Looking In For Number One Adventures In Uncommon Sense:

Looking In for Number One (Alan Cohen title) Alan Cohen,2002-08-01 Alan Cohen shares his thoughts dreams humor and compassion in fifty two engaging essays Looking In for Number One Cohen says is about taking our power back from external authorities and living the life we would choose the life that calls us by virtue of the voice of joy within us **A Touch of Love from Heaven** Angel Love,2005-11 Standing in the Great Room at my home I see a rainbow appearing between the mirrors on my living room wall I note that the six colors of the chakra system are in the correct sequence red orange yellow green blue and lilac at the top of the rainbow Looking at my watch the time is 5 50 p m The rainbow disappears and now none can be seen The time is 5 55 p m Next almost immediately two rainbows appear The first one is on the back of the Great Room Wall to the right above the sofa while I stand there facing the mirrors The second rainbow appears on the lamp Both of them contain the six colors of the chakra system in the chronological order I am left wondering if these visuals are the light of God giving me the go ahead for putting my writings into the hands of the people Since the chakra system and the rainbow are both utilized in my writings I believe this sign is from God and no accident State and Federal Marketing Activities and Other Economic Work United States. The House Under the Sea (Musaicum Adventure Classics)

Max Pemberton,2021-05-07 The House Under the Sea is an adventure tale set in the Pacific ocean and told by Jasper Begg veteran sailor who has spent some fifteen years on the ocean Jasper tells the story of the infamous Ken s Island the most fearsome place he came across during his marine life Excerpt He indicated the distant reef which seemed as I bear witness ablaze with lights And not only the reef mark you but the sea about it a cable s length it may be to the north and the south shone like a pool of fire yellow and golden and sometimes with a rare and beautiful green light when the darkness deepened Such a spectacle I shall never see again if I sail a thousand ships That luscious green of the rolling seas the spindrift tossed in crystals of light foam running on the rocks but foam like the water of jewels a dazzling radiance aye a very carpet of quivering gold Of this had they made the northern channel How it was done what cleverness worked it it needed greater brains than mine to say I was for all the world like a man struck dumb with the beauty of something which pleases and awes him in the same breath We were just a little frightened group that stared open mouthed upon a seeming miracle If we regarded the things we saw with a seaman s reverence let no one make complaint of that The spectacle was one to awe any man nor might we forget that those who appeared to live below the sea lived there as Ruth Bellenden had told us because the island was a death trap We were in the trap and none to show us the road out

receive in any other way Day also shows how a large number of the characters in the book are based on real Victorians Wonderland he shows is a veritable Who's Who of Oxford at the height of its power and influence in the Victorian Age There is so much to be found behind the imaginary characters and creatures that inhabit the pages of Alice's Adventures in Wonderland David Day's warm witty and brilliantly insightful guide beautifully designed and stunningly illustrated throughout in full colour will make you marvel at the book as never before Hearings Before the Committee on Un-American Activities, House of Representatives, Eighty-third Congress, Second Session ...
