

A close-up photograph of a pair of elderly, wrinkled hands. The hands are cupped together, holding a small, rectangular piece of torn, off-white paper. The paper has a deckled edge and the words "LONG TERM CARE" printed on it in a bold, black, serif font. The skin on the hands is deeply wrinkled and has a warm, reddish-brown tone. The background is dark and out of focus, showing a wooden surface.

Managed Community Long-term Care in Texas Policy Research Project on Managed Community Long-Term Care in Texas,1997

Long Term Care in Florida J. V. Lambert,2004 Florida

has the largest proportion of elderly in the nation 2.8 million persons are over age 65 representing 17.6% of its total population The dramatic rise in the number of persons age 65 and over in Florida over the next 20 years estimated to total 26.3% of total population will further stretch the already limited resources of the state Aware of the pressing demand for long term care services well into the 21 century policymakers in Florida have begun seriously to review options for improving financing and delivery of long term care for the frail elderly and persons with disabilities Federal and state Medicaid spending in Florida was 2.6 billion in FY2001 and 30.5% of Medicaid spending was for long term care In FY2001 75.3% of total Medicaid spending was for institutional care Slightly less than 25% of Medicaid spending was channeled towards home and community based services Although institutional care dominated Medicaid spending there has been slow but steady expansion of home and community based services funding both through the use of Medicaid's waiver programs as well as significant support through state sources Among the major issues facing long term care in Florida are the fragmentation of long term care services among state and local agencies an imbalance in financing that favors institutional care rather than home and community based care shortage of health care workers and well trained staff throughout the long term care and disparities in availability of services across the state

The Continuum of Long-term Care Connie Evashwick, 1996 This vital text offers a conceptual framework for creating an ideal integrated continuum of care as well as concrete information about the components of the continuum as they exist today

Dimensions of Long-Term Care Management: An Introduction, Third Edition Mary Helen McSweeney-Feld, PhD, LNHA, FACHCA, Carol Molinari, PhD, 2023-04-10

Instructor Resources Test bank PowerPoint slides answers to end of chapter questions and case studies sample course syllabi and a transition guide to the new edition Long term care continues to evolve and change especially in response to the global COVID 19 pandemic Dimensions of Long Term Care Management provides a comprehensive overview of this field and how it has been affected by regulatory changes the response to these changes by managers performing their day to day operations and the opportunities presented by the growing use of technology along with skilled workforce shortages Readers will gain a thorough understanding of how long term services and supports are delivered and what it is like to work in this sector The book opens with an overview of long term services supports and systems for coordination of care and care transitions from acute to post acute and long term in light of policy changes The next chapters focus on the importance of taking a population health and health equity perspective in administration of these services as well as support for cultural competence training The book's final section covers long term care community operations leadership and administration of these services legal and ethical challenges and risk management and quality improvement to ensure successful patient outcomes and safety This revised edition includes updated statistics throughout and is aligned with the National Association of Long Term Care Administrator Boards Domains of Practice for Health Services Executives It also features the following updates A new chapter detailing the key business and clinical operations of long term care communities and the
