Sacred Honor:

Liberalism with Honor Sharon R. Krause, 2002-04-15 Why do men and women sometimes risk everything to defend their liberties What motivates principled opposition to the abuse of power In Liberalism with Honor Sharon Krause explores honor as a motive for risky and difficult forms of political action She shows the sense of honor to be an important source of such action and a spring of individual agency more generally Krause traces the genealogy of honor including its ties to conscientious objection and civil disobedience beginning in old regime France and culminating in the American civil rights movement She examines the dangers intrinsic to honor and the tensions between honor and modern democracy but demonstrates that the sense of honor has supported political agency in the United States from the founders to democratic reformers such as Elizabeth Cady Stanton and Martin Luther King Jr Honor continues to hold interest and importance today because it combines self concern and personal ambition with principled higher purposes and so challenges the disabling dichotomy between self interest and self sacrifice that currently pervades both political theory and American public life

Speeches delivered gon various occasions Daniel Webster, 1851 **Morals under the Gun** James H. Toner, 2021-10-21 James Toner argues that the cardinal virtues are and must be the core values of the military By embracing these values the profession of arms serves as a moral compass in an increasingly confusing age Building upon a bold introduction which includes what many will regard as a surprising view of military ethics Toner examines the four cardinal virtues wisdom courage temperance and justice and places each in the context of a compelling case study from recent U S military history He discusses the Flinn Case the Lavelle Affair a B 52 crash in Washington State and the courageous actions of Hugh Thompson after My Lai Morals Under the Gun connects ethics and moral theology with the armed services demonstrating that the task of preserving virtue both personal and professional is a noble if imperfectible task
