Looking For Dilmun:

Looking for Dilmun Geoffrey Bibby, 1970 Dilmun was a land which stretched beyond the confines of Bahrain as far north as Kuwait and as far south as Saudi Arabia The quest for the real Dilmun began when the author revisited Bahrain in order to explore the thousands of undated burial mounds scattered across the country A seasons digging established the existence of a major civilisation dating from around 2300 BC First published in 1969 this fascinating book of discovery tells the story of archaeological detective work with style and humour It is re issued here for a new generation of readers and introduced by Carl Phillips one of the leading archaeologists of the region *Looking for Dilmun* Brenda Jackson, Penguin Books

Search of the Cradle of Civilization Georg Feuerstein, Subhash Kak, David Frawley, 2005-01-01 The book shows that the ancient Indians were no primitives but possessed a high spiritual culture which not only influenced the evolution of the Western world in decisive ways but which still has much to teach us today India s archaic spirituality is codified in the rich symbols metaphors and myths of the magnificent Rig Veda which is shown to be much older than has been widely assumed by scholars The present book also unravels the astonishing mathematical and astronomical code hidden in the Vedic hymns Anyone interested in ancient cultural history India archaeo astronomy or spirituality will find this well researched and cross cultural work spellbinding and enriching **The Sumerian World** Harriet Crawford, 2013-08-29 The Sumerian World

explores the archaeology history and art of southern Mesopotamia and its relationships with its neighbours from c 3 000 2 000BC Including material hitherto unpublished from recent excavations the articles are organised thematically using evidence from archaeology texts and the natural sciences This broad treatment will also make the volume of interest to students looking for comparative data in allied subjects such as ancient literature and early religions Providing an authoritative comprehensive and up to date overview of the Sumerian period written by some of the best qualified scholars in the field The Sumerian World will satisfy students researchers academics and the knowledgeable layperson wishing to understand the world of southern Mesopotamia in the third millennium *Cultural Heritage in the Arabian Peninsula* Karen

Exell, Trinidad Rico, 2016-04-22 Heritage projects in the Arabian Peninsula are developing rapidly Museums and heritage sites are symbols of shifting national identities and a way of placing the Arabian Peninsula states on the international map Global i e Western heritage standards and practices have been utilised for the rapid injection of heritage expertise in museum development and site management and for international recognition The use of Western heritage models in the Arabian Peninsula inspires two key areas for research which this book examines the obscuring of indigenous concepts and practices of heritage and expressions of cultural identity and the tensions between local community concepts of heritage and identity and the new national identities being constructed through museums and heritage sites at a state level **The**

Search for the Paradise Land Michael Rice,1985 **The Secret Astrology of the Bible** Michael Ledo,2010-05-02 The Secret Astrology of the Bible by Michael Ledo is a landmark book that will change the way the scholarly community and the general public views the Bible history and myth Epic in scope this provocative book explores the connections between religious belief and cosmic theory even as it attempts to explain contradictions and irregularities in the text The Bible states Ledo was constructed as a living document with much of its text expanded as time went on If readers stripped away this added material they could actually be left with an Early Bronze Age text over a thousand years older than what is currently accepted by scholars This text suggests Ledo would be a veritable cosmic myth which follows the constellations with stories in a contiguous fashion that combine both history and myth Originally sold as On Earth as it is in Heaven The Cosmic Roots of the Bible **Magan - The Land of Copper** Claudio Giardino,2019-06-13 This volume describes the geography and environments of Oman its rich copper ore deposits and the ancient mining and smelting techniques and it also includes an overview of the physical properties of the different metals exploited in antiquity and of the analytical techniques used in archaeometallurgy **Esarhaddon, King of Assyria** Josette Elayi,2023-02-15 Esarhaddon King of Assyria continues Josette Elayi s narrative journey through the lives of the kings of the Neo Assyrian Empire Using both archaeological and textual evidence Elayi examines the contentious circumstances surrounding Esarhaddon s accession to the throne in 681 BCE his rebuilding of Babylon which had been destroyed by his father Sennacherib his successful campaigns in Media the Arabian Peninsula Anatolia the Caucasus and the Levant and his

ultimate achievement the conquest of Egypt in 671 BCE Throughout Elayi presents a rich portrait of this enigmatic figure whose short but impactful reign was plagued by chronic illness and a complex and ultimately fatal relationship with his court officials Yet through it all Esarhaddon emerges as one of the most scholarly and most politically successful kings of the empire *The Archaeology of the Arabian Gulf* Michael Rice, 2002-03-11 The archaeological remains in the Gulf area are astounding and still relatively unexplored Michael Rice has produced the first up to date book which encompasses all the recent work in the area He shows that the Gulf has been a major channel of commerce for millenia and that its ancient culture was rich and complex to be counted with its great contemporaries in Sumer Egypt and south west Persia
