## **Sacred Scripture:**

**A General Introduction to the Sacred Scriptures** Joseph Dixon, 1853      The Doctrine of Sacred Scripture George Trumbull Ladd, 1883      **Sacred Scripture** Richard N. Soulen, 2009-01-01 How did the Bible's sixty-six books become sacred Scripture? How have they been understood and interpreted over the last two thousand years? What was it that led to our acceptance of the Bible as the true word of God? For two millennia Christians have accepted the importance of the Bible as sacred Scripture and for as many years they have struggled to comprehend its meaning. Over the centuries the church has expressed the centrality of Scripture in numerous ways and Christians have studied and interpreted the Bible in a wide variety of faithful approaches. Understanding that process is critical to our ability and our willingness to accept the Bible as sacred and true. To that end Richard Soulen leads us through the history of how Christian understandings of the Bible have changed and developed throughout history.      A General Introduction to the Sacred Scriptures Joseph Dixon, 1853

Mysticism and Sacred Scripture Steven T. Katz, 2000 This will be the fourth in an influential series of volumes on mysticism edited by Steven T. Katz presenting a basic revaluation of the nature of mysticism. Each presents a collection of solicited papers by noted experts in the study of religion. This new volume will explore how the great mystics and mystical traditions use, interpret, and reconstruct the sacred scriptures of their traditions.      The Inspiration and Truth of Sacred Scripture, 2014 Formally approved by Pope Francis, this present work is the contribution of the Pontifical Biblical Commission toward a more adequate understanding of the concepts of inspiration and truth that respects both the nature of the Bible and its significance for the life of the Church. Drawing on a close reading of the Scriptures themselves, the document focuses on three main aspects: 1. The inspiration of Sacred Scripture and the exploration of its divine provenance; 2. The truth of the Word of God, emphasizing the message about God and his project of salvation; 3. Challenges that arise from the Bible itself on account of certain aspects that seem inconsistent with its quality of being the Word of God.      **The**

**Doctrine of Sacred Scripture** George Trumbull Ladd, 1883      A General Introduction to the Sacred Scriptures Joseph Dixon (apb of Armagh), 1853      **A Monastic Introduction to Sacred Scripture** Thomas Merton, 2020-08-27 Among the numerous sets of conferences that Thomas Merton presented to young prospective monks during his decade 1955-1965 as novice master at the Cistercian Abbey of Gethsemani is a wide-ranging introduction to biblical studies made available for the first time in the present volume. Drawing on church tradition, teaching of recent papal documents, and scholarly resources of the time, he reveals the central importance of the Scriptures for the spiritual growth of his listeners. The extensive introduction situates material of these conferences in the context of Merton's evolving engagement with the Bible from his own days as a student monk through the mature reflections from his final years on the biblical renewal in the wake of the Second Vatican Council. For Merton, at the heart of any meaningful reading of the Scriptures, not only for monks but for all Christians, is the invitation to respond not just intellectually but with the whole self to recognize the gospel as good news as a

saving liberating consoling challenging word reflecting his fundamental belief that the Holy Spirit enlightens us in our reading to see how our own lives are part of these great mysteries how we are one with Jesus in them *Reading Sacred Scripture* Stephen Westerholm, Martin Westerholm, 2016 A rich display of the Christian tradition's reading of Scripture Though well known and oft repeated the advice to read the Bible like any other book fails to acknowledge that different books call for different kinds of reading The voice of Scripture summons readers to hear and respond to its words as divine address Not everyone chooses to read the Bible on those terms but in *Reading Sacred Scripture* Stephen and Martin Westerholm father and son invite their readers to engage seriously with a dozen major Bible interpreters ranging from the second century to the twentieth who have been attentive to Scripture's voice After expertly setting forth pertinent background context in two initial chapters the Westerholms devote a separate chapter to each interpreter exploring how these key Christian thinkers each understood Scripture and how it should be read Though differing widely in their approaches to the text and its interpretation these twelve select interpreters all insisted that the Bible is like no other book and should be read accordingly

**The Bible Hand-book** Joseph Angus, 1873 [A General Introduction to the Sacred Scriptures; in a Series of Dissertations, Critical, Hermeneutical and Historical](#) Joseph Dixon, 2025-08-29 Reprint of the original first published in 1875 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

**A General Introduction to the Sacred Scriptures, in a Series of Dissertations, Critical, Hermeneutical, and Historical** Joseph DIXON (R.C. Archbishop of Armagh.), 1852 *Liturgical Hermeneutics of Sacred Scripture* Marco Benini, 2023-09-15 The purpose of this book is to explore what a liturgical approach to the Bible looks like and what hermeneutical implications this might have How does the liturgy celebrate understand and communicate Scripture The starting point is Pope Benedict's affirmation that a faith-filled understanding of sacred Scripture must always refer back to the liturgy Verbum Domini 52 The first part of the book based on SC 24 provides significant examples to demonstrate The liturgical order of readings intertextually combines Old Testament and New Testament readings using manifold hermeneutical principles specifically how the psalms show the wide range of interpretations the liturgy employs Prayers are biblically inspired and help to appropriate Scripture personally The hymns convey Scripture in a poetic way Signs and actions such as foot washing or the Ephphetha rite enact Scripture The study considers the Mass the sacraments and the Liturgy of the Hours In the second part Benini systematically focuses on the various dimensions of liturgical hermeneutics of the Bible which emerge from the first part The study reflects the approaches the liturgy offers to Scripture and its liturgical reception It explores theological aspects such as the unity of the two Testaments in Christ's paschal mystery or the anamnesis as a central category in both Scripture and liturgy The liturgy does not understand Scripture primarily as a document of the past but celebrates it as a current and living Word of the Lord as a medium of encounter with God Scripture is sacramental

