Russias Democratic Moment Defining Us:

Monthly Catalog of United States Government Publications ,1995 *Monthly Catalogue, United States Public Documents* ,1995 **Russia's Identity in International Relations** Ray Taras,2012 Bringing together leading scholars from Russia and outside experts on Russia this book looks at the difference between the image Russia has of itself and the way it is viewed in the West It discusses the historical cultural and political foundations that these images are built upon and goes on to analyse how contested these images are and their impact on Russian identity The book questions whether differing images explain fractiousness in Western Russian relations in the new century or whether distinct imaginary solitudes offer a better platform from which to negotiate differences Providing an innovative comparative study of contemporary images of the country and their impact the book is a significant contribution to studies of globalisation and international relations *The Balance of Power in Asia-Pacific Security* Liselotte Odgaard,2007-01-24 Investigating the dynamics of balancing patterns in the Asia Pacific this book makes a convincing contribution to the debate on the US China relationship **The Middle East, Abstracts and Index** ,2004 *Subcultures and New Religious Movements in Russia and East-Central Europe* George McKay,2009 Based on extensive ethnographic research this collection uses a variety of theoretical perspectives and methodologies to examine some of the many subcultures and new religious movements that have emerged in Central and Eastern Europe since the fall of communism **Lessons from Russia** Lee Marsden,2018-10-08 Lee Marsden presents one of the most original and comprehensive analyses of US democracy promotion in Russia and argues that in order to understand the failings of democracy assistance in Russia it is necessary to understand the inter relation of macro and micro level policy The book introduces two new models of foreign policy analysis which increase understanding of both the formulation and implementation of foreign policy Furthermore it demonstrates how the promotion of democracy in Russia was substantially flawed due to implementation and the US foreign policy process

Russia's Foreign Policy Objectives United States. Congress. House. Committee on International Relations,2000

Russian/Soviet Studies in the United States, Amerikanistika in Russia Ivan Kurilla,Victoria I. Zhuravleva,2015-12-09 The contributors in this interdisciplinary collection address the problem of interconnection between the study of the Other either Russian or American and the shaping of national identities in the two countries at different stages of US Russian relations The focus of research interests were typically determined by the political and social debates in scholars native countries In this book leading Russian and American scholars analyze the problems arising from these intersections of academic political and sociocultural contexts and the implicit biases they entail The book is divided into two parts the first being a historical overview of past configurations of the interrelationship between fields and agendas and the second covering the role of institutionalized area studies in the twentieth and early twenty first centuries In both parts the role of the human factor in the study of mutual representations is elucidating **Economic Nationalism in a Globalizing World** Eric

Helleiner, Andreas Pickel, 2018-08-06 Is economic nationalism an outdated phenomenon in light of globalization Economic Nationalism in a Globalizing World demonstrates the enduring and even heightened economic significance of national identities and nationalism in the current age The volume s contributors pioneers in the reinterpretation of economic nationalism explore diverse ways in which national identities and nationalism continue to shape contemporary economic policies and processes The authors examine the question in a range of geographical contexts and issues European Union food politics competitiveness strategies in New Zealand East Asian development strategies Japanese liberalization monetary politics in Quebec and Germany and post Soviet economic reforms Together the cases explore the policy breadth of nationalism It is not just a protectionist ideology but is in fact associated with a wide variety of economic policies including support for economic liberalization and globalization

Report to the 31st Washington Legislature, January, 1949: First [-second] Report, un-American activities in Washington State, 1948 [Transcript of proceedings, Jan. 27-Feb. 5, 1948 Washington (State). Legislature. Joint Legislative Fact-Finding Committee on Un-American Activities, 1946 The Communist Conspiracy: Communism outside the United States. section A. Marxist classics. section B. The U.S.S.R. section C. The world congresses of the Communist International. section D. Communist activities around the world. section E. The Comintern and the CPUSA United States. Congress. House. Committee on Un-American Activities, 1956 **Congressional Record** United States. Congress, 1994 The Longman Companion to America, Russia and the Cold War, 1941-1998 John W. Young, 2014-07-30 This reference guide throws light on almost every aspect of postwar international history from the rise of Mao s China to the Bosnian Civil War It provides a huge wealth of information on East West relations setting events crises and conflicts in their full international context

