History of the Russian Revolution Vol. I Leon Trotsky, 2018-03-02 THE HISTORY OF THE RUSSIAN REVOLUTION Vol I The overthrow of Tzarism This book offers an unparalleled account of one of the most pivotal and hotly debated events in world history It reveals from the perspective of one of its central actors the revolution s profoundly democratic emancipatory character In this first part Trotsky analyzes the social and political characteristics of Russia preceding the Revolution and presents the events of 1917 till July It is an exciting chronicle and at the same time a historical document of extraordinary value Bi Classics also published part 2 and 3 of this fundamental political and historical work During the first two months of 1917 Russia was still a Romanov monarchy Eight months later the Bolsheviks stood at the helm They were little known to anybody when the year began and their leaders were still under indictment for state treason when they came to power You will not find another such sharp turn in history especially if you remember that it involves a nation of 150 million people It is clear that the events of 1917 whatever you think of them deserve study L Trotsky *The Russian Revolution* William Henry

Chamberlin,1965 **The Russian Revolution, Volume I** William Henry Chamberlin,2014-07 This book is a richly detailed account of the Russian Revolution from the fall of the Tsar in March 1917 to the introduction of the New Economic Policy in March 1921 The author draws on interviews and on other kinds of now unavailable documents to produce a work that remains a unique view of early Soviet Russia Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Russian Revolution Russell Trenton,2015-07-15 This gripping historical narrative relates the circumstances that led to the end of the Romanov Dynasty and the Russian aristocracy the heartrending struggles of the peasants the violence and bloodshed of the revolution and the rise of the new social order and its far reaching consequences that continue to be felt in Russia today In addition to the causes of the Russian revolution and the events that led to civil war the narrative delves into the mindset of the Bolshevik leadership and recounts the profound transformation and industrialization of the economy in the Soviet era

The Fall of the Russian Empire Edmund A. Walsh S. J. Ph. D.,2009-01-01 A work delving into the end of the Romanov dynasty and the rise of the Bolsheviks by a foremost figure in the field of geopolitics in the early 20th century The Russian Revolution 1917 Nick Shepley,2016-07-11 In the third year of the First World War The Russian Empire experienced a year of revolutionary turmoil that saw the fall of the emperor Tsar Nicholas II This was followed by the creation of an interim government which in turn was overthrown by an extreme revolutionary socialist regime in October that year By the end of 1917 a government that would rule Russia as a dictatorship for most of the rest of the 20th Century was firmly in power and its establishment would have profound implications for the rest of Russian and 20th Century history However the revolution was not simply the product of short term events instead it developed from long term problems and challenges from within Russia which the government of the tsars was incapable of controlling The purpose of this ebook is to focus closely on the revolutionary year of 1917 and explain why not just one but two governments fell in that year It will also examine how and why the Bolsheviks a revolutionary socialist party came to power Firstly however we must explore the long term causes of the Russian Revolution which stretch back deep into Russian history This e book also features advice on source based questions and a section on historical interpretations of the Russian Revolution *From Tsar To Soviets* Christopher Reed,2005-11-10 Written from the perspective of the factory worker and peasant at the ground level this study of Russia during the Revolution 1917-21 aims to shed light on the realities of living through and participating in these tumultuous events The book is intended for undergraduate courses in history Soviet studies and politics **The History of the Russian Revolution (Russian)** Leon Trotsky,2015-06-01 First of three volumes of Leon Trotsky s classic account of the

social economic and political dynamics of the first socialist revolution as told by one of its central leaders Trotsky describes how under Lenin's leadership the Bolshevik Party led the working class peasantry and oppressed nationalities to overturn the monarchist regime of the landlords and capitalists and bring to power a government of the workers and peasants one that set an example for toilers the world over Nowhere are those world shattering events explained with more clarity and insight than in this powerful account *A Short History of the Russian Revolution* Geoffrey Swain,2017-01-30 In 1917 revolutionary fervour swept through Russia ending centuries of imperial rule and instigating political and social changes that would lead to the formation of the Soviet Union Arising out of proletariat discontent with the Tsarist autocracy and Lenin's proclaimed version of a Marxist ideology the revolutionary period saw a complete overhaul of Russian politics and society and led directly to the ensuing civil war The Soviet Union eventually became the world's first communist state and the events of 1917 proved to be one of the turning points in world history setting in motion a chain of events which would change the entire course of the twentieth century Geoffrey Swain provides a concise yet thorough overview of the revolution and the path to civil war By looking with fresh perspectives on the causes of the revolution as well as the international response Swain provides a new interpretation of the events of 1917 published to coincide with the 100th anniversary of the revolution

The Russian Revolution William Henry Chamberlin,1965 **The Russian Revolution** E. M. Halliday,2016-11-03 The turbulent events that overtook Russia in 1917 are often called one of history's great turning points In March of that year a corrupt outdated careworn autocracy the 300 year old Romanov dynasty was overthrown by a spontaneous uprising of Russia's long oppressed masses During the next few months Alexander Kerensky and other liberals in the provisional government attempted to adopt reforms But the continuing hardships of World War I and the pressure of Vladimir Lenin's Bolsheviks proved too much for them In the relatively bloodless coup d'etat of November 7 Lenin and his associates seized control of the state Here from the eminent historian E M Halliday is the dramatic story of the Russian Revolution *The Spanish Anarchists and the Russian Revolution, 1917-24* Arturo Zoffmann Rodriguez,2023-10-02 The Spanish Anarchists and the Russian Revolution 1917-24 explores the impact of the Russian Revolution on the world's most powerful anarchist movement the Spanish National Confederation of Labour The monograph traces the curve of euphoria followed by scepticism that characterized anarchist reactions to the Soviet experiment in 1917-24 This book unearths the interactions between anarchists and Bolsheviks and assesses their significance for social conflict in Spain and for the foundation of international communism The Spanish anarchists are a window to examine the global appeal of the Bolsheviks among diverse non Marxist militant groups at a time of cross fertilization for the left internationally Through the case study of the Spanish anarchists this book highlights how identification with the victorious Russian Bolsheviks became a rousing device and a political asset at a time of intense social effervescence when in the eyes of many world revolution seemed imminent However for heterodox non Marxist forces such as the Spanish anarchists the Soviet model had to be negotiated and adapted to local conditions and

political traditions This book later traces the ending of this phase of cross fertilization at a time of defeat and demoralization for the labour movement in Spain and across Europe
