Peace in the Middle Ages Wolf, Anne-Marie, 2024. In the popular imagination, the Middle Ages are often seen as a period in which people's lives were especially affected by violence, including violence based on religion. Their thoughts about peace have been neglected. Using a variety of primary sources, this book introduces readers to ways that medieval Jews, Christians, and Muslims approached the concept of peace and insists that their respective approaches are best explored side by side rather than separately. This book examines how peace was discussed, negotiated, dreamed about, created in gardens, and woven into folktales and commentaries.

The Christian Consumer Laura M. Hartman, 2011-11-29. Be it fair trade coffee or foreign oil, our choices as consumers affect the well-being of humans around the globe, not to mention the natural world, and of course ourselves. Consumption is a serious ethical issue, and Christian writers throughout history have weighed in discussing topics such as affluence and poverty, greed and gluttony, and proper stewardship of resources. These voices are often at odds, however. In this book, Laura M. Hartman formulates a coherent Christian ethic of consumption, imposing order on the debate by dividing it into four imperatives: Christians are to consume in ways that avoid sin, embrace creation, love one's neighbor, and envision the future. An adequate ethics of consumption, she argues, must include all four considerations as tools for discernment, even when they seem to contradict one another. The book includes discussions of Christian practices such as fasting, gratitude, solidarity, gift-giving, Sabbath-keeping, and the Eucharist. Using exemplars from the Christian tradition and practical examples from everyday life, *The Christian Consumer* offers a thoughtful guide to ethical consumption.

From Judaism to Christianity: Tradition and Transition Patricia Walters, 2010-09-24. As a far-reaching tribute to the distinguished career of Thomas H. Tobin, S.J., a team of outstanding biblical scholars has joined to offer essays on the religious milieu of the ancient Mediterranean region. Challenged by Hellenistic and Greco-Roman cultural and political domination, the religious struggles of Jewish and later Christian communities sought to maintain tradition as well as mitigate transition. Jewish responses to a Hellenistic world are revealed anew in the Dead Sea Scrolls and the works of Artapanus and Philo. Also, Christian views on the transitory world of the early centuries of the Common Era are brought to light in the New Testament, apocryphal texts, and Patristic writings. Professors and students alike will benefit from the depth and breadth of this fresh scholarship.

Time and Difference in Rabbinic Judaism Sarit Kattan Gribetz, 2022-08-09. How the rabbis of late

antiquity used time to define the boundaries of Jewish identity The rabbinic corpus begins with a question when and is brimming with discussions about time and the relationship between people God and the hour Time and Difference in Rabbinic Judaism explores the rhythms of time that animated the rabbinic world of late antiquity revealing how rabbis conceptualized time as a way of constructing difference between themselves and imperial Rome Jews and Christians men and women and human and divine In each chapter Sarit Kattan Gribetz explores a unique aspect of rabbinic discourse on time She shows how the ancient rabbinic texts artfully subvert Roman imperialism by offering rabbinic time as an alternative to Roman time She examines rabbinic discourse about the Sabbath demonstrating how the weekly day of rest marked Jewish time from Christian time Gribetz looks at gendered daily rituals showing how rabbis created men s time and women s time by mandating certain rituals for men and others for women She delves into rabbinic writings that reflect on how God spends time and how God s use of time relates to human beings merging divine time with human time Finally she traces the legacies of rabbinic constructions of time in the medieval and modern periods Time and Difference in Rabbinic Judaism sheds new light on the central role that time played in the construction of Jewish identity subjectivity and theology during this transformative period in the history of Judaism *The Origins of Organized Charity in Rabbinic Judaism* Gregg E.