The Icarus Curse Johan Van Overtveldt, 2024-12-10 Economic anxiety and loss of trust in civic institutions are driving more and more people to political extremes How did we get here and how do we get our economic policies back on track before the democracies of the world derail From former Belgian minister of finance and bestselling author Johan Van Overtveldt comes a new analysis of the economic forces that have driven us to the brink of a democratic breakdown The Icarus Curse offers a stark assessment of the current state of Western democracies once celebrated as the pinnacle of political and economic success With the demise of the Soviet Union and China s emergence onto the world stage the Western model faced no viable challengers However three decades later Western democracies find themselves under siege both externally and internally Russia Iran and especially China openly challenge the liberal Western order while internally citizens increasingly question the democratic and free market system leading to polarization and social unrest The political elite in most Western democracies flew too close to the sun and now they re crashing In The Icarus Curse Van Overtveldt argues that decades of Keynesian inspired policies have led to policy exhaustion with politicians fueling unrealistic expectations and accumulating debt Despite central bankers efforts to mitigate crises the current policy model is unsustainable leaving little room for significant change Yet there is hope for redemption Van Overtveldt reviews the ideas of

Adam Smith John Maynard Keynes and Paul Volcker to put forward ideas to redesign policies for a brighter economic future
The Chechen Conflict and Russian Democratic Development United States. Congress. Commission on Security and Cooperation in Europe,1996 **The Women's Liberation Movement in Russia** Richard Stites,1978-02-21 This book offers a brilliant treatment of many facets of its subject but it also ends up being for the reader one of the finest general histories to be found of these crucial years in Russian history The source material is unbelievably detailed and clearly cited on each page Not only that the writing is at many points the boldest clearest I ve almost ever found in the Academy The author s opinions summaries insights easily spill out of the historical constructions The presence of the author s psyche he never hides behind his quotes means the material is contoured The reader gets not only huge amounts of information but an authorial presence as company that is often daring bold insightful revelatory And one stylistic point made me especially happy when Stites uses metaphors to explain history these are revelatory and their internal implications are followed through in the prose from [www goodreads com](http://www.goodreads.com) Feb 2 2011 *The Troubled Birth of Russian Democracy: Parties, Personalities, and Programs* ,1993 The demise of communism in the Soviet Union could not have occurred without the activism of dissident anticommunist leaders who created and nourished a climate in which ordinary Russians gained the courage to stand up to and defeat communist control But with communism ousted what new form of government and what new leaders will emerge in Russia a society that has never known democracy Michael McFaul a research associate at Stanford University s Center for International Security and Arms Control and Sergei Markov an assistant professor at Moscow State University interviewed anti communist leaders and collected the documents of anticommunist parties in the months preceding and immediately following the August 1991 attempted coup d etat To examine the range of the political spectrum in Russia they also talked to procommunist leaders who emerged to oppose Mikhail Gorbachev s reforms nationalist and anti Semitic leaders of movements such as Pamyat labor unions Christian movements and organizations opposed to the division of the Soviet Union What emerges is a kaleidoscope of leaders with distinct ideas on key issues facing Russia how to reform the economy what role the market should play in a new economic system how to respond to growing demands from non Russian republics for independence what leaders can be trusted what Russia s relations with the West should be and what form of government would be best for Russia Gathered here are essays offering historical background on the parties selected interviews with prominent members of these groups and important party documents Whether democracy will flourish in Russia remains in question The parties profiled here actively involved in the debate over Russia s future offer readers an insider s look into contemporary Russian politics **The Tragedy of Russia's Reforms** Peter Reddaway,Dmitri Glinski,2001 Examines the collapse of the Soviet Union in 1991 and the birth of the Russian state focusing on Yeltsin s disastrous policies which brought on an economic collapse almost twice as severe as America s Great Depression Soviet Life ,1972
