Sacred Bond:

What God Has Joined Together Robert H. Vasoli, 1998-04-16 The recent controversy over Joe Kennedy's annulment gave only a glimpse of American Catholicism's open secret that contrary to official Catholic doctrine American churches grant annulments wholesale freely declaring marriages nonexistent so that one or both partners can remarry in the church The United States is home to only 6% of the world's Catholics Robert Vasoli points out but it now accounts for 75% of all Church annulments two thirds of which are granted on ostensibly psychological grounds The real scandal though is not simply the numbers but that Church marriage courts annul thousands of marriages that are actually valid according to Catholic teaching Drawing on considerable research the author details precisely how these courts let divorced Catholics and many non Catholics as well bypass Catholic teaching and law He shows for instance how they often help petitioners manufacture grounds for annulment which are justified with specious psychological reasoning that are counter to the letter and spirit of canon law Indeed it may even be alleged that lack of emotional maturity at the time of the wedding can invalidate marriages that have lasted 30 years The result has been a tidal wave in 1968 the American church granted fewer than 600 annulments today it hands out more than 60 000 a year But Rome has not smiled on the performance of U S tribunals of those psychological annulments appealed to the Roman Rota the Vatican's highest marriage tribunal more than 90% are overturned This revealing look at annulment weaves painstaking analysis with a wealth of evidence as it illuminates the degree to which the U S Church has gone its own way since Vatican II on what constitutes valid marriage

The Thirty-nine Articles of the Church of England ,1897 Reimagining the Future of Human Rights Kodiveri, Arpitha, Köstepen, Enis, Belyakov, Evgeny, Nammour, Karim, Dumas, Louise, Alfakih, Osamah E., Ellimah, Richard, Viegas e Silva, Marisa, Oliveira, Rodrigo, Corredor, Jessica, 2022-06-01 This book is the collective effort of participants

from Dejusticia's annual Global Action Research Workshop for Young Human Rights Advocates. The talented writers featured here are graduates from previous workshops who came together again in 2018 to explore the intersection between research and activism and what it holds for the future of human rights. The authors in this book question traditional methods and explore new ways and visions of advancing human rights in the troubled context in which we live today. Do the struggles of small scale miners in Ghana, the use of strategic litigation in Lebanon and the recognition of the rights of nature in India represent evidence for hope? Or is the opposite true and as shown in the chapters on martial law in the Philippines, the treatment of wastewater in Argentina and in the internal conflict in Yemen, human rights have failed to deliver on their promises? Whatever the answer, *Reimagining the Future of Human Rights* invites us to reflect on the work of human rights in different contexts and the challenges that activists face but also the progress they have made. The chapters in this book offer a snapshot of the current state of human rights that can help guide our work as activists and researchers.
