Looking at Art Peter V. Moak, 2013-05 This guide contains a new approach to looking at and appreciating art One not found elsewhere It makes you aware of abilities you already have to see things in various ways The key to these abilities is what I call the visual ego the place between your eyes from which you see the world The guide then describes a series of particular ways of seeing and making works of art Finally it applies these ways which I call perspectives to works of art painting sculpture architecture and the decorative arts covering a period of some seventy thousand years The results I find to

be amazing including new understandings and appreciation of many works of art and artists and their place in the history of art

Learning to Look Joshua Charles Taylor, 1957 Sometimes seeing is more difficult for the student of art than believing Taylor in a book that has sold more than 300 000 copies since its original publication in 1957 has helped two generations of art students learn to look This handy guide to the visual arts is designed to provide a comprehensive view of art moving from the analytic study of specific works to a consideration of broad principles and technical matters Forty four carefully selected illustrations afford an excellent sampling of the wide range of experience awaiting the explorer The second edition of *Learning to Look* includes a new chapter on twentieth century art Taylor s thoughtful discussion of pure forms and our responses to them gives the reader a few useful starting points for looking at art that does not reproduce nature and for understanding the distance between contemporary figurative art and reality

Looking at Art Philosophically Tom Supensky, 2012-08 The purpose of this book is to present to the reader a series of philosophical ideas that assist in understanding one s position in the world of art and some thinking on art and creativity intended to awaken the aesthetic aspects of making art There is no intention to review historical philosophical concepts nor is there any specific inclusion of contemporary theories on art philosophy What is included are those philosophies important to the developing artist that are more commonplace in nature often neglected in art education yet vitally necessary to the true artist Finally this book is intended to stimulate the reader into asking such questions as who am I why art and what is art It is hopeful that the reader finds an aesthetic foundation a personal and honest place in the world of art
