Sacrament And Struggle Signs And Instruments Of Grace From The Downtrodden:

Sacrament and Struggle Kenith A. David, 1994-01-01 Sacrament Struggle Signs Instruments of Grace from the Downtrodden **The Gift of Grace** Niels Henrik Gregersen, This landmark volume the first of two assesses the prospects and promise of Lutheran theology at the opening of a new millennium From four continents the thirty noted and respected contributors not only gauge how such classic themes as grace the cross and justification wear today but also look to key issues of ecumenism social justice global religious life and the impact of contemporary science on Christian belief The Sacraments Ross Thompson, 2006 Provides a grounding in the historical development of the Sacraments from the Old Testament through to modern day thinking General ideas of sacraments and ritual are covered as well as Old Testament practices the response of Jesus and the Early Church **Baptism, Superstitions, and the Supernatural** Lesley George Anderson, 2022-07-07 Baptism Superstitions and the Supernatural by Rev Dr Lesley G Anderson is a book uniquely and unquestionably one of the most informative and remarkable of its type The sacrament of baptism is undoubtedly to this day an exceedingly controversial sacrament of the Christian Church The continuing differing debates arguments and views about adult believers versus infant baptism are examined Superstitions and the supernatural associated with this sacrament are given adequate attention in addition to the many other informative factors relating to this sacrament Further this sacrament is examined as a scriptural psychological theological and social reality The introduction of baptism as a liturgical phenomenon highlights the educational quality of this book as it takes the reader into the interesting and fascinating areas of baptism of blood baptism by fire baptism of the dead baptism of the Holy Spirit and baptism in the name of Jesus only In addition this book brings to the fore an intrinsic excitement and understanding about the symbols and symbolism images and mysteries signs and wonders associated with this sacrament The role of the Holy Spirit and the centrality of Jesus in the baptismal act are of importance recognized If symbolically baptism means dying to sin and rising to new life with Christ does this apply only to adult believers This book explores the question against the background of research conducted in the Central American country of Belize that unearthed the views and beliefs of laypersons The reach of the work extends beyond Belize and Methodist traditions are compared with contrasting beliefs and practices of other denominations Popular superstitions associated with baptism are also explored as well as the impact of African cultural practices on Christian theology in the lived experience of Caribbean peoples Although this research was conducted in Belize it is borderless and boundless Of vital interest is the exploration of this sacrament in African religious beliefs and cultural practices According to Professor Neville Duncan former director of the Sir Arthur Lewis Institute of Social and Economic Studies at the University of the West Indies Mona Jamaica the book is theologically and sociologically stimulating while written from the Methodist perspective the issues raised will resonate with all Christian denominations All denominations noted in this book are given their due respect regardless of their beliefs and or baptismal practices **Beyond Ritual** Siobhán Garrigan, 2017-03-02 In

Beyond Ritual Siobhan Garrigan uses Habermas's theory of communicative action to suggest two things first a method by which theology can access the ritual symbols by which faith is formed and secondly a metaphor of intersubjectivity with which theology can propose an interpretative rather than an instrumental understanding of sacramentality and thus of God Through fieldwork studies of both marginal and mainstream Christian Eucharists Garrigan develops the conversation between Habermas's philosophy and Christian theology showing how ritual interactions form and challenge our very idea of God

Progress in Unity? Martien E. Brinkman, 1995 As an expert and lively tour guide Brinkman takes the reader through the breathtaking landscape of a half century of ecumenical dialogue The author makes an invaluable contribution by his deft selection of documents his thought provoking commentary on key issues and his keen discernment of the missionary challenge that faces the church of Christ as it travels on the road to greater visible unity the work is equally suitable for personal reading and for the college or seminary classroom A veritable feast for ecumenical and evangelical readers This work is a refreshing stimulus to reflection prayer and action for the unity and mission of the church in a troubled world

George Vandervelde President of the North American Academy of Ecumenists Professor of Systematic Theology Institute for Christian Studies Toronto Canada One thing becomes clear from Martien Brinkman's book those who claim that the ecumenical movement went into a deadlock have not studied its results Most people suffer from a lack of memory when it comes to the history of ecumenical theology during the past 70 years This book provides medicine for ecumenical amnesia It deals especially with the Faith and Order Movement and Commission within the World Council of Churches There flows from Brinkman's book a whole new stream of an ecumenical theological tradition which is scarcely known even to academic theologians This tradition treats of such matters as Scripture and Tradition Faith and Sacraments Church World and Kingdom of God This book provides an excellent overview and in depth evaluation of the major currents in this developing ecumenical tradition It will certainly promote its reception in the churches and its study in the academy At the same time however it keeps an eye open for the difficulties and tensions of the dialogue between ecumenical and evangelical Christians and between the theological methods of the North and the South It will be difficult to find any more reliable study guide to the results of the multilateral ecumenical dialogues of the twentieth century

Anton Houtepen Professor of Ecumenism University of Utrecht The Netherlands This book conceived as a study guide to the Faith and Order Movement does precisely what it sets out to do and does it well It brings the reader into close contact with the documents and studies published by this influential section of the World Council of Churches Such an inventory comes at the right time just as the Commission on Faith and Order takes stock after the World Conference of Santiago and under the guidance of a new director It is no secret that Faith and Order has been invited to reflect upon its future orientation The well documented and orderly survey which Prof Brinkman offers us here will certainly be of help in such a process

Liberation Theology Curt Cadorette,Marie Giblin,Marilyn J. Legge,Mary H. Snyder,2004-04-27 In the past twenty five years liberation theology has emerged as one of the most influential challenging and controversial movements in modern theology Whether in its Asian African Latin American or African American forms liberation theology has undertaken to reexamine the dimensions of Christian faith from the perspective of the marginalized and oppressed Here at last is a collection of readings from a cross section of the world s leading exponents of liberation theology designed to offer an overview of liberation theology and its central themes Topics included are methodology christology ecclesiology and spirituality Each chapter includes a helpful introduction and questions for discussion making this an ideal introductory text for students as well as scholars and other general readers Contributors Maria Pilar Aquino Tissa Balasuriya Dominique Barbe Clodovis Boff Leonardo Boff Ernesto Cardenal Chung Hyun Kyung James H Cone Jean Marc Ela Ivone Gebara Gustavo Gutierrez Mary Hunt Sallie McFague Mary John Mananzan Carlos Mesters Anne Nasimiyu Wasike Sun Ai Park Jon Sobrino Charles Villa Vicencio Yong Ting Jin **Historical and Social Dimensions in African Christian Theology** Wilson Muoha Maina,2009-01-01 African Christian theology has been developing for the last four decades The trend has been to focus on traditional African religions as a foundation for Christian theology While acknowledging the importance of African traditional religions to Christian theology in Africa this study argues that African history progressively changes and it is these changed and changing circumstances that theology is to address This work analyzes issues affecting Africa today and shows the social and political role that Christianity has to play in an African context This study views enculturation as a dialogue among African Christians their history and culture and Christian teachings Theological approaches such as anthropological liberation and historical are analyzed from the perspective of Small Christian Communities SCCs which are a recent development in African Christianity SCCs are presented as a concrete hermeneutical tool in theological analyses Further this work acknowledges the indispensable need for an authentic African Christology in an African Christian theology While critical of contemporary African Christology the study also suggests issues to be considered in the development of African Christology **LWF Documentation** Lutheran World Federation,2001 **Manual of Universal Church History** Johannes Baptist Alzog,1902
