An Autobiography of George Washington Edith Ellis, 2006-07-01 George Washington's Autobiography is a fascinating example of channeled literature adding a very human personality to the stiff figure of the portraits Here we encounter a three dimensional Washington with his loves fears philosophy and repeated encounters with the spirit world This is an unforgettable intimate view of the Father of our Country Steven Fanning Ph D the author of Mystics of the Christian Tradition Scribe Edith Ellis met the spirit of George Washington one evening in 1955 He contacted her from the Other Side to ask if she would serve as a channel so that he could dictate his autobiography for his fellow American Patriots believing that he had kept his personal feelings about his life far too private Edith agreed although she was nearly blind and in her mid 70s So began a most extraordinary partnership between Edith Ellis and the Founding Father of America The result is this remarkable book that
