Rotting Flesh:

Gospel Jesuses and Other Nonhumans Stephen D. Moore, 2017-08-04 Essential reading for biblical studies students and scholars interested in cutting edge critical theory The current global ecological crisis has prompted a turn to the nonhuman in critical theory This book breaks new ground in biblical studies as the first to bring nonhuman theory to bear on the gospels and Acts Nonhuman theory a confluence of several of the main theoretical streams that have issued forth since the heyday of high poststructuralism includes affect theory posthuman animality studies critical plant studies object oriented new materialisms and assemblage theory Nonhuman theory dismantles and reassembles the Western concept of the human that coalesced during the Enlightenment and testifies to other conceptions of the human and of the nonhuman not least those found in the canonical gospels and Acts Stephen D Moore s exegetical explorations and defamiliarizations of these overly familiar texts and excavations of their incessantly erased strangeness are the central feature of this provocative book Features New paths in biblical ecotheology and ecocriticism A significant contribution to the analysis of emotions in biblical texts Class resource for courses in methods for biblical studies the gospels and the Bible and ecology Seven Wolves of the Sun L. A. Walker, 2018-12-07 Since the dawn of creation Rhuna has held a secret deep beneath the Temple of Osiris a malevolent force capable of bestowing immortality and unimaginable power to whomever possessed it The Gods rather than destroy all of Mythos to stop it imprisoned the ancient evil and the one who created it They separated Rhuna from the rest of Mythos leaving the land and its people to fade into legend Kian Huard and Ko Resh heirs to the House of Rhuna happen upon a mysterious cave while out on a morning ride The lure of the cave is beyond natural compelling the brothers to enter Too late they realize their mistake and are trapped Their only hope is a perilous venture deeper into the mountain Plagued with danger the journey pits brother against brother until the final trial the awakening of the Sem Lukos Resh But the struggle does not end there Driven by the darkness that possesses them their conflict continues until only one brother remains Centuries pass The barriers separating Rhuna from the world fall Long since presumed dead Ko Resh returns to Rhuna Once more brother battles brother One fights to save his world the other to conquer it **King Yeshua's Visitation** Carmen Saunders, 2020-05-28 A passing away or extinction is knocking at the door and is underway A great King has visited earth unbeknownst to the world Only those who are awake as watchmen open the door to Him This passing away is fulfillment of Biblical prophecy In King Yeshua s Visitation author Carmen Saunders offers a look at the fulfillment of prophecy Yeshua s Parousia and the arrival of a spiritual kingdom throughout AD history It offers another perspective on partial preterism Part one of King Yeshua s Visitation is an in depth investigation of scriptures that describes the relationship between biblical prophecies and the current state of our planet which are two controversial issues that are aligning side by side Scriptures speak of an impending extinction a fiery destruction and an awesome deliverance and an exodus of those who believe Is it at such an urgent time as this that He gathers the Jews back to the land of Israel From the viewpoint of a partial preterist

Saunders reviews the prophecies concerning the Roman Empire to this juncture Who was the beast and how did he enter the holy temple during the AD 70 tribulation Was Ezekiel s prophecy concerning Gog and Magog against Jerusalem actually the Crusades Are the devastating droughts in many countries in recent decades a fulfillment of Zechariah 14 Who were the ten kings in prophecy There was an end to the holy temple according to Daniel now we see the end of life on this earth according to scripture There are two signs in recent history that were given as a warning the Titanic and the events with the Schindler Jews during Holocaust King Yeshua s Visitation communicates now is the time to humbly open the door to the King It is a wake up call to everyone on the planet Yeshua s words come to pass without delay and the door to salvation is closing This demands our attention above all else This book makes the connection of the global crises unfolding prophetically We are much further along in prophecy than many realize Part two of King Yeshua s Visitation describes a visitation of a different kind such as contacts between two dimensions and the God established witnesses who testify for believers in salvation

Smith,2016-01-21 In the far future after the Loss of Earth war has begun and an unknowable alien race has awakened intent on the destruction of everything Here and now the end of the world has come And the only way our species will survive is if two augmented humans can fight their way through apocalypse to a faint glimmer of hope Long ago the seeds of that apocalypse were resisted by the warrior tribes of Britain with devastating consequences for them and their lands And all three of these times will meet on another world **Flying Insects** Jonathan Sutherland,2006-12-30 Examine the features of the chemical spraying bombardier beetle the dealy tsetse fly and the flesh fly and see how they thrive in their environments **The Anatomy of Disgust** William Ian MILLER,William Ian Miller,2009-06-30 William Miller embarks on an alluring journey into the world of disgust showing how it brings order and meaning to our lives even as it horrifies and revolts us Our notion of the self intimately dependent as it is

on our response to the excretions and secretions of our bodies depends on it Cultural identities have frequent recourse to its boundary policing powers Love depends on overcoming it while the pleasure of sex comes in large measure from the titillating violation of disgust prohibitions Imagine aesthetics without disgust for tastelessness and vulgarity imagine morality without disgust for evil hypocrisy stupidity and cruelty Miller details our anxious relation to basic life processes eating excreting fornicating decaying and dying But disgust pushes beyond the flesh to vivify the larger social order with the idiom it commandeers from the sights smells tastes feels and sounds of fleshly physicality Disgust and contempt Miller argues play crucial political roles in creating and maintaining social hierarchy Democracy depends less on respect for persons than on an equal distribution of contempt Disgust however signals dangerous division The high s belief that the low actually smell bad or are sources of pollution seriously threatens democracy Miller argues that disgust is deeply grounded in our ambivalence to life it distresses us that the fair is so fragile so easily reduced to foulness and that the foul may seem more than passing fair in certain slants of light When we are disgusted we are attempting to set bounds to keep chaos at bay Of course we fail But as Miller points out our failure is hardly an occasion for despair for disgust also helps to animate the world and to make it a dangerous magical and exciting place **The Zombie Chronicles - Book 6 - Revelation** Chrissy Peebles,2014-11-23

Monsters of Film, Fiction, and Fable Lisa Wenger Bro, Mary Ann Gareis, Crystal O'Leary-Davidson, 2018-07-27 Monsters are a part of every society and ours is no exception They are deeply embedded in our history our mythos and our culture However treating them as simply a facet of children's stories or escapist entertainment belittles their importance When examined closely we see that monsters have always represented the things we fear that which is different which we can't understand which is dangerous which is Other But in many ways monsters also represent our growing awareness of ourselves and our changing place in a continually shrinking world Contemporary portrayals of the monstrous often have less to do with what we fear in others than with what we fear about ourselves what we fear we might be capable of The nineteen essays in this volume explore the place and function of the monstrous in a variety of media stories and novels like Baum's Oz books or Gibson's Neuromancer television series and feature films like The Walking Dead or

Edward Scissorhands and myths and legends like Beowulf and The Loch Ness Monster in order to provide a closer understanding of not just who we are and who we have been but also who we believe we can be for better or worse
