M.,1917 **New Approaches to Slavic Verbs of Motion** Victoria Hasko,Renee Perelmutter,2010-05-06 This volume unifies a wide breadth of interdisciplinary studies examining the expression of motion in Slavic languages The contributors to the volume have joined in the discussion of Slavic motion talk from diachronic typological comparative cognitive and acquisitional perspectives with a particular focus on verbs of motion the nuclei of the lexicalization patterns for encoding motion Motion verbs are notorious among Slavic linguists for their baffling idiosyncratic behavior in their lexical semantic syntactical and aspectual characteristics The collaborative effort of this volume is aimed both at highlighting and accounting for the unique properties of Slavic verbs of motion and at situating Slavic languages within the larger framework of typological research investigating cross linguistic encoding of the motion domain Due to the multiplicity of approaches to the linguistic analysis the collection offers it will suitably complement courses and programs of study focusing on Slavic linguistics as well as typology diachronic and comparative linguistics semantics and second language acquisition **A Practical Grammar of the Russian Language** James Heard,1827

The Russian Verb David Korn,1966 **Modern Russian Grammar** John Dunn,Shamil Khairov,2008-12-02 Modern Russian Grammar A Practical Guide is an innovative reference guide to Russian combining traditional and function based grammar in a single volume The Grammar is divided into two parts Part A covers traditional grammatical categories such as agreement nouns verbs and adjectives Part B is carefully organized around language functions covering all major communication situations With a strong emphasis on contemporary usage all grammar points and functions are richly illustrated with examples Main features of the Grammar include clear explanations emphasis on areas of particular difficulty for learners of Russian such as numerals and verbs of motion extensive cross referencing between the different sections This is the ideal reference grammar for learners of Russian at all levels from beginner to advanced No prior knowledge of grammatical terminology is assumed and a glossary of grammatical terms is provided The Language of Memory in a Crosslinguistic Perspective Mengistu Amberber,2007 This book offers for the first time a detailed comparative study of how

speakers of different languages express memory concepts While there is a robust body of psycholinguistic research that bears on how memory and language are related there is no comparative study of how speakers themselves conceptualize memory as reflected in their use of language to talk about memory This book addresses a key question how do speakers of different languages talk about the experience of having prior experiences coming to mind remembering or failing to come to mind forgetting A complex array of answers is provided through detailed grammatical and semantic investigation of different languages including English German Polish Russian and also a number of non Indo European languages Amharic Cree Dalabon Korean and Mandarin In addition the book calls for a broader interdisciplinary engagement by urging that cognitive semantics be integrated with other sciences of memory

Emerging Bilingual Speech Anna Verschik,2011-10-20 Anna Verschik offers a new perspective on how a previously monolingual community of Russian speakers in Estonia is rapidly becoming bilingual after the end of the Soviet occupation in 1991 The contact induced change in Russian under the growing impact of Estonian is analysed in the theoretical framework of code copying Changes in linguistic behaviour of the speakers are often a result of intentional cultivation of non monolingual communication strategies and language policies and go hand in hand with the development of a new identity Estonian Russians *Emerging Bilingual Speech* is a fascinating study that will be of interest to researchers studying language contact language change and bilingualism

Ten Lectures on Cognitive Linguistics as an Empirical Science Laura A. Janda,2018-06-05 *Ten Lectures on Cognitive Linguistics as an Empirical Science* details the relationship between form and meaning in language especially at the systematic level of morphology The role of metaphor and metonymy in elaborating meaning are investigated as well as the structuring of semantics in terms of prototypes and radial categories Implications for cultural studies and pedagogical applications are explored The bulk of examples and data are drawn from the Slavic languages

Russian and Slavic Grammar Roman Jakobson,1984 Roman Jakobson was a major contributor to Slavic and general linguistics and poetics for over half a century and his worldwide influence continues undiminished In the articles given here there is a discussion of both the semantic and the formal aspects of language in the light of each other since for him they are intrinsically connected Jacket
