Looking Back An Immigrant In The New World:

Looking Forward, Looking Back Jana Pohl, 2011 How is the life altering event of migration narrated for children especially if it was caused by Anti Semitism and poverty What of the country of origin is remembered and what is forgotten and what of the target country when the migration is imagined there a century later Looking Forward Looking Back examines today s representation of Jewish mass migration from Eastern Europe to America around the turn of the last century It explores the collective story that emerges when American authors look back at this exodus from an Eastern European home to a new one to be established in America Focusing on children s literature it investigates a wide range of texts including young adult literature as well as picture books and hence sheds light on the dynamics of the verbal and the visual in generating images of the self and other the familiar and the strange This book is of interest to scholars in the field of imagology children s literature cultural studies American studies Slavic studies and Jewish studies **America Beyond Black and White** Ronald Fernandez, 2009-05-14 This book is both powerful and important Powerful for the testimony it provides from Americans of many different and even mixed races about their experiences And important because there is a racial revolution underway that will upend race as we know it during the twenty first century John Kenneth White Catholic University of America America Beyond Black and White is a call for a new way of imagining race in America For the first time in U S history the black white dichotomy that has historically defined race and ethnicity is being challenged not by a small minority but by the fastest growing and arguably most vocal segment of the increasingly diverse American population Mexicans Chinese Japanese Koreans Indians Arabs and many more who are breaking down and recreating the very definitions of race Drawing on interviews with hundreds of Americans who don t fit conventional black white categories the author invites us to empathize with these doubles and to understand why they may represent our best chance to throw off the strictures of the black white dichotomy The revolution is already underway as newcomers and mixed race fusions refuse to engage in the prevailing Anglo Protestant culture Americans face two choices understand why these individuals think as they do or face a future that continues to define us by what divides us rather than by what unites us Looking Backward, Moving Forward Richard G. Hovannisian, 2017-07-05 The decades separating our new century from the Armenian Genocide the prototype of modern day nation killings have fundamentally changed the political composition of the region Virtually no Armenians remain on their historic territories in what is today eastern Turkey The Armenian people have been scattered about the world And a small independent republic has come to replace the Armenian Soviet Socialist Republic which was all that was left of the homeland as the result of Turkish invasion and Bolshevik collusion in 1920 One element has remained constant Notwithstanding the eloquent compelling evidence housed in the United States National Archives and repositories around the world successive Turkish governments have denied that the predecessor Young Turk regime committed genocide and like the Nazis who followed their example sought aggressively to deflect blame by accusing the victims themselves This

volume argues that the time has come for Turkey to reassess the propriety of its approach and to begin the process that will allow it move into a post genocide era The work includes Genocide An Agenda for Action Gijs M de Vries Determinants of the Armenian Genocide Donald Bloxham Looking Backward and Forward Joyce Apsel The United States Response to the Armenian Genocide Simon Payaslian The League of Nations and the Reclamation of Armenian Genocide Survivors Vahram L Shemmassian Raphael Lemkin and the Armenian Genocide Steven L Jacobs Reconstructing Turkish Historiography of the Armenian Massacres and Deaths of 1915 Fatma Muge Go cek Bitter Sweet Memories The Armenian Genocide and International Law Joe Verhoeven New Directions in Literary Response to the Armenian Genocide Rubina Perroomian Denial and Free Speech Henry C Theriault Healing and Reconciliation Ervin Staub State and Nation Raffi K Hovannisian
