## **Russian Philosophy:**

The End of Russian Philosophy A. Deblasio, Alyssa DeBlasio, 2014-11-27 The End of Russian Philosophy describes and evaluates the troubled state of Russian philosophical thought in the post Soviet decades The book suggests that in order to revive philosophy as a universal professional discipline in Russia it may be necessary for Russian philosophy to first do away with the messianic traditions of the 19th century

**Philosophy in Russia** Frederick Copleston, 2010-01-07 Philosophy in Russia covers its subject broadly and in detail from the eighteenth century to Lenin and beyond into the post Stalin period It offers a continuous history of the development of philosophical thought in Russia and portraits of individual and influential thinkers The author devotes careful analysis to radicals such as Bakunin Herzen Chernyshevsky and Lavrov and to the Marxists such as Plekhanov and Lenin He also discusses the thought of writers such as Kireevsky Leontiev and Solovyev and examines the philosophically relevant ideas of Dostoevsky and Tolstoy He also discusses Russian thinkers in exile such as Berdyaev Frank N O Lossky and Shestov For historical reasons philosophical thought in Russia has tended to become socially or politically committed thought To what extent genuine philosophical thought has proved to be compatible with the monopoly enjoyed by Marxism Leninism in the fields of education and publishing is a crucial question discussed in this authoritative study

*Philosophical Thought in Russia in the Second Half of the Twentieth Century* Vladislav Lektorsky, Marina F. Bykova, 2019-01-10 Philosophical Thought in Russia in the Second Half of the 20th Century is the first book of its kind that offers a systematic overview of an often misrepresented period in Russia's philosophy Focusing on philosophical ideas produced during the late 1950s early 1990s it reconstructs the development of genuine philosophical thought in the Soviet period and introduces those non dogmatic Russian thinkers who saw in philosophy a means of reforming social and intellectual life Covering such areas of philosophical inquiry as philosophy of science philosophical anthropology the history of philosophy activity approach as well as communication and dialogue studies the volume presents and thoroughly discusses central topics and concepts developed by Soviet thinkers in that particular fields Written by a team of internationally recognized scholars from Russia and abroad it examines the work of well known Soviet philosophers such as Mikhail Bakhtin Evald Ilyenkov and Merab Mamardashvili as well as those important figures such as Vladimir Bibler Alexander Zinoviev Yuri Lotman Georgy Shchedrovitsky Genrich Batishchev Sergey Rubinstein and others who have often been overlooked By introducing and examining original philosophical ideas that evolved in the Soviet period the book confirms that not all Soviet philosophy was dogmatic and tied to orthodox Marxism and the ideology of Marxism Leninism It shows Russian philosophical development of the Soviet period in a new light as a philosophy defined by a genuine discourse of exploration and intellectual progress rather than stagnation and dogmatism In addition to providing the historical and cultural background that explains the development of the 20th century Russian philosophy the book also puts the discussed ideas and theories in the context of contemporary philosophical discussions showing their relevance to nowadays debates in

ve s key role in the pivotal exchange of ideas between Eastern and Western European intellectuals in the early twentieth century This book shines critical new light on the story of Alexandre Koj ve s intellectual origins and his role in the emigration of Russian philosophy into the West in the early twentieth century Trevor Wilson illustrates how Koj ve at once adversarial to the insular communities of migr philosophy and yet dependent on their networks and ideas for professional success navigated the specters of the Russian tradition in pursuit of an autonomous self definition as a philosopher and intellectual Alexandre Koj ve and the Specters of Russian Philosophy analyzes the philosopher s complicated relationship to the interwar diaspora and the complex role played by the Russian tradition in his intellectual formation Wilson examines Koj ve s early writings in the migr press on Russian religious philosophy Soviet politics and Eurasianism and argues for their enduring relevance for understanding Koj ve in his mature period Crucially he contextualizes Koj ve s famed seminars on Hegel and examines how Koj ve s thought became embedded in the politics of the Cold War Based on newly transcribed and translated archival material he highlights a previously unacknowledged transnational exchange of ideas between Eastern and Western European intellectuals and shows how it played a pivotal role in twentieth century intellectual history and its legacy in the twenty first [Russian Philosophy](#) James M. **The Phoenix of Philosophy** Mikhail Epstein, 2019-06-27 This groundbreaking work by one of the world s foremost

theoreticians of Russian literature culture and thought gives for the first time an extensive and detailed examination of the development of Russian thought during the late Soviet period Countering the traditional view of an intellectual wilderness under the Soviet regime Mikhail Epstein offers a systematic account of Russian thought in the second half of the 20th century In doing so he provides new insights into previously ignored areas such as Russian liberalism personalism structuralism neo rationalism and culturology Epstein shows how Russian philosophy and culture has long been trapped in an intellectual prison of its own making as it sought to create its own utopia However he demonstrates that it is time to reappraise Russian philosophical thought and cultural theory now freed from the bonds of totalitarianism We are left with not only a new and exciting interpretation of Russian thought but also an opportunity to rethink our own intellectual heritage

*Fiction's Overcoat* Edith W. Clowes, 2018-07-05 If Dostoevsky claimed that all Russian writers of his day came out from Gogol's *Overcoat* then Edith W. Clowes boldly expands his dramatic image to describe the emergence of Russian philosophy out from under the overcoat of Russian literature In *Fiction's Overcoat* Clowes responds to the view commonly held by Western European and North American thinkers that Russian culture has no philosophical tradition If that is true she asks why do readers everywhere turn to the classics of Russian literature at least in part because Russian writers so famously engage universal questions because they are so philosophical Her answer to this question is a lively and comprehensive volume that details the origins submergence and re emergence of a rich and vital Russian philosophical tradition During the late nineteenth and early twentieth centuries Russian philosophy emerged in conversation with narrative fiction radical journalism and speculative theology developing a distinct cultural discourse with its own claim to authority and truth Leading Russian thinkers Berdiaev Losev Rozanov Shestov and Solovyov made philosophy the primary forum in which Russians debated metaphysical aesthetic and ethical questions as well as issues of individual and national identity That debate was tragically truncated by the events of 1917 and the rise of the Soviet empire Today after seventy years of enforced silence this particularly Russian philosophical culture has resurfaced *Fiction's Overcoat* serves as a welcome guide to its complexities and nuances Historians and cultural critics will find in Clowes's book the story of the increasing refinement and diversification of Russian cultural discourse philosophers will find an alternative to the Western philosophical tradition and students of literature will enjoy the opportunity to rethink the great Russian novelists particularly Dostoevsky Pasternak and Platonov as important voices in the process of shaping and sustaining a new philosophy and ensuring its survival into our own age
