Matt Stoller explains how authoritarianism and populism have returned to American politics for the first time in eighty years as the outcome of the 2016 election shook our faith in democratic institutions. It has brought to the fore dangerous forces that many modern Americans never even knew existed. Today's bitter recriminations and panic represent more than just fear of the future; they reflect a basic confusion about what is happening and the historical backstory that brought us to this moment. The true effects of populism—a shrinking middle class and concentrated financial wealth—are only just beginning to manifest themselves under the current administrations. The lessons of Stoller's study will only grow more relevant as time passes. An engaging call to arms. Kirkus Reviews. Stoller illustrates here in rich detail how we arrived at this tenuous moment and the steps we must take to create a new democracy. *First-grade Manual* Emma Miller Bolenius, 1923 **The Young**

Treacherous Texts Mary Chapman, Angela Mills, 2011-04-15 Treacherous Texts collects more than sixty literary texts written by smart, savvy writers who experimented with genre, aesthetics, humor, and sex appeal in an effort to persuade American readers to support woman suffrage. Although the suffrage campaign is often associated in popular memory with oratory, this anthology affirms that suffragists recognized early on that literature could also exert a power to move readers to imagine new roles for women in the public sphere. Uncovering startling affinities between popular literature and propaganda, Treacherous Texts samples a rich, decades-long tradition of suffrage literature created by writers from diverse racial, class, and regional backgrounds. Beginning with sentimental fiction and

polemic progressing through modernist and middlebrow experiments and concluding with post ratification memoirs and tributes this anthology showcases lost and neglected fiction poetry drama literary journalism and autobiography it also samples innovative print cultural forms devised for the campaign such as valentines banners and cartoons Featured writers include canonical figures such as Stowe Fern Alcott Gilman Djuna Barnes Marianne Moore Millay Sui Sin Far and Gertrude Stein as well as writers popular in their day but until now lost to ours *Popular Educator* ,1923 Catalog of Copyright Entries.
