romanticisation      **Catherine the Great** John T. Alexander, 1988-11-03 One of the most colorful characters in modern history Catherine II of Russia began her life as a minor German princess until the childless Empress Elizabeth and Catherine's own scheming mother married her off to the Grand Duke Peter of Russia at age sixteen By thirty three she had overthrown her husband in a bloodless coup and established herself as Empress of the multinational Russian Empire the largest territorial political unit in modern history Portrayed both as a political genius who restored to Russia the glory it had known in the days of Peter the Great and as a despotic foreign adventuress who usurped the Russian throne murdered her rivals and tyrannized her subjects she was by all accounts an extraordinary woman Catherine the Great the first popular biography of the empress based on contemporary scholarship provides a vivid portrait of Catherine as a mother a lover and above all an extremely savvy ruler Concentrating on her long reign 1762-96 John Alexander examines all aspects of Catherine's life and career the brilliant political strategies by which she won the acceptance of a nationalistic elite her expansive foreign policy the domestic reforms with which she revamped the Russian military political structure and economy and of course her infamous love life Beginning with an account of the dramatic palace revolt by which Catherine unseated her husband and a background chapter describing the circumstances of her early childhood and marriage Alexander then proceeds chronologically through the thirty four years of her reign Presenting Catherine in more human terms than previous biographers have Alexander includes numerous quotations from her reminiscences and notes We learn for instance not only the names and number of her lovers but her understanding of what many considered a shocking licentiousness The trouble is she wrote that my heart would not willingly remain one hour without love The result of twenty years research by one of

McNabb,2017-07-05 Discerning the early stages of the rebirth of a new Russian empire from the ashes of the Soviet Union Vladimir Putin and Russia s Imperial Revival argues that Russia s recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War At the least Russia s actions represent the potential for renewal This book explains these developments in a historical context The book begins by describing Russia s initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression It identifies today s Russia as a nation determined to re establish itself as a political and military force As a prominent figure in the development and continuation of its current foreign policy Vladimir Putin plays a central role in the topics covered Previous literature often treats Putin as an individual phenomenon examining his connections to corruption or the secret police but here David E McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon cyber terrorism and military support for ethnic

Russian separatists in other sovereign nations most recently exemplified by Russia's annexation of Crimea from Ukraine via armed invasion. In an attempt to demystify Russia's re-emergence as an international political force, Vladimir Putin and Russia's Imperial Revival grounds its analyses in history. It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation. It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events. *Literary Images of Self and Other in Irish and Ukrainian Famine Fiction* Tatiana Krol, 2025-07-10. This book is a comparative imagological study of novelistic representations of the Irish and Ukrainian Great Famines. It examines the formation of stereotypical perceptions between nations in Irish and Ukrainian fiction. Focusing on the novels *The Silent People* 1962 by Walter Macken, *The Hungry Land* 1986 by Michael Mullen, *Maria A Chronicle of a Life* 1934 by Ulas Samchuk, and *Sweet Snow* 2013 by Alexander J. Motyl, the author compares and contrasts images of the Self and the Other created in Irish and Ukrainian novels about famine and investigates ways in which stereotypical perceptions between nations are forged and disseminated. The author argues that negative attitudes between people and/or nations largely depend on power relations. *Laboratory of Modernity* Serhiy Bilenky, 2023-10-15. When the powers of Europe were at their prime, present-day Ukraine was divided between the Austrian and Russian empires, each imposing different political, social, and cultural models on its subjects. This inevitably led to great diversity in the lives of its inhabitants, shaping modern Ukraine into the multiethnic country it is today. Making innovative use of methods of social and cultural history, gender studies, literary theory, and sociology, *Laboratory of Modernity* explores the history of Ukraine throughout the long nineteenth century and offers a unique study of its pluralistic society, culture, and political scene. Despite being subjected to different and conflicting power models during the nineteenth and early twentieth centuries, Ukraine was not only imagined as a distinct entity with a unique culture and history but was also realized as a set of social and political institutions. The story of modern Ukraine is geopolitically complex, encompassing the historical narratives of several major communities, including ethnic Ukrainians, Poles, Jews, and Russians, who for centuries lived side by side. The first comprehensive study of nineteenth-century Ukraine in English, *Laboratory of Modernity* traces the historical origins of some of the most pressing issues facing Ukraine and the international community today. *Society and Economy in Early Modern Europe, 1450-1789* Barry Taylor, 1989.
