**Ottoman Salonica** Aron Rodrigue, Sarah Abrevaya Stein, 2012-01-11 This book presents for the first time the complete text of the earliest known Ladino language memoir transliterated from the original script translated into English and introduced and explicated by the editors The memoirist Sa adi Besalel a Levi 1820 1903 wrote about Ottoman Jews daily life at a time when the finely wrought fabric of Ottoman society was just beginning to unravel His vivid portrayal of life in Salonica a major port in the Ottoman Levant with a majority Jewish population thus provides a unique window into a way of life before it disappeared as a result of profound political and social changes and the World Wars Sa adi was a prominent journalist and publisher one of the most significant creators of modern Sephardic print culture He was also a rebel who accused the Jewish leadership of Salonica of being corrupt abusive and fanatical that leadership in turn excommunicated him from the Jewish community The experience of excommunication pervades Sa adi s memoir which documents a world that its author was himself actively involved in changing Meaning and Being in Myth Norman Austin, 2010-11-01 Norman Austin has

organized his analysis of classical Greek myths around Lacan s dichotomy between ineffable Being and the meanings imposed upon Being by culturally determined signifiers The primary signifiers in myth the gods as projections of contradictory meanings impel human consciousness in contradictory directions toward heroic self realization on the one hand and into the fear guilt and despair resulting from failure on the other The gods both reveal and occlude that which they signify the signified ultimately Being itself Austin includes one chapter on the father s ghost in Shakespeare s Hamlet and another on Albert Camus s The Stranger as examples of the power of mythical archetypes to reveal and occlude Being even when the apparatus of gods has been excluded Despite their pessimism ancient myths also affirm that the paradoxes are not insoluble Austin concludes by outlining the profile of the Universal Self intimated in myth religion and philosophy as the joint venture of the world realized in consciousness consciousness realized in consciousness and consciousness realized in the world

Soifer,1991-01-01 The Sanskrit Puranas and epics are replete with stories of the avatars incarnations of the god Visnu in various forms to rid the universe of malevolent forces and to restore the proper cosmic balance As Narasimha half man half lion Visnu finds a loophole in the pact of invulnerability the demon Hiranaipu has received from god Brahma and rends the demon apart with his claws As the brahmin dwarf Vamana Visnu deceives the demon Bali with his diminutive appearance and thwarts Bali s attempt to gain universal sovereignty After carefully analyzing the myths of Vamana and Narasimha Deborah Soifer grounds her study in the textual history of each avatar and its myth in their religious contexts and in the intricate cosmology of the classical period of Hinduism Contrasting the bestial persona of Narasimha with Vamana s priestly appearance and his associations with early cosmologic themes she finds complementarity and significance in this pair as they are viewed in the larger context of periodic cosmic destructions and recreations While focusing primarily on these two mythological figures Soifer s work explores the relationship between dharma and the devious acts of gods the interplay between cosmic and sociocosmic levels of reality and the relationship between cosmology theology and soteriology in a religious worldview      **Serenade the King** E.
