Royal Child:

Royal's Child Sharon Sala, 2017-12-18 Revisit a fan favorite Justice Brothers romance from New York Times best selling author Sharon Sala Was she their angel Five year old Maddie seemed to think so But to her exasperated father rancher Royal Justice Angel Rojas the beautiful hitchhiker who got into their car that stormy night was nothing but an unwelcome distraction When infuriatingly handsome Royal opened his car door for on the run Angel that night she thought of him and his adorable daughter as a temporary reprieve But suddenly the comfort of a little girl's embrace not to mention that of her rugged rancher father felt like more than a makeshift shelter Was she finally coming home Originally published in 1998

The Formation of the Child in Early Modern Spain Grace E. Coolidge, 2016-03-16 Drawing on history literature and art to explore childhood in early modern Spain the contributors to this collection argue that early modern Spaniards conceptualized childhood as a distinct and discrete stage in life which necessitated special care and concern The volume contrasts the didactic use of art and literature with historical accounts of actual children and analyzes children in a wide range of contexts including the royal court the noble family and orphanages The volume explores several interrelated questions that challenge both scholars of Spain and scholars specializing in childhood How did early modern Spaniards perceive childhood In what framework literary artistic did they think about their children and how did they visualize those children's roles within the family and society How do gender and literary genres intersect with this concept of childhood How did ideas about childhood shape parenting parents and adult life in early modern Spain How did theories about children and childhood interact with the actual experiences of children and their parents The group of international scholars contributing to this book have developed a variety of creative interdisciplinary approaches to uncover children's lives the role of children within the larger family adult perceptions of childhood images of children and childhood in art and literature and the ways in which children and childhood were vulnerable and in need of protection Studying children uncovers previously hidden aspects of Spanish history and allows the contributors to analyze the ideals and goals of Spanish culture the inner dynamics of the Habsburg court and the vulnerabilities and weaknesses that Spanish society fought to overcome

Lavina O. Shakespeare and Child's Play Carol Chillington Rutter,2007-11-13 Shakespeare wrote more than fifty parts for children amounting to the first comprehensive portrait of childhood in the English theatre Focusing mostly on boys he put sons against fathers servants against masters innocence against experience testing the notion of masculinity manners morals and the limits of patriarchal power He explored the nature of relationships and ideas about parenting in terms of nature and nurture permissiveness and discipline innocence and evil He wrote about education adolescent rebellion delinquency fostering and child killing as well as the idea of the redemptive child who cures diseased adult imaginations Childness the essential nature of being a child remains a vital critical issue for us today In Shakespeare and Child s Play Carol Rutter shows how recent performances on stage and film have used the range of Shakespeare s insights in order to re examine and re think these issues in terms of today s society and culture

The Baby as Subject Frances Thomson-Salo,Paul Campbell,2018-05-01 This book is a collection of papers by clinicians united in their conviction about the importance of directly engaging and interacting with the baby in the presence of the parents whenever possible This approach which draws on the work of Winnicott Trevarthen and Stern honours the

baby as subject It re presents the baby to the parents who may in that way see a new child in turn shaping the infant s
 implicit memories and reflective thinking Recent neurobiological attachment and developmental psychology models inform
 the work The book describes the underpinning theoretical principles and the settings and forms of direct clinical practice
 ranging from work with acutely ill babies to more everyday interventions in crying feeding and sleeping difficulties as well as
 infant parent psychotherapy Clinicians at The Royal Children s Hospital Melbourne from the disciplines of psychiatry

 illustration *Christ Consciousness* Danielle Van Dijk,2010-04 We live in a world characterized by intolerance war
 environmental degradation and economic collapse By contrast is it possible to build a society in which tolerance love and
 peace are the abiding principles In this positive and inspiring book van Dijk shows how beginning with our personal
 development we can contribute to such a new and transformed world She describes how we can develop a universal spiritual

consciousness what she calls Christ Consciousness The author emphasizes that the Christian mysteries took place on the physical plane distinguishing with great clarity between Jesus as a human being the incarnation of Christ on Earth and the Cosmic Christ She builds bridges between the spiritual research of Rudolf Steiner the Nag Hammadi writings and the gospels of Mary Magdalene and Judas culminating in a comprehensive and wide ranging picture of the Christ By gaining insight into the nature of Christ s being and undertaking practical exercises described here each of us can achieve the new Christ Consciousness In ancient times selected individuals underwent rites of initiation in secret mystery schools Any student who made public the knowledge obtained there was put to death In our time however the spiritual mysteries have become open and available to all Initiation van Dijk tells us involves walking the inner path to all embracing love which is known in Gnostic and esoteric lore as Christ the highest divine Being leading to sublime cosmic orientated consciousness that comes into existence when the higher self exists wholly within the individual human being
