Rough Notes from Liberation I and II Harvey Jackins, 1976-08-01 *Rough Notes from Liberation I & II* Harvey Jackins, 1976 **Rough Notes**, 1899 A journal devoted to insurance and the industries **Black Re-emergence**, 1988

A Few Rough Notes, Taken During a Western Excursion J. R. Brooking, 1861 Co-counselling Katie Kauffman, Caroline New, 2004 The theory behind Co Counselling argues that emotional expression should be welcomed and that human beings can help each other recover from past distress by taking turns giving and receiving attention Benefits of the method include the acceleration of personal growth and the reduction of the stresses inherent in the practitioner's role This accessible book offers a serious challenge to much of what is currently considered good practice in mental health services and succeeds in developing a dialogue between co counselling and other therapeutic approaches It provides a thorough introduction to the method incorporating recent developments in the field and providing a comprehensive account of both the theory and practice The reader also benefits from inclusion of clinical material outlining the experiences of people from a range of backgrounds offering evidence of the value of Co Counselling Co Counselling offers a model that has many implications for anyone struggling with emotional problems particularly those recovering from discrimination prejudice and oppression Counsellors and psychotherapists will find this book to be an invaluable resource which both challenges and stimulates **The Publishers' Trade List Annual**, 1986 *Ruah Hadashah*, 1995 **AB Bookman's Yearbook**, 1983

Nursing the English from plague to Peterloo, 1660-1820 Alannah Tomkins, 2025-01-21 This book studies the negative stereotypes around the women who worked as sick nurses in this period and contrasts them with the lived experience of both domestic and institutional nursing staff Furthermore it integrates nursing by men into the broader history of care as a constant if little recognised presence It finds that women and men undertook caring work to the best of their ability and often performed well despite multiple threats to nurse reputations on the grounds of gender norms and social status Chapters consider nursing in the home in general hospitals in specialist institutions like the Royal Chelsea Hospital and asylums plus during wartime illuminated by multiple accounts of individual nurses In these settings it employs the sociological concept of dirty work to contextualise the challenges to nurses and nursing identities **The Insurance Library Association of Boston Bulletin** Insurance Library Association of Boston, 1923 *The Crime of My Very Existence* Michael Berkowitz, 2007

"*We are Here*" Avinoam J. Patt, Michael Berkowitz, 2010 Collects groundbreaking research on displaced persons DPs in Europe in the period after World War II and before the establishment of Israel By the spring of 1947 less than two years after Nazi Germany's defeat some 250 000 Jewish refugees remained in the displaced persons camps of Germany Italy and Austria Yet many Jews did not know whether to return to their home countries or move on to someplace else As a result these stateless displaced persons DPs created a unique space for political cultural and social rebirth that was tempered by the complications of overcoming recent trauma In *We Are Here* editors Avinoam J. Patt and Michael Berkowitz present current

research on DPs between the end of the war and the creation of the State of Israel in order to present a more complete and nuanced picture of the DP experience challenging many earlier assumptions about this group Contributors to this volume analyze art music and literature of the DPs as well as historical records of specific DP communities to explore the first reactions of survivors to liberation and their understanding of place in the context of postwar Germany and in Europe more generally A number of the contributions in this volume challenge prior interpretations of Jewish DPs and Holocaust survivors including the supposedly unified background of the DP population the notion of a general reluctance to confront the past the idea of Zionism as an inevitable success after the war and the suggestion that Jews despite their presence in Germany strenuously avoided contact with Germans Far from constituting a monolithic whole then *We Are Here* demonstrates that the DPs were composed of diverse groups with disparate wartime experiences Responding to burgeoning scholarship on DPs and related issues *We Are Here* sifts through the copious records DPs left behind to shed light on the many facets of a vibrant DP society Scholars of the Holocaust and all readers concerned with the Jewish experience immediately after World War II will be grateful for this volume

We'll Always Have Paris Harvey Levenstein, 2010-03-15 For much of the twentieth century Americans had a love hate relationship with France While many admired its beauty culture refinement and famed joie de vivre others thought of it as a dilapidated country populated by foul smelling mean spirited anti Americans driven by a keen desire to part tourists from their money *We'll Always Have Paris* explores how both images came to flourish in the United States often in the minds of the same people Harvey Levenstein takes us back to the 1930s when despite the Great Depression France continued to be the stomping ground of the social elite of the eastern seaboard After World War II wealthy and famous Americans returned to the country in droves helping to revive its old image as a wellspring of sophisticated and sybaritic pleasures At the same time though thanks in large part to Communist and Gaullist campaigns against U S power a growing sensitivity to French anti Americanism began to color tourists experiences there strengthening the negative images of the French that were already embedded in American culture But as the century drew on the traditional positive images were revived as many Americans again developed an appreciation for France s cuisine art and urban and rustic charms Levenstein in his colorful anecdotal style digs into personal correspondence journalism and popular culture to shape a story of one nation s relationship to another giving vivid play to Americans changing response to such things as France s reputation for sexual freedom haute cuisine high fashion and racial tolerance He puts this tumultuous coupling of France and the United States in historical perspective arguing that while some in Congress say we may no longer have french fries others like Humphrey Bogart in *Casablanca* know they will always have Paris and France to enjoy and remember
