Gabrielli, 2013 What are we doing when we confirm teenagers Why is the religious education of teenagers so perplexing Why is confirmation often a moment of graduation out of parish life Confirmation How a Sacrament of God's Grace Became All about Us tells the story of how confirmation more than any other sacrament has interacted with secular culture to give rise to these kinds of pastoral challenges At the same time confirmation has over the course of the twentieth century become a sacramental stamp of approval for various Catholic renewal movements The cultural shifts of the last century have led to various theological themes for confirmation creating a crisis of meaning today Is confirmation a personal choice for faith or is it the deepening of an ongoing relationship with the Divine Timothy Gabrielli gives us a fresh approach for addressing these pressing questions La Vida Sacra James Empereur, Eduardo Fernández, 2006-10-12 La Vida Sacra Contemporary Hispanic Sacramental Theology is an original insightful approach to the sacraments from the perspective and actual practice of Latinos over the centuries It offers a distinctive take on the actual belief and enculturation of the sacraments in the Latino experience and context Due to the growing presence of Hispanics in this country churches are looking for new and innovative ways to fit them into their congregations The existence of Hispanics and more importantly the value of their religious experiences are being gradually accepted in theological societies Eduardo Fernández and James Empereur's new book fills the need for a more comprehensive and richer context for sacramental theology As the newest book in the Celebrating Faith Series it is ideal for theology courses as well as directors of ministerial programs and their students who are looking to place Hispanic sacramentality in the larger framework of sacramental theology Signs of Freedom Martinez, German, 2003 A comprehensive innovative and coherent vision of the sacraments that takes into account current biblical theological liturgical

and ministerial developments and challenges the reader to a new awareness of their spiritual power to transform communities and lives

Everything is Sacred Thomas J. Scirghi, 2012-03-01 The perfect guidebook for curious parents enthusiastic newcomers and confused cradle Catholics Frankly this is the best book on baptism I've ever read James Martin S J author of the New York Times Bestseller *The Jesuit Guide to Almost Everything* Baptism is the beginning of one's life in the community of the church and the gateway to the rest of the sacraments Isn't it better to get baptized when you're older and can understand what you're doing Does my baby have to be baptized immediately Will my child go to hell limbo or purgatory if God forbid he or she dies before baptism Why are so many baptisms done during the Mass these days What's the role of the godparents Do they have to be Catholics Christians Believers These are questions from good Catholics that deserve good answers If people remain confused about baptism they will be confused about the sacramental life of the church and by extension their faith Thomas Scirghi has written a fine book on baptism for the 21st century church Rooted deeply in Scripture the authoritative teaching of the Catholic Church and the living tradition of sacramental practice Scirghi's book is laced with literary cultural and everyday examples that allow readers to grasp or grasp anew the continuing significance of baptism in the life of the Church and in their own lives Timothy Brunk Assistant Professor of Theology Villanova University Thomas Scirghi S J is associate professor of systematic theology at Fordham University in New York He's a practical theologian writing for an audience of non theologians who desire a deeper understanding of the faith

Why the Catholic Church Must Change Margaret Nutting Ralph, 2014-09-04 Why do a third of the people raised Catholic

in the United States no longer worship as Catholics Why has the Catholic Church lost a credible teaching voice for many young people Does the fault lie entirely with those individuals and with the secular culture In *Why the Catholic Church Must Change* Margaret Nutting Ralph first affirms that Catholics are called to seek the truth and to follow their well formed consciences not simply to submit mind and will to the teachings of the Magisterium She then argues that the Catholic Church which has been open to change in the twentieth century must continue to be open to change in the twenty first century change in some of its teachings and in some of its practices The Catholic Church has changed in the past and is being called to change in the present Before that change can occur the Church must enter into respectful dialogue about pertinent issues such as contraception women s ordination and homosexuality and present practices Ralph contends that Catholic culture not just secular culture needs a critical examination Why the Catholic Church Must Change engages the reader to enter into a necessary yet reasoned conversation about pertinent issues such as contraception women s ordination and homosexuality and present practices surrounding the Catholic Church Margaret Nutting Ralph critically examines pertinent topics of not just the secular culture but the Catholic culture that affects both families and culture as a whole and presents a model for how to discuss difficult issues in a respectful and thoughtful manner Ralph successfully discusses the issues surrounding the Catholic Church with awareness that the church is not the whole body of Christ **Doors to the Sacred** Joseph

