Long March The Epic Of Chinese Communism:

The Long March, 1935 Dick Wilson, 1971 *From Revolution To Politics* Benjamin Yang, 2021-11-28 Providing fresh analysis of the history and politics of Chinese communism this book utilizes previously inaccessible sources to reassess the epic Long March It sheds new light on the revolutionary momentum and political structure of the Chinese Communist Party in the 1930s *The Long March, 1935* Richard Garratt Wilson, 1971 **The Long March 1935: the Epic of Chinese Communism's Survival** Richard Malcolm Sano Wilson, 1971 *The Long March* Sun Shuyun, 2008-05-06 In *The Long March* Sun Shuyun uncovers the true story behind the mythic march of Mao's soldiers across China exposing the famine disease and desertion behind the legend In 1934 in the midst of civil war the Communist party and its 200 000 soldiers were forced from their bases by Chiang Kai shek and his Nationalist troops Led by Mao Tse Tung they set off on a strategic retreat to the barren north of China thousands of miles away As Sun Shuyun travels along the march route her interviews with survivors and villagers show that the forces at work during the days of the revolution poverty sickness and Mao's use of terror propaganda and ruthless purges have shaped modern China irrevocably Uncovering the forced recruitment political infighting and futile deaths behind the myth Shuyun creates a compelling narrative of a turning point in modern Chinese history and a fascinating journey that spans China old and new **The Long March 1934-35** Benjamin Lai, 2019-09-19 This study tells the epic story of how a routed group of Chinese Communists marched tens of thousands of miles with Mao on a journey that would lead to their eventual triumph and rule of the whole of China Every nation has its founding myth and for modern China it is the Long March In the autumn of 1934 the Chinese Nationalists under Chiang Kai shek routed the Chinese Communists and some 80 000 men women and children left their homes to walk with Mao Zedong into the unknown Mao's force had to endure starvation harsh climates and challenging terrain whilst under constant aerial bombardment and threatened by daily skirmishes The Long March survivors had to cross 24 rivers and 18 mountain ranges through freezing snow and disease ridden wilderness to reach their safe haven of Yan an In military terms the Long March was the longest continuous march in the history of warfare and it came at a terrible cost after one year 6 000 miles and countless battles fewer than 4 000 of the original marchers were left Illustrated with stunning full colour artwork this enthralling book tells the full story this epic display of resilience and shows how from the desert plateau of Yan an these survivors would grow the army that conquered China 14 years on changing history forever **The Minjian Avant-Garde** Chang Tan, 2024-02-15 *The Minjian Avant Garde* studies how experimental artists in China mixed with brought changes to and let themselves be transformed by minjian the volatile and diverse public of the post Mao era Departing from the usual emphasis on art institutions global markets or artists communities Chang Tan proposes a new analytical framework in the theories of socially engaged art that stresses the critical agency of participants the affective functions of objects and the versatility of the artists in diverse sociopolitical spheres Drawing from hitherto untapped archival materials and interviews with the artists Tan

challenges the views of Chinese artists as either dissidents or conformists to the regime and sees them as navigators and negotiators among diverse political discourses and interests She questions the fetishization of marginalized communities among practitioners of progressive art and politics arguing that the members of minjian are often more complex defiant and savvy than the elites would assume The Minjian Avant Garde critically assesses the rise of populism in both art and politics and show that minjian could constitute either a democratizing or a coercive force This book was published with generous support from the George Dewey and Mary J Krumrine Endowment

From People's War to People's Rule Timothy J. Lomperis, 2000-11-09 Timothy Lomperis persuasively argues the ironic point that the lessons of American involvement in Vietnam are not to be found in any analysis of the war by itself Rather he proposes a comparison of the Vietnam experience with seven other cases of Western intervention in communist insurgencies during the Cold War era China Indochina Greece the Philippines Malaya Cambodia and Laos Lomperis maintains that popular insurgencies are manifestations of crises in political legitimacy which occur as a result of the societal stresses caused by modernization Therefore he argues any intervention in a people's war will succeed or fail depending on how it affects this crisis The unifying theme in the cases Lomperis discusses is the power of land reform and electoral democracy to cement political legitimacy and therefore deflect revolutionary movements Applying this theory to the ongoing Sendero Luminoso insurgency in Peru Lomperis makes a qualified prediction of that conflict's outcome He concludes that a global trend toward democratization has produced a new era of people's rule
