Teaching Russian Through STEM Svetlana V. Nuss, Maria Khotimsky, 2024-12-30 Teaching Russian Through STEM Contexts Tools and Approaches addresses the growing demand for language courses that respond to the interests of students who are increasingly majoring in the fields of science technology engineering and mathematics This edited collection draws on the expertise of international contributors addressing the challenges of teaching Russian as a morphologically complex language

with a focus on vocabulary and syntax specific to STEM contexts Through a variety of case studies readers will access a theoretical foundation and practical examples of how to design and implement content based courses with a focus on STEM The book explores the challenges and opportunities of teaching Russian in the context of STEM providing educators with the tools and knowledge to create engaging and relevant language courses for today s students Teaching Russian Through STEM will be of interest to Russian language instructors curriculum developers and researchers in the field of Russian language pedagogy It will be particularly valuable for those interested in innovating their language courses and aligning them with the growing demand for STEM education

Content-Based Teaching of Russian as a Foreign Language Jason Merrill, Olga Makarova, Svetlana V. Nuss, 2025-05-19 Content Based Teaching of Russian as a Foreign Language explores how content based instruction can be applied in the teaching of Russian as an additional or heritage language Bringing together the perspectives and experiences of scholar practitioners this edited collection presents diverse contemporary approaches to the content based instruction of Russian Through case studies that detail content based courses and their evolution over recent years the volume offers valuable insights into pedagogical innovation for developing and modernizing curricula While grounded in research the case studies emphasize practical application providing models that can be adapted or replicated Each chapter offers lessons learned to help educators tailor these courses to various settings The chapters span all proficiency levels from beginner to advanced and they engage with a wide range of content The book will appeal to instructors of Russian in the fields of Russian studies and Slavonic studies as well as anyone interested in Russian language pedagogy foreign language acquisition or curriculum development

Transformative Language Learning and Teaching Betty Lou Leaver, Dan E. Davidson, Christine Campbell, 2021-01-21 A seminal work in the field this book shows how transformative education can be applied to world language programs

Russian Journal of Heavy Machinery ,1994

Explaining Russian-German code-mixing Nikolay Hakimov, 2021 The study of grammatical variation in language mixing has been at the core of research into bilingual language practices Although various motivations have been proposed in the literature to account for possible mixing patterns some of them are either controversial or remain untested Little is still known about whether and how frequency of use of linguistic elements can contribute to the patterning of bilingual talk This book is the first to systematically explore the factor usage frequency in a corpus of bilingual speech The two aims are i to describe and analyze the variation in mixing patterns in the speech of Russia German adolescents and young adults in Germany and ii to propose and test usage based explanations of variation in mixing patterns in three morphosyntactic contexts the adjective modified noun phrase the prepositional phrase and the plural marking of German noun insertions in bilingual sentences In these contexts German noun insertions combine with either Russian or German words and grammatical markers thus yielding mixed bilingual and German monolingual constituents in otherwise Russian sentences the latter also labelled as embedded language islands The results suggest that the frequency with which words are used together

mediates the distribution of mixing patterns in each of the examined contexts The differing impacts of co occurrence frequency are attributed to the distributional and semantic specifics of the analyzed morphosyntactic configurations Lexical frequency has been found to be another important determinant in this variation Other factors include recency or lexical priming in discourse in the case of prepositional phrases and phonological and structural similarities and differences in the inflectional systems of the contact languages in the case of plural marking Russian Teachers and Peasant Revolution Scott Joseph Seregny,1989 As the first study in any language of the crucial social link in rural Russia between broader society obshchestvo and the people narod Seregny s book will be read with great interest by all students or the late imperial period Soviet and Western William G Rosenberg This book is a timely and worthy addition to the body of work on the democratic intelligentsia of third element in prerevolutionary Russia The Russian Review compelling and moving History Today this substantial volume provides detailed evidence of the complexities and ambiguities inherent in the day to day zamstvo teacher peasant relationship in the period preceding the 1905 Revolution The Slavonic Review carefully researched and well documented The Journal of Peasant Studies Dance a While Anne M. Pittman,Marlys S. Waller,Cathy L. Dark,2015-04-21 The Tenth Edition of Dance a While continues the 65 year legacy of a textbook that has proven to be the standard of all recreational dance resources The authors have poured decades of experience and knowledge onto its pages providing a wealth of direction on American square contra international and social dance Each chapter is packed with expertly written instruction coupled with clear and detailed diagrams and informative history to provide students with well rounded training on over 260 individual dances The book also contains a music CD to allow for convenience when practicing outside of the classroom helping to make it an invaluable resource for students of dance at all levels Introduction to Healthcare for Russian-speaking Interpreters and Translators Ineke H.M. Crezee,Johanna Hautekiet,Lidia Rura,2021-11-15 Health interpreters and translators often face unpredictable assignments in the multifaceted healthcare setting This book is based on the very popular international publication Crezee 2013 and has been supplemented with commonly asked questions and glossaries in Russian Just like the 2013 textbook this practical resource will allow interpreters and translators to quickly read up on healthcare settings familiarizing themselves with anatomy physiology medical terminology and frequently encountered medical conditions diagnostic tests and treatment options This is an exceptionally useful and easily accessible handbook in particular for interpreters translators educators and other practitioners working between Russian and English Russian speakers represent a rich and diverse range of historical religious and cultural traditions This book covers some of those while also describing the Russian health system and touching on cultural beliefs and natural medicine approaches This unique book is an indispensable vade mecum go with me for anyone wanting to navigate language access involving speakers of Russian in the health setting *Russian Face to Face* George W. Morris,Zita D. Dabars,Nadezhda I. Smirnova,2000-11-30 Annotated Teacher Edition contains the student edition along with answers and teaching strategies **Three Russian**