Martos,2001 A work of major importance written for an ecumenical audience *Doors to the Sacred* is a sweeping and detailed account of the historical and cultural evolution of sacramental rituals and practices Since its initial publication the book has garnered widespread critical acclaim and has become a mainstay not only for students but for all thinking Christians who want to understand the past fully while making their present participation in the sacraments more genuine and intelligent Martos has greatly expanded all of the bibliographic material and has incorporated the latest developments in theological study and inquiry His focus is on the seven ecclesial sacraments of the Catholic Church Baptism Confirmation Eucharist Reconciliation Anointing Marriage and Orders Though based on thorough research and impressive scholarship *Doors to the Sacred* is written in a lively style that will be welcomed by a general audience Paperback *The Funny Risen Jesus. Elias Christology Now!* Elias Rinaldo Gamboriko AJ. Ph. D .,2012-05 The 21st Century Church is in crisis Throughout various Christian denominations humanity is lost on its definition about the Messiah and how they personally relate to him at individual level Compared to other complement religious faiths Christianity can be said to have lost its actual interpretation about the suffering death and resurrection of the Son of Man Christians are also responsible for wondering away from the true faith given the rebellious nature of man and love for the creation rather than the Creator Himself As a result many people have found comfort in things that do not satisfy and largely deviate from the teaching of our Lord about seeking his Kingdom first and the rest to follow In Christology change is almost the source of uncertainty and a measure of fear and anxiety For many this fear is difficult to manage and it causes various reactions Some negative reactions to accept Christ

include denial ignorance isolation anger resistance and resentment These reactions can cause serious effects on the environment in which the change is taking place The results can be oppression suppression violence and lack of self control A personal brief Christological study will reveal such reactions when humanity lacks a clear definition and relation with Christ The drastic transition taking place in social structures and the shifting of the long held beliefs is destroying the defining lines between Christ and Humanity The impact of these confusing ideas has been always negative where humanity no longer upholds to the teachings of the church Many people suffer violence and murder children have become victims of resentment and Christianity bears the scars of deterioration This book addresses answers to these critical occurrences from the perspective of modern Christology The purpose the relationship and role of human experience is explored presented and supported by biblical concepts in line with the original concept of creation and why Christ had to be presented as the Son of Man in human flesh

Ascend Eric Stoltz,Vince Tomkovicz,2009 This book is a contemporary scripture rich and visual exploration of the Catholic faith for young adults There are chapter profiles on Christian role models from both ancient and modern times and discussions of contemporary events from a Christian perspective Adapted from back cover Reformed Sacramentality Graham R. Hughes,2017-06-05 In Reformed Sacramentality the late Graham Hughes discusses the role of physicality in worship He contends that to counter the Reformed tradition s vulnerability to a cultural colonization by secular modernity Reformed theology needs to amplify its appreciation for God s omnipresence in creation with a re appropriation of the condensed symbols of faith Hughes s argument builds on a historical analysis of the Reformed tradition s rejection of material sacramentality and its ecclesial and cultural consequences From a late modern vantage point Hughes advocates for a rediscovery of material sacramentality both as a lever against modern solipsism and as an iconic reminder of God s radical otherness

Does the Bible Tell Me So? Margaret Nutting Ralph,2019-10-15 What does the Bible teach and what does it not teach Does the Bible Tell Me So addresses this question by first examining how the Bible has been misinterpreted in the past and then asking if the same mistakes are being made today The topic of how to interpret scripture so as to correctly understand what it teaches is extremely important not only for creating unity among Christian denominations but for civil dialogue and peaceful decision making To correctly interpret the teachings of the Bible various contexts must be taken into consideration the literary form the biblical author is using the beliefs at the time of the original author and audience and the two thousand year process of ongoing revelation modeled in scripture In this book author Margaret Nutting Ralph explains each of these three contexts and applies this method of interpretation to historical issues demonstrating how the Bible was abused to support the deep seated prejudices of well meaning people of the past She then examines this approach in relation to current issues to determine whether scripture is being misused today

The Eucharist and World Hunger Izunna Okonkwo,2011-12-21 Hunger is a menace in different parts of the globe It has more unnatural than natural causes Though efforts have been made towards alleviating its causes and consequences more actions still need to be taken for its genuine

alleviation and eventual eradication in the world For Joseph Grassi painful hunger is a daily occurrence that must be countered by ongoing effective programs that enter into the lives of every Christian Such position not only recognises the frequency and excruciating nature of hunger but also suggests that Christians and other religious groups have a very important role to play in order to eradicate hunger and its devastating effects This book explores the nuances of hunger its causes dimensions and approaches as well as its connection to the Eucharist It argues that hunger can be eradicated and that the Eucharist stands out as a veritable model **Horizons & Hopes** Thomas H. Groome, Harold Daly Horell, 2003 Essays exploring the latest ideas on where religious education is headed with an emphasis on adult and young adult faith formation in the context of total catechesis The Origins of the New Churches Movement in Southern Ethiopia, 1927-1944 Brian L. Fargher, 2023-09-20 This study describes the beginnings of a movement which has created another face for Ethiopian Christianity The expatriate missionary evangelists who in 1927 were encouraged by Emperor Haile Selassie to work in southern Ethiopia intentionally by passed the Orthodox model and made a fresh start Three of the many facets of the movement comprise the body of the book There is the religious backdrop of Orthodox Christianity and the expatriates fundamentalist traditions then the praxis and polity of their work finally the post Occupation outcome which confirmed their choices Since its beginning in 1932 the New Churches Movement has impacted every part of Ethiopian society religious political and socio economic It demonstrates that a fresh start can be complementary rather than competitive The movement s success encourages missionary evangelists to continue making new beginnings *Current Contents* Institute for Scientific Information (Philadelphia), 2000
