Krieg und Literatur/War and Literature Vol. XIV, 2008 Claudia Junk, Thomas F. Schneider, 2009-10-28

Augenzeugenberichte zum 11. September 2001 und zu den Kriegen des 17. Jahrhunderts spannen den Bogen der Beiträge des vorliegenden Bandes. Eine Untersuchung der massenmedialen Darstellung der Taten des Kreuzers Emden im Ersten Weltkrieg, eine der zeitgenössischen Mythen, steht neben Analysen von Max Frischs *Die chinesische Mauer* und den Schriften Pat Barkers. Der Band zeichnet sich durch eine Vielfalt von Ansätzen aus und repräsentiert dennoch nur ein kleines Spektrum der Bandbreite möglicher Themen. Ergänzt werden die Beiträge durch Rezensionen, zu einschlägigen Neuerscheinungen sowie durch eine Bibliographie wissenschaftlicher Publikationen aus dem Jahr 2005.

Contemporary World Fiction Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17 This much needed guide to translated literature offers readers the opportunity to hear from, learn about and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. In a globalized world, knowledge about non North American societies and cultures is a must. *Contemporary World Fiction: A Guide to Literature in Translation* provides an overview of the tremendous range and scope of translated world fiction available in English. In so doing, it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions. Within the guide, approximately 1,000 contemporary non English language fiction titles are fully annotated, and thousands of others are listed. Organization is primarily by language, as language often reflects cultural cohesion better than national borders or geographies, but also by country and culture. In addition to contemporary titles, each chapter features a brief overview of earlier translated fiction from the group. The guide also provides in-depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions.

**An Anthology of Jewish-Russian Literature: Two Centuries of Dual Identity in Prose and Poetry** Maxim D. Shrayer, 2015-03-26 This definitive anthology gathers stories, essays, memoirs, excerpts from novels, and poems by more than 130 Jewish writers of the past two centuries who worked in the Russian language. It features writers of the tsarist, Soviet, and post-Soviet periods, both in Russia and in the great emigrations, representing styles and artistic movements from Romantic to Postmodern. The authors include figures who are not widely known today, as well as writers of world renown. Most of the works appear here for the first time in English or in new translations. The editor of the anthology, Maxim D. Shrayer of Boston College, is a leading authority on Jewish Russian literature. The selections were chosen not simply

on the basis of the author's background but because each work illuminates questions of Jewish history status and identity Each author is profiled in an essay describing the personal cultural and historical circumstances in which the writer worked and individual works or groups of works are headnoted to provide further context The anthology not only showcases a wide selection of individual works but also offers an encyclopedic history of Jewish Russian culture This handsome two volume set is organized chronologically The first volume spans the nineteenth century and the first part of the twentieth century and includes the editor's extensive introduction to the Jewish Russian literary canon The second volume covers the period from the death of Stalin to the present and each volume includes a corresponding survey of Jewish Russian history by John D Klier of University College London as well as detailed bibliographies of historical and literary sources

Uncensored Ann Komaromi, 2015-06-30 Literature that was self published and informally circulated in the former Soviet Union in order to evade censorship in addition to prosecution of its authors came to be known as samizdat Vasiliĭ Aksenov Andrei Bitov and Venedikt Erofeev were among its most acclaimed practitioners In her innovative study Ann Komaromi uses their work to argue for a far more sophisticated understanding of the phenomenon of samizdat showing how the material circumstances of its creation and dissemination exercised a profound influence on the very idea of dissidence When a text comes to life as samizdat it necessarily reconfigures the relationship between author and reader Using archival research to fully illustrate samizdat's social and historical context Komaromi arrives at a more nuanced theoretical position that breaks down the opposition between the autonomous work of art and direct political engagement The similarities between samizdat and digital culture give her formulation of dissident subjectivity particular contemporary relevance

*History of the Literary Cultures of East-Central Europe* Marcel Cornis-Pope, John Neubauer, 2006-09-13 Continuing the work undertaken in Vol 1 of the History of the Literary Cultures of East Central Europe Vol 2 considers various topographic sites multicultural cities border areas cross cultural corridors multiethnic regions that cut across national boundaries rendering them permeable to the flow of hybrid cultural messages By focusing on the literary cultures of specific geographical locations this volume intends to put into practice a new type of comparative study Traditional comparative literary studies establish transnational comparisons and contrasts but thereby reconfirm however inadvertently the very national borders they play down This volume inverts the expansive momentum of comparative studies

towards ever broader regional European and world literary histories While the theater of this volume is still the literary culture of East Central Europe the contributors focus on pinpointed local traditions and geographic nodal points Their histories of Riga Plovdiv Timi oara or Budapest of Transylvania or the Danube corridor to take a few examples reveal how each of these sites was during the last two hundred years a home for a variety of foreign or ethnic literary traditions next to the one now dominant within the national borders By foregrounding such non national or hybrid traditions this volume pleads for a diversification and pluralization of local and national histories A genuine comparatist revival of literary history should involve the recognition that treading on native grounds means actually treading on grounds cultivated by diverse people
