**International Political Economy** Raymond C. Miller, 2008-09-03 This textbook is the perfect short introduction to the fundamental theories and issues of international political economy IPE Written in a concise and accessible style the text equips students with the necessary skills and knowledge to understand this complex and fascinating area Engaging with both classical theories and the main contemporary debates this is the ideal starting point for the study of IPE The text introduces students to the three main theoretical approaches in IPE free market institutionalist and historical materialist The strengths and weaknesses of the theories are then illustrated by a series of fascinating applied case studies in such core areas as international trade finance transnational corporations development and the environment Combining clear historical and theoretical explanation with detailed empirical examples this is essential reading for students of international political economy global governance and international economics      Positivist and Political-Economic Theories of International Relations Amartya Mukhopadhyay, 2023-10-20 This book provides an introduction to positivist pluralist theories of international relations IR which emerged during the early and mid 1950s along with Marxist political economic and non Marxist economic theories of IR Positivist and Political Economic Theories of International Relations is an in depth critical study of texts and literature which highlight IR s methodological pluralism even after it gained maturity It examines how

pluralist political status quo and radical economic criticism coexist in discrete areas of the discipline Insights are provided into key positivist liberal pluralist theories namely decision making approaches and theories of integration regionalism interdependence and regime It discusses the four political economic and critical theories of Marxism dependency world systems and international political economy The book as an advanced supplementary reader will be of great interest to researchers and students of international relations history law and the multidisciplinary social scientific field of political economy

**Gerontology in the Era of the Third Age** Dawn C. Carr, Kathrin S. Komp, 2011-02-22 The third age is described as the period in the life course that occurs after retirement but prior to the onset of disability revealing a period in which individuals have the capacity to remain actively engaged This book serves as a comprehensive discussion about how the emergence of the third age has changed the way we think about and examine traditional frameworks regarding aging issues and the life course It introduces the discussion of the unique challenges and opportunities that older adults face while moving through this early phase of later life proposing new frameworks concepts and methods to re examine later life in the context of the era of the third age This book proposes new ways of thinking about how we conceptualize the life course think about the role of the welfare state in the lives of older people negotiate social roles in later life make meaning of our lives as we age and cultivate relationships with others during later life It brings together theoretical concepts and frameworks methodological advances and emerging themes and controversies that are redefining gerontology in the era of the Third Age Highlighting important issues that warrant further exploration and discussion this book advances our understanding of the Third Age and focuses attention on critical issues that should be addressed in future Third Age research and scholarly development Key Features Includes up to date description and analysis of the third age as a concept life phase and social status Addresses multiple perspectives to illustrate the impact of the third age on the way we examine later life Uses disciplinary perspectives such as social policy demography gerontology sociology social work anthropology and social psychology Examines mechanisms that stratify the older population in the context of the third age

**International Financial Institutions and Their Challenges** Felix I. Lessambo, 2015-09-15 Since the recent international crises the role and significance of international financial institutions IFI have been challenged Some have argued that global financial institutions are inadequate and inefficient in performing their missions and may be replaced by modern institutions with inclusive governance and a goal focused approach International Financial Institutions and Their Challenges analyzes the claimed purposes of IFIs and their failures and proposes solutions for the future This comprehensive account is the first book of its kind to give readers an exhaustive overview of key IFI s from the International Monetary Fund to the Islamic Development Bank By encouraging readers to think outside the box Lessambo enhances the current and future debates on IFIs The book brings readers to the real challenges of international finance and appeals to scholars in economics finance international studies government studies law and political science as well as professionals in finance development experts

and employees at NGOs      **Gender, Sexuality, and the Cold War** Philip E. Muehlenbeck, 2021-04-30 As Marko Duman i writes in his introduction to *Gender Sexuality and the Cold War* despite the centrality of gender and sexuality in human relations their scholarly study has played a secondary role in the history of the Cold War It is not an exaggeration to say that few were left unaffected by Cold War gender politics even those who were in charge of producing disseminating and enforcing cultural norms were called on to live by the gender and sexuality models into which they breathed life This underscores the importance of this volume as here scholars tackle issues ranging from depictions of masculinity during the all consuming space race to the vibrant activism of Indian peasant women during this period to the policing of sexuality inside the militaries of the world *Gender Sexuality and the Cold War* brings together a diverse group of scholars whose combined research spans fifteen countries across five continents claiming a place as the first volume to examine how issues of gender and sexuality impacted both the domestic and foreign policies of states far beyond the borders of the United States during the tumult of the Cold War
