"Choose to Be Happy" Robert Knapick, 2020-01-21 I wrote this book because I believe I have something to offer persons who are challenged to deal with life s difficulties Stress unhealthy relationships unrealistic expectations negative self esteem and life s pressure of life cause our mind body and soul to to kilter out of balance and then our health suffers Stress is connected to all physical and mental health complications Given my 40 years of working with adults teens and children I have developed programs in schools hospitals and my private practice that have helped individuals develop successful coping skills Happiness is a feeling state that can be obtained if effective strategies are applied To be successful people must consistently work at making needed changes in their lives My education has prepared me to contribute to helping people with replacing the sadness and discontent in their lives with happiness My first master s degree was in behavioral science it was a very conservative methodology and my second master s was in metaphysical science a more liberal approach to mental health My Ph D is in

wholistic life coaching that combined the two degrees As I examined each of the techniques and practices used to help turn negativity into happiness I researched and tested the use of all of the different coping skills that had been developed Throughout this book I provide personal experiences and testimonials by individuals who have used these techniques The result of my findings proved to me that people who are dealing with negative thoughts or feelings can make changes that will put a smile on their face and enabled them to enjoy life After counseling over 15 000 suicidal patients I treated in emergency rooms I can say that if a person makes a commitment to refocus or make personal changes in his her life happiness can be achieved they can be happy So its your choice you can be happy or you can be sad For me I Choose to Be Happy

How to Be Sad: Everything I've Learned about Getting Happier, by Being Sad, Better Helen Russell,2021-03-03 We live in an age when most reality TV shows climax in a tearful finale But feeling sad genuinely sad is still taboo Yet sadness happens to us all sometimes in heartbreakingly awful ways If we don t know how to be sad it can be isolating for those experiencing it and baffling for those trying to help loved ones through dark times Today most of us know intellectually that sad is normal But we re not always brilliant at allowing for it in practice Sadness is going to happen so we might as well know how to do it right And it s time to start facing our problems and talking about them Positive psychology may have become more accepted in mainstream culture but rates of depression have continued to rise We re trying so hard to be happy But studies show that we could all benefit from learning the art of sadness and how to handle it well

Sadness and Happiness Robert Pinsky,1975-12-21 From Sadness and Happiness Poems by Robert Pinsky CEREMONY FOR ANY BEGINNING Robert Pinsky Against weather and the random Harpies mood circumstance the laws Of biography chance physics The unseasonable soul holds forth Eager for form as a renowned Pedant the emperor s man of worth Hereditary arbiter of manners Soul one s life is one s enemy As the small children learn what happens Takes over and what you were goes away They learn it in sardonic soft Comments of the weather when it sharpens The hard surfaces of daylight light Winds vague in direction like blades Lavishing their brilliant strokes All over a wrecked house The nude wallpaper and the brute Intelligence of the torn pipes Therefore when you marry or build Pray to be untrue to the plain Dominance of your own weather how it keeps Going even in the woods when not A soul is there and how it implies Always that separate cold Splendidness uncouth and unkind On chilly unclouded mornings Torrential sunlight and moist air Leafage and solid bark breathing the mist
