncharted** Tim Wallace-Murphy,James Martin,2023-04-03 An exploration of the history mythology and evidence of those who traveled to pre Columbian America Native groups have lived in the Americas for more than 10 000 years but the voyages of Columbus surely did not bring the first visitors Uncharted covers a range of cultures who seemingly visited the Americas long before Columbus including Egyptians Greeks Celts Vikings as well as various people from Asia and one large Chinese group who likely settled in the Americas in 100 BC Wallace Murphy and Martin delve into a wealth of evidence and stories from potential Roman and Phoenician shipwrecks off the coast of South America to Celtic and Norse exploration of North America How did the Knights Templar influence the discovery of the New World How did the Vikings navigate their way What do the Sinclair family the Rosslyn Chapel and two Venetian brothers have to do with the discovery of a new continent With source materials dating back through millennia including very recent finds this book will present a side of history still so readily dismissed by some Columbus should be remembered but remembered for the conquering tyrant he was These other groups did not come to conquer but to trade explore and escape
