

A close-up photograph of an ancient Egyptian gold mask. The mask is made of a highly reflective, textured gold. A large, dark, almond-shaped eye is prominently featured in the upper center. The eye has a dark, possibly black or dark brown, iris and a lighter, possibly silver or white, sclera. The surrounding gold surface shows signs of wear, including scratches and small pits. The lighting is warm, highlighting the metallic sheen of the gold.

**The Sacred and the Profane** Mircea Eliade, 1959 Famed historian of religion Mircea Eliade observes that even moderns who proclaim themselves residents of a completely profane world are still unconsciously nourished by the memory of the sacred Eliade traces manifestations of the sacred from primitive to modern times in terms of space time nature and the cosmos In doing so he shows how the total human experience of the religious man compares with that of the nonreligious This book serves as an excellent introduction to the history of religion but its perspective also encompasses philosophical anthropology phenomenology and psychology It will appeal to anyone seeking to discover the potential dimensions of human existence P 4 of cover

**The Sacred and the Profane** Mircea Eliade, 1959 The Sacred and the Profane Mircea Eliade, 1983-01-01 A noted historian of religion traces manifestations of the sacred from primitive to modern times in terms of space time nature and the cosmos and life itself Index Translated by Willard Trask

**The Sacred Is the Profane** William Arnal, Russell T. McCutcheon, 2013 The Sacred Is the Profane collects nine essays written over several years by William Arnal and Russell T McCutcheon that share a convergent perspective not simply that both the category and concept religion is a construct something that we cannot assume to be natural or universal but also that the ability to think and act religiously is quite specifically a modern political category in its origins and effects the mere by product of the modern state These collected essays substantially rewritten for this volume advance current scholarly debates on secularism debates which the authors argue insufficiently theorize the sacred secular church state and private public binaries by presupposing religion often under the guise of such terms as religiosity faith or spirituality to historically precede the nation state The essays return again and again to the question of what religion word and concept accomplishes now for those who employ it whether at the popular political or scholarly level The focus here for two writers from seemingly different fields is on the efficacy costs and the tactical work carried out by dividing the world between religious and political church and state sacred and profane

**The Sacred and the Profane** Truman Capote, 1959 The sacred and the profane: the nature of religion, tr Mircea Eliade, *Mystic Stories* Mircea Eliade, 1992 Discourse on Sacred and Profane Images Gabriele Paleotti, 2012 In the wake of the Counter Reformation Cardinal Gabriele Paleotti the archbishop of Bologna wrote a remarkable treatise on art during a time when the Church feared rampant abuse in the arts Translated into English here for the first time Paleotti s Discourse on Sacred and Profane Images argues that art should address a broad audience and explains the painter s responsibility to his spectators The Discourse is introduced by historian Paolo Prodi who explains how even if the archbishop did not succeed in reforming the arts Paleotti s treatise constituted one last synthesis of art as a reading of creation and salvation history and sacred art as a vehicle of devotion

**Epistemology and Practice** Anne Warfield Rawls, 2005-03-03 In this original and controversial book Professor Rawls argues that Durkheim's *The Elementary Forms of Religious Life* is the crowning achievement of his sociological endeavour and that since its publication in English in 1915 it has been consistently misunderstood Rather than a work on primitive religion or the sociology of knowledge Rawls asserts that it is an attempt by Durkheim to establish a unique epistemological basis for the study of sociology and moral relations By privileging social practice over beliefs and ideas it avoids the dilemmas inherent in philosophical approaches to knowledge and morality that are based on individualism and the tendency to privilege beliefs and ideas over practices both tendencies that dominate western thought Based on detailed textual analysis of the primary text this book will be an important and original contribution to contemporary debates on social theory and philosophy

**The Paradoxical Breakthrough of Revelation** Uwe Carsten Scharf,1999 No detailed description available for The Paradoxical Breakthrough of Revelation      *Baby, You are My Religion* Marie Cartier,2014-09-11 Baby You Are My Religion argues that American butch femme bar culture of the mid 20th Century should be interpreted as a sacred space for its community Before Stonewall when homosexuals were still deemed mentally ill these bars were the only place where many could have any community at all Baby You are My Religion explores this community as a site of a lived corporeal theology and political space It reveals that religious institutions such as the Metropolitan Community Church were founded in such bars that traditional and non traditional religious activities took place there and that religious ceremonies such as marriage were often conducted within the bars by staff Baby You are My Religion examines how these bars became not only ecclesiastical sites but also provided the fertile ground for the birth of the struggle for gay and lesbian civil rights before Stonewall

**Paul's Critique of Theocracy** David Odell-Scott,2003-09-01 Paul s Critique of Theocracy offers an interpretation of select texts in Corinthians and Galatians concerned with the establishment of legitimate authority in the Christian community Odell Scott argues that for Paul no one may boast that they are selected by God and no one has the authority to rule as God s representative Paul also criticizes those who exhibit a superior sacredness over other community members Contrary to most scholarly views Odell Scott argues that Paul is not taking sides in a debate about the proper authority structure Rather he criticizes any notion of such a structure opposing it with his metaphor of the Church as the body of Christ and the sacred family of God The exegesis is also sketched out in a postmodern framework criticizing

hierarchy through differentiation
