Swagerty, 2012-10-29 Although some have attributed the success of the Lewis and Clark expedition primarily to gunpowder and gumption historian William R Swagerty demonstrates in this two volume set that adopting Indian ways of procuring processing and transporting food and gear was crucial to the survival of the Corps of Discovery The Indianization of Lewis and Clark retraces the well known trail of America s most famous explorers as a journey into the heart of Native America a case study of successful material adaptation and cultural borrowing Beginning with a broad examination of regional demographics and folkways Swagerty describes the cultural baggage and material preferences the expedition carried west in 1804 Detailing this baseline reveals which Indian influences were already part of Jeffersonian American culture and which were progressive adaptations the Corpsmen made of Indian ways in the course of their journey Swagerty s exhaustive research offers detailed information on both Indian and Euro American science medicine cartography and cuisine and on a wide range of technologies and material culture Readers learn what the Corpsmen wore what they ate how they traveled and where they slept and with whom before during and after the return Indianization is as old as contact experiences between Native Americans and Europeans Lewis and Clark took the process to a new level accepting the hospitality of dozens of Native groups as they sought a navigable water route to the Pacific This richly illustrated interdisciplinary study provides a unique and complex portrait of the material and cultural legacy of Indian America offering readers perspective on lessons learned but largely forgotten in the aftermath of the epic journey **Weber Studies**, 2002

**Literature Connections to American History K6** Lynda G. Adamson, 1997-09-15 Identifying thousands of historical fiction novels biographies history trade books CD ROMs and videotapes this book helps you locate resources on American

history for students Each book presents information in two sections In the first part titles are listed according to grade levels within eras and further organized according to product type The books cover American history from North America Before 1600 and The American Colonies 1600 1774 to The Mid Twentieth Century 1946 1975 and Since 1975 The second section has annotated bibliographies that describe each title and includes publication information and awards won The focus is on books published since 1990 and all have received at least one favorable review Some books with more illustration than text will be valuable for enticing slow or reticent readers An index helps users find resources by author title or biographical subject
