Spat On, and Sometimes Thanked Paul Orlousky,2020-11-09 I was a TV news reporter for almost fifty years most of them in Cleveland specializing in investigative reports During that time I saw a lot of things Historic events Horrific crimes Bizarre behavior Heartwarming deeds And sometimes just hilarious silly stuff That s Paul Orlousky After five decades on Cleveland TV nightly on channels 3 5 and 19 this veteran newsman has a lot of stories to share What went on behind the camera Racing

to the scene in a tiny helicopter or crouching inside a sweltering news van on a stakeout What he heard in a judge's chambers or a courtroom lobby after a tense trial How the internal workings of a news operation shaped the reporting viewers saw onscreen Threats from angry subjects of an investigation like shady business owners politicians and sometimes even cops Yes over the years Orlousky got a lot of threats and more He was yelled at punched kicked spat on menaced by dogs But he was also thanked many more times by regular people all over Northeast Ohio for digging into stories that mattered to them Now Orlousky shares his favorite behind the camera tales in these short candid informative and often funny stories My approach to life is simple Orlousky writes You can look at it either as a tragedy or a comedy I chose comedy in part because that was a way to get through many of the tragic situations I reported on and that people I encountered were forced to deal with If you've ever watched local TV news you'll enjoy these backstories behind the news stories You'll get a few chuckles and might even wind up a better informed news consumer

Maladies of the Will Jennifer L. Fleissner, 2024-05-31 An examination of the nineteenth century American novel that argues for a new genealogy of the concept of the will What if the modern person were defined not by reason or sentiment as Enlightenment thinkers hoped but by will Western modernity rests on the ideal of the autonomous subject charting a path toward self determination Yet novelists have portrayed the will as prone to insufficiency or excess from indecision to obsession wild impulse to melancholic inertia Jennifer Fleissner's ambitious book shows how the novel's attention to the will's maladies enables an ongoing interrogation of modern premises from within Maladies of the Will reveals the nineteenth century American novel's relation to a wide ranging philosophical tradition highly relevant to our own tumultuous present In works from Moby Dick and The Scarlet Letter to Elizabeth Stoddard's The Morgesons and Charles W Chesnutt's The Marrow of Tradition the will's grandeur and its perversity emerge as it alternately aligns itself with and pits itself against a bigger Will whether of God the state society history or life itself Today when invocations of autonomy appear beside the medicalization of many behaviors and democracy's tenet of popular will has come into doubt Maladies of the Will provides a map to how we got here and how we might think these vital dilemmas anew
