Roulette Poetry:

Roulette Feliz Lucia Molina, 2021-07 ROULETTE is a long generative poem consisting of 54 872 combinations of poetic lines based on the casino game of roulette Methods of gamesmanship chance and randomization support mysterious noir like tableaux of shadowy numbers and unstable pronouns where gun violence and fleeting voices compete with fractured words and texting lovers for digital and analog attentions As the narrative reveals itself coherence becomes fleeting meaning impermanent and any sense of completeness becomes an engagement in an act of non attachment In ROULETTE s digital and analog attempts at poesis Feliz Lucia Molina updates the long combinatorial poem for the 21st century and captures the odds of the little wheel as a codex page turner Poetry *Eclectic Poetry* Ben Sheldon, 2013-02-01 Eclectic Poetry presents a collection of author Ben Sheldon s best poems conceived and written over several years These verses cover many different moods and unique experiences Sheldon presents them by topic making them easily accessible based upon the mindset of the reader They explore such topics as relationships humor personal thoughts and the dark side of life Eclectic Poetry allows you to select a poem that suits that moment s experience and your needs at that time From the starkness of Death Row to the sarcasm of Remote Control to the humor of 15 Minutes of Fame Sheldon explores the wide range of human emotions in this poetry collection Review Reviewed my life the other day Unwound myself rewound my thoughts And relived again fast forward Like silent Charlie Chaplin movie Pushing a cart uphill past rail tracks While the train steams along closer Charlie playing me nears top then slips And rolls down over the rail road Just missing the chugging engine Ive repeated that pointless effort So many times in my life across Risky paths that looked deceptively safe **Book of Poetry** Utah Jennings, 2018-11-09 What is Evil Evil speaks to you in derogatory manner It s the emancipation from guilty It s the saint s way of explaining it Have you ever met someone who s obviously overcome by it It s like they re tone deaf to the words you use to describe their derogatory behavior But they indulge themselves in it Charlie Manson had an excuse for it He said don t blame if one day Your children will be surrounded by the lust and temptation That it creates Then he went on a murderous rampage Inside of the courtroom it manifested itself Into a sick craving for a successful tenure If you asked him if it was worth it He would tell you Hell yes Without having any apologetic regrets Women on Poetry Carol Smallwood,, Colleen S. Harris, Cynthia Brackett-Vincent, 2012-01-23 In these 59 essays published female poets share a wealth of practical advice and inspiration Aimed at students and aspiring and experienced poets alike the essays address such topics as the women s collective writing experience tips on teaching in numerous contexts the publishing process and essential wisdom to aid the poet in her chosen vocation **On Not Defending Poetry** Catherine Bates, 2017 Sidney s Defence of Poesy the foundational text of English poetics is generally taken to present a model of poetry as ideal the poet depicts ideals of human conduct and readers are inspired to imitate them Catherine Bates sets out to challenge this received view Attending very closely to Sidney s text she identifies within it a model of poetry that is markedly at variance from the one presumed and shows Sidney s text

to be feeling its way toward a quite different indeed a de idealist poetics Following key theorists of the new economic criticism On Not Defending Poetry shows how idealist poetics like the idealist philosophy on which it draws is complicit with the money form and with the specific ills that attend upon it among them commodification fetishism and the abuse of power Against culturally approved models of poetry as profitable as benefiting the individual and the state as providing in the form of intellectual moral and social capital a quantifiable yield the Defence reveals an unexpected counter argument one in which poetry is modelled rather as pure expenditure a free gift a net loss Where a supposedly idealist Defence sits oddly with Sidney s literary writings which depict human behaviour that is very far from ideal a de idealist Defence does not In its radical reading of the Defence this book thus makes a decisive intervention in the field of early modern studies while raising larger questions about a culture determined to quantify the value of the humanities and to defend the arts on those grounds alone

Memory Traces Silke Arnold-de Simine, 2005 This essay collection examines the dynamics of memory organization and the way it varies among different media and modes of discourse in post unification Germany German unification has put the post war period into a historical perspective Such a rupture raises questions concerning the appropriate commemoration preservation and reinterpretation of the past The processes of reorientation after unification influenced the self perception of literary authors as well as the social role position and status of German literature They also affected the way writers viewed the competition in which they found themselves pitted against visual and electronic media as rival windows on the past In the context of several debates on German literature during the 1990s the discussion revolved not only around the adequate aesthetic representation of the historical and cultural heritage but even more so around the role of literature itself in that process The contributions look at different discourses that were and still are concerned with reinterpreting and creating new collective symbols and narrative patterns in relation to Germany s past The volume focuses on the effects of the characteristic discourses of the press literature and its different genres film the internet and memorials on the depiction and performance of memories

The Art of Poetry Paul Valéry, 1989-07-21 First Princeton paperback printing 1985 Second Princeton paperback printing 1989 Verso of t p Originally published in 1958

The Poet's Role Ruth J. Owen, 2021-10-18 This study of contemporary German poetry represents the first attempt to examine comprehensively and at some length the lyric response to the unification period It sets out to investigate by means of close textual analysis whether the German Wende was also a turning point for poetry exploring how GDR poets responded both to the revolutionary events of 1989 and subsequently to the new united Germany An introductory chapter considers what is distinct about poetry as a genre especially under censorship or amid historic change as well as outlining the post unification Literaturstreit The following chapter offers a survey of the poet s role in the GDR from 1949 until 1989 Two central chapters then gather the poetry of the Wende and unification as a corpus of work and characterize it through the elucidation of recurring themes motifs and techniques The volume strikes a balance between giving a general overview of poetry written in 1989 1996 and focusing on

individual poets whose work is particularly compelling After identifying broad trends across a wide range of individual poems collections and anthologies single chapters therefore examine in greater depth the work of Volker Braun and Durs Gr nbein The concluding chapter addresses the issue of a separate GDR literature Finally an extensive structured bibliography is provided covering the poetry literary criticism and cultural history of the period Writing Roulette!: Aphorisms, Appeals, Convictions and Poetry Sanford S. Shuman,2014-03-31 Writing Roulette Alas I must write or die were the very first words Sanford uttered to me Aphorisms Appeals Convictions and Poetry are what Sanford has prepared for us on this particular occasion The plate that he has put together all may not be able to partake in as the previous five works are of the same stock and nature However his writings only seem to get more intense challenging and thought provoking This combination he utters was orchestrated solely for those that aren t timid of the pursuit of finding out who they really are and isn t afraid to permit the world to behold their naked soul and what their very deepest and even most controversial thoughts are This isn t a manuscript that can only be read once and some may not be able to digest it all if any of it for that matter Indeed when he has physically expired and long passed from the earth s scene he is destined to live on because of the works he has left us today and what I believe he is destined to leave us tomorrow He has earned a right to be consulted acknowledged and have his name written in our hearts and in the stone of time There are poems such as I must write or Die Segregation Girls to Women and Let s Pray and a book of Aphorisms that are sure to benefit us if we receive and comprehend them The book of Appeals is a particular and interesting case of their own His writings concerning Convictions are his courage and most inner thoughts and to me it proclaims and attests that he is regal and a sure leader Indeed study of him and his contributions have been merited they are a sheer necessity for mankind and I mean without speculation or delay **Poetry**,1915 **Journal of Canadian Poetry** ,1995 *The Mathematical Mind of F.
