## **Long Range Desert Group 1940-1945:**

*Ghost Patrol* John Sadler, 2015-11-19 From the author of *D Day* an amazing tale of how the world's very first special force was created specifically for North Africa during WWII. Books Monthly The origins of most of the West's Special Forces can be traced back to the Long Range Desert Group which operated across the limitless expanses of the Libyan Desert, an area the size of India during the whole of the Desert War from 1940 to 1943. After the defeat of the Axis in North Africa, they adapted to serve in the Mediterranean, the Greek islands, Albania, Yugoslavia, and Greece. In the process, they became the stuff of legend. The brainchild of Ralph Bagnold, a prewar desert explorer featured in fictional terms in *The English Patient*, the LRDG used specially adapted vehicles and recruited only men of the right temperament and high levels of fitness and endurance. Their work was often dangerous, always taxing, exhausting, and uncomfortable. They were a new breed of soldier, and the Axis never managed to field a similar unit. Once the desert war was won, they transferred their skills to the Mediterranean sector, retraining as mountain guerrillas serving in the ill-fated Dodecanese campaign, then in strife-torn Albania, Yugoslavia, and Greece, fighting alongside the mercurial partisans. In addition, the LRDG worked alongside the fledgling SAS and established beyond all doubt the value of highly trained Special Forces, a legacy which resonates today. Genuinely gripping, a tale of eccentrics and their high adventures during very dangerous times. Classic Military Vehicle [The Long Range Desert Group, 1940-1945](#) David Lloyd-Owen, 2009-05-29 A very engaging and fine tribute to a small band of men whose impact on the North African campaign, in particular, was quite immense. Pegasus Archive This splendid record takes the reader behind enemy lines not only in North Africa but in Italy, the Aegean, and the Balkans. The author, who commanded the LRDG, paints a vivid picture of the unit's colorful characters, for example, Ralph Bagnold, who put to good use the knowledge he gained from his pre-war desert travels. The LRDG was truly international, with New Zealanders and Rhodesians playing key roles. This classic book won acclaim from the critics on its first publication by virtue of the author's unique knowledge, experience, and narrative skills. This superb account, written by one of their former commanders, examines the formation of the unit, the very diverse personalities which shaped it, the North African operations, and their subsequent role in Italy and the Balkans. Filled with detailed descriptions of individual operations and the remarkable characters who carried them out. Pegasus Archive **The Long Range Desert Group 1940-1945** Robin Jenner, 1999-07-01 Formed on 3 July 1940, the Long Range Desert Group was the brilliant product of the vision of Major Ralph Bagnold of the Royal Corps of Signals. As a model for what is now commonly known as a Long Range Reconnaissance Patrol unit, the Group can have few equals. **The Long Range Desert Group, 1940-1945** David Lloyd Owen, John Keegan, 2001 This splendid record takes the reader behind enemy lines not only in North Africa but in Italy, the Aegean, and the Balkans. *Historical Dictionary of Middle Eastern Intelligence* Ephraim Kahana, Muhammad Suwaed, 2009-04-13 Given the rivalries and suspicions prevailing in the Middle East it is not surprising that most of these states are very concerned about espionage and infiltration. With the additional threat of terrorism, nuclear weapons, a large U.S. military presence and the Arab-Israeli conflict the result is an impressively busy intelligence industry proportionately larger and more extensive than in most other regions. The *Historical Dictionary of Middle Eastern Intelligence* addresses intelligence issues in the region from ancient history and the Middle Ages through modern times covering the decline of the Ottoman Empire, intelligence activity in the Middle East during and between the two world wars and the interplay between colonial and local intelligence and counterintelligence agencies of the period. It also presents the relatively new fundamentalist terrorist organizations that have had a significant impact on international relations and on the structure and deployment of intelligence, counterintelligence and other security organs in the Middle East today. With a chronology, an introductory essay and over 300 cross-referenced dictionary entries on important events and key organizations involved in all aspects of intelligence gathering and analysis as well as the biographies of key players this is an important reference on the current situation in the Middle East.
