The United States Catalog Eleanor E. Hawkins, 1921 *The United States Catalog Supplement, January 1918-June 1921* Eleanor E. Hawkins, 1921 **Books in Print**, 1968 *The Svetlana Boym Reader* Svetlana Boym, 2018-04-19 Svetlana Boym was a prolific writer a charismatic professor a novelist and a public intellectual She was also a fiercely resourceful and reflective immigrant her most resonant book *The Future of Nostalgia* was deeply rooted in that experience Even after *The Future of Nostalgia* carried her fame beyond academic circles few readers were aware of all of her creative personas She was simply too prolific and her work migrated across most people's disciplinary boundaries from literary and cultural studies through film visual and material culture studies performance intermedia and new media *The Svetlana Boym Reader* presents a comprehensive view of Boym's singularly creative work in all its aspects It includes Boym's classic essays carefully chosen excerpts from her five books and journalistic gems Showcasing her roles both as curator and curated the reader includes interviews and excerpts from exhibition catalogues as well as samples of intermedial works like *Hydrant Immigrants* It also features autobiographical pieces that shed light on the genealogy of her scholarly work and rarities like an excerpt from Boym's first graduate school essay on Russian literature complete with marginalia by her mentor Donald Fanger Last but not least the reader includes late pieces that Boym did not live to see through publication as well as transcripts of her memorable last lectures and performances **Handbook of Russian Literature** Victor Terras, 1985-01-01 Profiles the careers of Russian authors scholars and critics and discusses the history of the Russian treatment of literary genres such as drama fiction and essays **Circular**, 1930 **Mandelstam's Worlds** Andrew Kahn, 2020-07-28 Rightly appreciated as a poet's poet Mandelstam has been habitually read as a repository of learned allusion Yet as Seamus Heaney observed his work is as firmly rooted in both an historical and cultural context as real as Joyce's *Ulysses* or Eliot's *Waste Land* Great lyric poets offer

a cross section of their times and Mandelstam's poems represent the worlds of politics history art and ideas about intimacy and creativity The interconnections between these domains and Mandelstam's writings are the subject of this book showing how engaged the poet was with the history social movements political ideology and aesthetics of his time The importance of the book also lies in showing how literature no less than history and philosophy enables readers to confront the huge upheaval in outlook can demand of us thinking with poetry is to think through the moral compromise and tension felt by individuals in public and private contexts and to create out of art experience in itself The book further innovates by integrating a new comprehensive discussion of the Voronezh Notebooks one of the supreme achievements of Russian poetry This book considers the full political dimension of works that explore the role of the poet as a figure positioned within society but outside the state caught between an ideal of creative independence and a devotion to the original ameliorative ideals of the revolution
