Messianism, Zionism, and Jewish Religious Radicalism Aviezer Ravitzky, 1996-09 The Orthodox Jewish tradition affirms that Jewish exile will end with the coming of the Messiah How then does Orthodoxy respond to the political realization of a Jewish homeland that is the State of Israel In this cogent and searching study Aviezer Ravitzky probes Orthodoxy's divergent positions on Zionism which range from radical condemnation to virtual beatification Ravitzky traces the roots of Haredi ideology which opposes the Zionist enterprise and shows how Haredim living in Israel have come to terms with a state to them unholy and therefore doomed Ravitzky also examines radical religious movements including the Gush Emunim to whom the State of Israel is a divine agent He concludes with a discussion of the recent transformation of Habad Hassidism from conservatism to radical messianism This book is indispensable to anyone concerned with the complex confrontation between Jewish fundamentalism and Israeli political sovereignty especially in light of the tragic death of Israeli Prime Minister Yitzhak Rabin

Religious Zionism, Jewish Law, and the Morality of War Robert

Eisen,2017-09-01 Ever since the state of Israel was established in 1948 it has been plagued by war and that has presented religious Zionists with an immense challenge Jewish law prior to 1948 includes little material on war because it developed during centuries when Jews had neither a state nor an army The leading rabbis of the religious Zionist community have therefore had to create an entire body of laws on this subject where practically none had existed beforehand These rabbis have responded to the challenge with remarkable energy and ingenuity Religious Zionist rabbis have produced a corpus of laws on war that is both comprehensive and nuanced and these laws now serve as a critical source of guidance for Orthodox Israelis serving in their country's military The present study is a pioneering work on this fascinating chapter in the history of Jewish law a chapter that up to now has received relatively little attention from academic scholars Robert Eisen examines how five of the most prominent rabbis in the religious Zionist community have dealt with key moral issues in war The figures include R Abraham Isaac Kook R Isaac Halevi Herzog R Eliezer Waldenberg R Sha ul Yisraeli and R Shlomo Goren Eisen also examines how the positions of these rabbis compare with those of international law These explorations provide critical insight into the worldview of religious Zionism which in recent years has become increasingly influential in Israeli politics
