Sacred Words:

Sacred Words and Worlds, 2011-10-14 This book examines the scholarly genre of geographia sacra in early modern Europe tracing its contours the outlooks and concerns of its practitioners as well as the intersections of religion and geography in an age that saw dramatic revolutions in both fields The Sacred Words of a Sage Femme Rhonda Wilson-Dikoko, 2022-06 This jewel of a book Sacred Words of a Sage Femme midwife is written from a place of love and deep relationships with those Rhonda has mentored as a mother in the Faith A spiritual mentor or midwife if you will is one that guides you not only in words of wisdom but in assisting you in fasting and prayer providing Scriptures literally assisting you on the stool of life as you give birth to your project life marriage children or whatever it might be that you are walking through or giving birth to at any season of life Sacred Words Sam D. Gill, 1981-04-09 **The Power of Words A Compendium of Great Speeches from World Leaders** LornaMarie, 2018-06-11 This book is a treasure in the hands of anyone required to use oratory skill in their role It is known in most countries of the world that lawyers are good orators perhaps due to the nature of their profession Barristers are known to address the court Some of our world leaders past and present are great orators it is however important to note that while not all of them were lawyers they have delivered remarkable and memorable speeches to their respective nations One of the qualities of a good leader is the ability to address the nation with good oratory skills This book therefore explores the power and effect that words have on all of us *Sacred Words of the Master* Beinca Douno, 2013-10 This is a new release of the original 1940 edition Silence, the Word and the Sacred E.D. Blodgett, Harold Coward, 2010-10-30 The result of a dialogue between poets and scholars on the meaning and making of the sacred this book endeavours to determine how the sacred emerges in sacred script as well as in poetic discourse It ranges through scholarship in areas as apparently disparate as postmodernism and Buddhism The perspectives developed are various and without closure locating the sacred in modes as diverse as patristic traditions feminist retranslations of biblical texts and oral and written versions of documents from the world's religions The essays cohere in their preoccupation with the crucial role language plays in the creation of the sacred particularly in the relation that language bears to silence In their interplay language does not silence silence by rather calls the other as sacred into articulate existence Binding Words Don C. Skemer, 2010-11-01 In the Middle Ages textual amulets short texts written on parchment or paper and worn on the body were thought to protect the bearer against enemies to heal afflictions caused by demonic invasions and to bring the wearer good fortune In Binding Words Don C Skemer provides the first book length study of this once common means of harnessing the magical power of words Textual amulets were a unique source of empowerment promising the believer safe passage through a precarious world by means of an ever changing mix of scriptural quotations divine names common prayers and liturgical formulas Although theologians and canon lawyers frequently derided textual amulets as ignorant superstition many literate clergy played a central role in producing and

disseminating them The texts were in turn embraced by a broad cross section of Western Europe Saints and parish priests physicians and village healers landowners and peasants alike believed in their efficacy Skemer offers careful analysis of several dozen surviving textual amulets along with other contemporary medieval source materials In the process Binding Words enriches our understanding of popular religion and magic in everyday medieval life Healing for the Soul Braxton D. Shelley,2021-04-20 Between the first and last words of a black gospel song musical sound acquires spiritual power During this unfolding a variety of techniques facilitate musical and physical transformation The most important of these is a repetitive musical cycle known by names including the run the drive the special and the vamp Through its combination of reiteration and intensification the vamp turns song lyrics into something more potent While many musical traditions use vamps to fill space or occupy time in preparation for another more important event in gospel vamps are the main event Why is the vamp so central to the black gospel tradition What work musical cultural and spiritual does the gospel vamp do And what does the vamp reveal about the transformative power of black gospel more broadly This book explores the vamp s essential place in black gospel song arguing that these climactic musical cycles turn worship services into transcendent events A defining feature of contemporary gospel the vamp links individual performances to their generic contexts An exemplar of African American musical practice the vamp connects gospel songs to a venerable lineage of black sacred expression As it generates emotive and physical intensity the vamp helps believers access an embodied experience of the invisible moving between this world and another in their musical practice of faith The vamp then is a musical cultural and religious interface which gives vent to a system of belief performance and reception that author Braxton D Shelley calls the Gospel Imagination In the Gospel Imagination the vamp offers proof that musical sound can turn spiritual power into a physical reality a divine presence in human bodies **Key Words in Multicultural Interventions** Patricia