Liturgical Hermeneutics of Sacred Scripture seeks to contribute not only to the comparison of the Roman Ambrosian and Byzantine Rite regarding the Word of God but most of all to the overall liturgical approach to Scripture As such it promotes an interdisciplinary dialogue of liturgical and biblical studies *Postcolonial Fiction and Sacred Scripture* Sura Qadiri,2017-12-02 Francophone writers from North Africa and the Middle East often choose to write within a sacred context sometimes engaging directly with Islamist rhetoric Novelists like Tahar Ben Jelloun Morocco Assia Djebar Algeria and Amin Maalouf Lebanon revisit scripture as a way to convey nuances which they believe have been stamped out by monolithic religious world views For them fiction offers a way to break away from limited exegetical horizons but to remain within the faith Others though would go further moving away from all religious practice not just the excessively political or violent Tunisian writers Abdelwahab Meddeb and Fethi Benslama propose that all literature is of its very nature outside of religion and that its proliferation will ultimately lead to a secular society Qadiri explores this wide spectrum of approaches not only by draw comparison with metropolitan French thought but also to assess its potential impact at a time of radical change in the Islamic world Sura Qadiri is a research associate in the French Department University of Cambridge

**Clothing Sacred Scriptures** David Ganz,Barbara Schellewald,2018-12-03 According to a longstanding interpretation book religions are agents of textuality and logocentrism This volume inverts the traditional perspective its focus is on the strong dependency between scripture and aesthetics holy books and material artworks sacred texts and ritual performances The contributions written by a group of international specialists in Western Byzantine Islamic and Jewish Art are committed to a comparative and transcultural approach The authors reflect upon the different strategies of clothing sacred texts with precious materials and elaborate forms They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience By exploring how art shapes the religious practice of books and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture and art Sacred Texts Interpreted Carl Olson,2017-10-05

The Death of Sacred Texts Kristina Myrvold, 2010 The Death of Sacred Texts draws attention to a much neglected topic in the study of sacred texts the religious and ritual attitudes towards texts which have become old and damaged and can no longer be used for reading practices or in religious worship This book approaches religious texts and scriptures by focusing on their physical properties and the dynamic interactions of devices and habits that lie beneath and within a given text In the last decades a growing body of research studies has directed attention to the multiple uses and ways people encounter written texts and how they make them alive even as social actors in different times and cultures Considering religious people seem to have all the motives for giving their sacred texts a respectful symbolic treatment scholars have paid surprisingly little attention to the ritual procedures of disposing and renovating old texts This book fills this gap providing empirical data and theoretical analyses of historical and contemporary religious attitudes towards and practices of text disposals within seven world religions Judaism Islam Christianity Hinduism Buddhism Jainism and Sikhism Exploring the cultural and historical variations of rituals for religious scriptures and texts such as burials cremations and immersion into rivers and the underlying beliefs within the religious traditions this book investigates how these religious practices and stances respond to modernization and globalization processes when new technologies have made it possible to mass produce and publish religious texts on the Internet

**Divine Scripture in Human Understanding** Joseph K. Gordon, 2019-03-15 In six closely reasoned chapters Joseph Gordon presents a detailed account of a Christian doctrine of Scripture in the fullest context of systematic theology Divine Scripture in Human Understanding addresses the confusing plurality of contemporary approaches to Christian Scripture both within and outside the academy by articulating a traditionally grounded constructive systematic theology of Christian Scripture Utilizing primarily the methodological resources of Bernard Lonergan and traditional Christian doctrines of Scripture recovered by Henri de Lubac it draws upon achievements in historical critical study of Scripture studies of the material history of Christian Scripture reflection on philosophical hermeneutics and philosophical and theological anthropology and other resources to articulate a unified but open horizon for understanding Christian Scripture today Following an overview of the contemporary situation of Christian Scripture Joseph Gordon identifies intellectual precedents for the work in the writings of Irenaeus Origen and Augustine who all locate Scripture in the economic work of the God to whom it bears witness by interpreting it

through the Rule of Faith Subsequent chapters draw on Scripture itself classical sources such as Irenaeus Origen Augustine and Aquinas the fruit of recent studies on the history of Scripture and the work of recent scholars and theologians to provide a contemporary Christian articulation of the divine and human locations of Christian Scripture and the material history and intelligibility and purpose of Scripture in those locations The resulting constructive position can serve as a heuristic for affirming the achievements of traditional historical critical and contextual readings of Scripture and provides a basis for addressing issues relatively underemphasized by those respective approaches
