leads to growth A growth partnered by change at a time when all your focus is on keeping things together battling down the hatches to allow you to weather the storm When the storm passes you find a new you The first thing to suffer was business Not only did I not care about it but I held it partly responsible for some of the damage to my family I was very fortunate to have some people who continued to grind away at their job who offered support in the best way they knew how by doing their job It somehow survived though substantially diminished I have never again really worked at it The new me did not have the capacity for prolonged effort and I became a person of projects Most were purely indulgent others for gain Enough have succeeded so that I do not have an empty box awaiting a tick I have done OK Left / Write // Hook Donna Lyon,2021-09-01
