Russian culture perhaps revealing more about their country than poets within any other nation In this unique and wide ranging collection of writings on poets and poetic trends in Russia contributors from the United States Britain and Russia examine the place of poetry in Russian culture Through a variety of critical approaches these scholars translators and poets consider a broad cross section of Russian poets from Pushkin to Brodsky Shvarts and Kibirov **A Double Garland** Thomas P. Hodge,2000 Thomas P Hodge has produced the first literary historical study of the art song enterprise in Russia s Golden Age A Double Garland investigates the interrelationship of poetry and music in Russia specifically the relations between poets and composers from 1800 to 1850 Hodge focuses on three major composers of art songs Alyab ev Verstovskii and Glinka He surveys their choices of text and after some preliminary metrical and structural analysis proceeds to a detailed consideration of the dynamics of poet composer interaction from various points of view Hodge presents both the major and minor poets of this period in the context of Russian musical life Based on extensive archival research this study will appeal to specialists in Russian poetry and musicologists **European Romanticism** Stephen Prickett,2014-04-14 Romanticism was always culturally diverse Though English language anthologies have previously tended to see Romanticism as predominantly British the term itself actually originated in Germany where it became the banner of a Europe wide movement involving the profound intellectual and aesthetic changes which we now associate with modernity This anthology is the first to place British Romanticism within a comprehensive and multi lingual European context showing how ideas and writers interconnected across national and linguistic boundaries By reprinting everything in the original languages together with an English translation of all non English material in parallel on the opposite page it offers a new intellectual map of Romanticism Material is thematically arranged as follows Art Aesthetics The Self History Language Hermeneutics Theology Nature The Exotic Science While focusing on European texts the inclusion of essays on their North American and Japanese reception means that Romanticism can be seen as a global phenomenon influencing a surprising number of the ways in which the modern world sees itself **The Selected Poems of Osip Mandelstam** Osip Mandelstam,2004-08-31 Osip Mandelstam is a central figure not only in modern Russian but in world poetry the author of some of the most haunting and memorable poems of the twentieth century A contemporary of Anna Akhmatova Marina Tsvetayeva and Boris Pasternak a touchstone for later masters such as Paul Celan and Robert Lowell Mandelstam was a crucial instigator of the revolution of the word that took place in St Petersburg only to be crushed by the Bolshevik Revolution Mandelstam s last poems written in the interval between his exile to the provinces by Stalin and his death in the Gulag are an extraordinary testament to the endurance of art in the presence of terror This book represents a collaboration between the scholar Clarence Brown and W S Merwin one of contemporary America s finest poets and translators It also includes Mandelstam s Conversation on Dante an uncategorizable work of genius containing the poet s deepest reflections on the nature of the poetic process **P-Z** Library of Congress. Office for Subject Cataloging Policy,1990 **Fedorov's Introduction to Translation Theory** Brian James

A Companion to Victorian Poetry Ciaran Cronin, 2008-04-15 This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety of critical approaches that illuminate it Approaches Victorian poetry by way of genre production and cultural context rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter
