Russian Narrative And Visual Art Varieties Of Seeing:

Russian Literature, Modernism and the Visual Arts Catriona Kelly, Stephen Lovell, 2000-03-09 In the Russian modernist era literature threw itself open to influences from other art forms most particularly the visual arts Collaborations between writers artists designers and theatre and cinema directors took place more intensively and productively than ever before or since Equally striking was the incursion of spatial and visual motifs and structures into verbal texts Verbal and visual principles of creation joined forces in an attempt to transform and surpass life through art Yet willed transcendence of the boundaries between art forms gave rise to confrontation and creative tension as well as to harmonious co operation This collection of essays by leading British American and Russian scholars first published in 2000 draws on a rich variety of material from Dostoevskii to Siniavskii from writers doodles to cabarets from well known modernists such as Akhmatova Malevich Platonov and Olesha to less well known figures to demonstrate the creative power and dynamism of Russian culture on the boundaries

The Visual Dominant in Eighteenth-Century Russia Marcus C. Levitt, 2011-10-01 The Enlightenment privileged vision as the principle means of understanding the world but the eighteenth century Russian preoccupation with sight was not merely a Western import In his masterful study Levitt shows the visual to have had deep indigenous roots in Russian Orthodox culture and theology arguing that the visual played a crucial role in the formation of early modern Russian culture and identity Levitt traces the early modern Russian quest for visibility from jubilant self discovery to serious reflexivity to anxiety and crisis The book examines verbal constructs of sight in poetry drama philosophy theology essay memoir that provide evidence for understanding the special character of vision of the epoch Levitt s groundbreaking work represents both a new reading of various central and lesser known texts and a broader revisualization of Russian eighteenth century culture Works that have considered the intersections of Russian literature and the visual in recent years have dealt almost exclusively with the modern period or with icons *The Visual Dominant in Eighteenth Century Russia* is an important addition to the scholarship and will be of major interest to scholars and students of Russian literature culture and religion and specialists on the Enlightenment

Russian Realisms Molly Brunson,2016-09-10 One fall evening in 1880 Russian painter Ilya Repin welcomed an unexpected visitor to his home Lev Tolstoy The renowned realists talked for hours and Tolstoy turned his critical eye to the sketches in Repin s studio Tolstoy s criticisms would later prompt Repin to reflect on the question of creative expression and conclude that the path to artistic truth is relative dependent on the mode and medium of representation In this original study Molly Brunson traces many such paths that converged to form the tradition of nineteenth century Russian realism a tradition that spanned almost half a century from the youthful projects of the Natural School and the critical realism of the age of reform to the mature masterpieces of Tolstoy Fyodor Dostoevsky and the paintings of the Wanderers Repin chief among them By examining the classics of the tradition Brunson explores the emergence of multiple realisms from the gaps disruptions and doubts that accompany the self conscious project of representing reality These manifestations of realism are united not by how they look or what they describe but by their shared awareness of the fraught yet critical task of representation By tracing the engagement of literature and painting with aesthetic debates on the sister arts Brunson argues for a conceptualization of realism that transcends artistic media Russian Realisms integrates the lesser known tradition of Russian painting with the familiar masterpieces of Russia s great novelists highlighting both the common ground in their struggles for artistic realism and their cultural autonomy and legitimacy This erudite study will appeal to scholars interested in Russian literature and art comparative literature art history and nineteenth century realist movements
