The Russians Collection Michael Phillips,Judith Pella,2016-02-02 In this bestselling series set in pre revolutionary Russia both a peasant and a princess face the prospect of their beloved country being torn apart by conflict within and without 1 The Crown and the Crucible 2 A House Divided 3 Travail and Triumph 4 Heirs of the Motherland 5 Dawning of Deliverance 6 White Nights Red Morning 7 Passage Into Light *Renegades, Rebels and Rogues Under the Tsars* Peter Julicher,2003-08-25 In the Russia of the tsars people who criticized or questioned the autocratic prerogatives of the sovereign were brutally suppressed and sometimes actively persecuted So imbedded was this official hostility to anyone hoping to change or even influence government policy that even the most high minded reformers came to understand that the only way they could succeed was to overthrow the regime The author describes the activities of the most important dissidents and agitators from the reign of Ivan the Terrible to Nicholas II and the Communist Revolution in 1917 Many of these fascinating individuals were serious activists endeavoring to improve society others were opportunistic scoundrels and adventurers The author explores the causes that provoked them and the consequences they faced and explains how time and time again the tsars were goaded into mistakes and over reaction

Modern Russo Iranian relations date from the late eighteenth century when after several centuries of commercial and diplomatic contact the two nations entered a period of extended warfare for possession of the Caucasian borderlands disputed territory that eventually fell to Russia In her history of that struggle Muriel Atkin reassesses the motives of major figures on both sides and views the Iranians with more sympathy than Western and Russian historians have usually accorded them Russia embarked on her course in the Caucasus for reasons connected with defense or trade and with a longterm imperial goal based on uncritical acceptance of prevailing European doctrines of empire The new dynasty in Iran on the other hand had to fend off Russian attack and secure the borderlands in order to justify its basic claim to power In the end the wars brought major disruption to the already unstable borderlands and left Iran with a discredited government and a controversy over reforms and relations with the West that would continue to cause turmoil in subsequent generations **The**
